THE following tract was written by Mary H.
 Knout of Crawfordville, Indiana, when the author
 was in her thirteenth year, and is one of the most
 beautiful ever written—
 They drive home the cows from the pasture,
 Up through the long shady lanes,
 Where the yellow wildflowers bloom in the wheatfield,
 That is yellow with ripening grain,
 They find in the thick waving grass,
 Where the sweet-scented star-berry grows,
 They gather the earliest snowdrops,
 And the first crimson buds of the rose.
 They toss the hay in the meadow,
 They gather the daisy bloom white,
 They find where the dusky grapes purple
 In the soft tinted October light.
 They know where the apples hang ripest,
 And are sweeter than Italy's wines;
 They know where they pluck the thickest
 On the long thorny blackberry vines.
 They gather the delicate snowdrops,
 And build tiny castles of sand,
 They pick up the beautiful sea-shells—
 Fairy banks that have drifted to land.
 Where the oriole's hammock nest swings,
 And at night-time are folked in slumber
 By a song that a fond mother sings.
 Those who toil bravely are strongest,
 The humble and poor become great;
 And from those brown-hatted children
 Shall grow mighty rulers of state.
 The pea of the author and statesman,
 The noble and wise of the land,
 The sword and the chisel and palette,
 Shall be held in that little brown hand.

County Council.

(Concluded from the Owen Sound Adver-
 tiser.)
THURSDAY, 10 A. M.
 The Warden read a communication from
 Mr. Masson, Master in Chancery, relative
 to office; from Inspector of Schools for
 North Grey; from Mr. Brown, J. P., of
 Markdale as to a lock-up at that place; and
 from the County Clerk asking an increase of \$100
 to his salary.
 Mr. Middleton presented his report as
 County Director of the T. G. & B. Railway,
 which was adopted.
 Mr. Sing presented Report No. 1 of the
 County Property Committee, recommending
 among other things, the placing down
 of eleven sink traps in the jail, at a total
 cost of \$11.40. The Report was then
 adopted.
 Moved by Mr. Middleton, seconded by
 Mr. Fleming, That no grants be made to
 the roads and bridges of the County this
 session.
 Moved in amendment by Mr. Cleland,
 seconded by Mr. McNeill, That the motion
 lie over till the Report of the Road
 and Bridge Committee be presented.—Carried.
 Mr. Cameron presented Report No. 1 of
 the Road and Bridge Committee, recom-
 mending among other things, that no
 grants be made to County boundary lines;
 also refusing the grants asked for yester-
 day.
 Moved by Mr. Sing, seconded by Mr.
 Reid, That the Report be adopted.
 Moved in amendment by Mr. Cleland,
 seconded by Mr. McNeill, That the Re-
 port be referred back to the Committee
 with instructions to recommend the pay-
 ment of \$6.81, over expended by the Reeve
 of Menford in 1879 in repairing County
 gravel roads.
 After some discussion the yeas and nays
 were called on the original motion to adopt
 the Report, which was carried on a vote of
 25 to 14.
 The Council went into Committee of the
 Whole on Report No. 2 of the Finance
 Committee, Mr. Knott in the chair.
 The Report recommended, among other
 things, that \$200 be granted to each of the
 three Riding Agricultural Associations; that
 no grant be made to the Ontario Rifle
 Association; that no grant be made to the
 Ontario Rifle Association; that the present
 Hawker and Pedlar By-law be either amend-
 ed or repealed, and the County Solicitor
 be instructed to draft another.
 On a motion to adopt a clause recom-
 mending the grant of \$200 each to the Agri-
 cultural Associations, Mr. Middleton moved
 in amendment that the clause be ex-
 punged, which was lost.
 Moved by Mr. Middleton, seconded by
 Mr. Reid, That the grant be \$300, and that
 it be divided among the three Ridings in
 proportion to their equalized assessments.
 Lost.
 Moved in amendment by Mr. Jolly, second-
 ed by Mr. Reid, That a special grant of
 \$25 be made to the township of Melancton.
 "Who," he asked, "is that insatiate
 ogre that threatens such annihilation to all
 the labors of our cooks?" Accordingly one
 of the suite was despatched to him. "His
 Royal Highness the Duke of Orleans de-
 sires the yellow domino to unmask." But
 the domino begged to be excused, pleading
 the privilege of masquerade. "There is a
 higher law," replied the officer; "the royal
 order must be obeyed." "Well then," an-
 swered the incoherent, "if it must be so, it
 must!" and unmasking, exhibited the rudely
 visage of an Irish trooper.
 "Why, in the name of Polypheemus!"
 exclaimed the Regent, as he advanced to
 him, "who and what are you?" "I have
 seen you eat and drink enough for a dozen
 men, and yet you seem to be as empty as
 ever."
 "Well, then," said the trooper, "since
 the sayeret must come, please your Royal
 Highness, I am one of Clare's horse—that's
 the guard of honor to-night—and when our
 men were ordered out we clubbed our
 money to buy a ticket and agreed to take our
 turn at the supper table, turn and turn
 about."
 "What!" exclaimed the Duke, "the
 whole troop coming to supper?"
 "Oh, it's aisy, please your Highness, sure
 one domino would do for all of us, if she
 tuk it in turn. I'm only the eighteenth
 man, and there's twelve more of us to
 come."
 The loud laughter of the jovial Duke,
 probably the heartiest he had had for a long
 time, was the response to this explanation,
 followed by a loud d' or to the dragon,
 and a promise to keep his 'sayeret' till the
 entire troop had supped.
 The Superintendent of the Institution for

