A Line Fence.

Many years ago Jacob Waters was a slave in Baltimore county, Maryland. couple of years before the rebellion he made I is way to Canada, and settled in Toronto 19 1816. He had saved a considerable sum c. money, and in 1854 he purchased a little cuttage and lot, No. 200 Centre street, from labor was the penalty inflicted on a young named Brown bought the property ad- frightening a number of children as they joining, and the two men improved their left Sunday School. purchases as much as possible. Waters followed the calling of a whitewasher, and Maitland about three miles from Newry, being of an industrious turn and business Perth, fell down on the 4th instant, two being good he soon found himself in com- days after it was inspected and taken off fortable circumstances. Frown sold his the centractor's hands. property to a Mr. Nicholls, of the firm of Riordan & Nicholls, about four years ago, and from that time Waters troubles dates. When Brown purchased his lot, Waters, to oblige his friend, grapted him But I never make an ass of myself, like a piece of land, two feet by fourteen feet, you do.' 'Gentlemen,' said a bystander, so that he might get his cart in and out of 'such near relatives ought never to talk his yard. When Brown sold Waters took | politics in public.' back the land. Nicholls then claimed that | The New York Central and Hudson Riv-Water's fence was seven inches on his pro- er railroad company has given an order for derty. Waters denied this, and asked Mr. 15,000 tons of rails fromCammells works at R. Fraser a lawyer, to look over his papers. Sheffield, England. The rails will be de-Mr. Fraser took the papers, and, according livered at New Yerk at lower prices than court without having been instructed to do can foundry. so. The matter was submitted to arbitration, and Mr. Unwin surveyed the property. He found that Water's fence was built on \$10,000 to build a branch to that town, on the live, but that it leaned on Nicholls' side. This settled the matter so far as the sued for costs, and Mr. Chas. Durand defended Waters taking up the case for \$3. Judgement went against the latter, and he settled in court, Then Nicholls' lawyer with a writ, issued by a Toronto lean firm, came upon Waters for costs, and Mr. Dur- calling upon the town of Berlin to show and was found opposed to Waters. The lat- cause why the said corporation should not tar neglected to attend court, and was ar. pay the Rev. John George Euler the sum rested on the county Judge's warrant and of \$3,000 damages for injuries sustained by put in gaol. Having a little money at slipping or falling off a sidewalk which was home and a small sum in the bank, he sat- in a dangerous state and condition. i fied Mr. Durand's demand and was libera ce. Nicholls' costs still remained un- are more than 50 square miles in extent, peld, and the case was given to the sheriff with working veins extending through 800 Last Westensday Waters was notified to va- feet as tested by diamond drills. The este his property as it had been sold. Re- workings at present actively employed fasing to do so, when he returned from range from one and a half to ten miles, work or Thursday he found his effects in and are now producing 800 tons daily, the gutter, and be and his wife without a which may be increased without extra exroof to cover them. Waters is an old man pense to 2,000 tons. The coal is bituminus sixty two years of age. He said that he had never instituted legal proceedings, and could not