 charged a small annual fee; those who are
 not are educated at the expense of the

 Messrs. Thompson and Laidlaw recently
 sold their tract of timber land in Torosom-
 to, 1,800 acres, for \$50,000. The land is
 on the Pine River, a short distance from

 Several other members could not support
 the grant of \$200, when Mr. Cameron
 agreed to reduce the amount to \$100. A
 vote being taken on this the motion was de-
 clared lost.
 Mr. Middleton presented Report No. 1 of

County Council.

Education Committee, on which the Coun-
 cil went into Committee.—Mr. McKechnie
 in the chair.
 Clause 1 recommended the payment of
 \$24 to the Inspector of Schools for East Grey
 in connection with arbitration in Union
 School Sections.
 Dr. Christie moved that the amount be
 not paid. He considered that the work
 done came within the duties of the Inspec-
 tor for which he was being paid by the
 Council.
 He considered the Inspectors were too
 well paid for their services, as they got \$186
 each from the Council for travelling expen-
 ses and paper, and this would more than
 double over the cost of these.
 Mr. Ganeys said he knew something about
 the arbitrations in question, and in two of
 the cases at least they were wholly uncal-
 led for.
 Messrs. Middleton and McCallum favored
 payment of the account.
 Dr. Christie's motion not to pay the
 account was then put and declared car-
 ried.
 Clause 2 recommended that as to the
 seating asked for by the Inspector of North
 Grey for teachers' examinations the matter
 be laid over till further information was
 obtained as to the cost involved, and was
 passed.
 Mr. Cameron presented Report No. 1 of
 the Road and Bridge Committee, recom-
 mending among other things, that no
 grants be made to County boundary lines;
 also refusing the grants asked for yester-
 day.
 Moved by Mr. Sing, seconded by Mr.

 Mr. Middleton presented Report No. 1 of

County Council.

taken away by the incorporation of Wiar-
 ton.
 The Warden objected to the legality of
 the By-Law on the ground that the rate
 was not definitely determined in it.
 The By-Law was passed.
 By-Law No. 285, to impose a license on
 hawkers and others, was filled in by mak-
 ing the license fee \$25, and the fine for vi-
 olatin the By-Law \$25, or ten days in
 jail.
 The Committee then rose and the By-
 Laws were read a third time.
 Moved by Dr. Christie, seconded by Mr.
 Murdoch, that the motion made by Mr.
 Middleton on Wednesday last instructing
 the Treasurer to credit each municipality
 with any interest that may accrue on any
 balance or monies to its credit before the
 maturity of the rates for the year, be re-
 scinded.—Carried.
 The yeas and nays being called for on
 this motion were 29 to 7.
 Moved by Mr. McNeill, seconded by
 Mr. Murdoch, that the Warden and
 Reeves of Egmont and Normanby meet
 whoever is appointed by the County of Wel-
 lington to arrange matters between that
 county and this one, arising out of the an-
 nexation to Mount Forest of parts of Eg-
 mont and Normanby.—Carried.
 Moved by Mr. August, seconded by Mr.
 Kerr, that the opinion of the Solicitor be
 taken as to whether the townships of the
 county is liable for what are now termed
 county gravel roads and bridges.—Carried.
 Mr. Cleland presented Report No. 1 of
 the Printing Committee, recommending,
 among other things, that the account of
 Jerome Farewell, of the Thornbury Union
 School, be not paid.
 Moved by Mr. McColman, seconded by
 Mr. Davis, that the clause recommending
 the non-payment of the account of Mr.
 Farewell be struck out and the amount
 paid.—Lost.
 The Report was adopted, and Mr. Sing
 presented Report No. 2 of the County
 Property Committee, recommending that
 \$105 rent be paid to the Master in Chan-
 cery, and stating that no office could be fur-
 nished him in the Court House.—Adopted.
 The Council then adjourned till the
 second Monday in December, at 7 o'clock
 P. M.
 SARUMDAY, 9 A. M.
 Owing to a mistake in the By-Law No.
 288, to levy a rate under By-Law No. 174,
 known as the By-law grouping the munici-
 palities in aid of the Toronto, Grey and
 Bruce Railway, the Warden called a special
 meeting of the Council at the above hour.
 With the exception of some four or five, the
 members were all present.
 Before commencing business the Clerk
 read the following opinion from the County
 Solicitor respecting the County gravel
 roads:
 "The County having repealed all its By-
 laws assuming certain roads as county
 roads I am of opinion that the county is
 not bound to maintain any road in the
 county except roads opened and establish-
 ed by By-laws of the County, which roads
 may be known as deviations of the county
 gravel roads.
 "In regard to bridges and their approach-
 es for 100 feet it is the duty of the county
 erect and maintain bridges and their ap-
 proaches over rivers forming or crossing
 boundary lines between two municipalities
 within the county, and in the case of a
 bridge between this and another county it
 is the duty of the two counties to build and
 maintain the same.
 "For neglect to build and maintain such
 bridges the county would be responsible.
 See Municipal Act, R. S. O., chap. 174, sec.
 495, and 43 Vic. chap. 24, sec. 18."
 The Warden then gave his reasons for
 calling the Council together, stating that the
 error arose from last legislation, and that
 he had referred to it at the time the By-law
 was being passed.
 After explanation by several of the mem-
 bers, Dr. Christie introduced By-Law No.
 286, to levy a rate on the municipalities
 grouped under By-Law No. 174, which was
 read a second time.
 The Council went into committee of the
 whole on the By-law, Mr. McKechnie in
 the chair, when the different clauses were
 passed, after which the committee rose and
 the By-law was read a third time, the stand-
 ing rule being suspended for that purpose.
 Mr. McLean introduced By-Law No. 287
 to repeal By-law No. 283, which was read
 a second time, after which the Council
 went into committee on the By-law, Mr.
 Cameron in the chair. The By-law was
 passed, after which Committee rose and the
 By-law was read a third time, the stand-
 ing rule being suspended.
 The Council then adjourned.
 Of the Thunder Bay district a correspond-
 ent writes to the *Straitsford Herald*:—There
 are great tracts of good loam soil 20,000
 acres in extent to be given out as free grants,
 160 to each settler. The large timber hav-
 ing been burned off in great part, though
 plenty still remains for fuel and rails, the
 land can be cleared entirely free of stumps
 at a trifling cost, compared with what is
 known as "bush farms." There are al-
 ready about one hundred settlers engaged
 in farming, who raise excellent crops of
 everything that is ordinarily grown in On-
 tario.
 Confable Briggs has secured some of the
 best near Paisley, used by Robert Black for
 making counterfeit coin.
 More gold has been discovered in the
 Lake of the Woods.

How to Remove Stumps.

The editor of the Michigan Farmer then
 describes the method of using the giant
 powder for clearing out large stumps, with
 the costs and results: We shot Mr. John
 Carpenter, with an ordinary split market
 lasket upon his arm, in which were his
 cartridges, like long, yellow-colored, thick
 about an inch and a half in diameter, about
 a dozen in number, and a coil of fuse that
 looked like a piece of thin twisted wirecord.
 He had a box of gun caps also, which fitted
 upon the end of the fuse. At a distance
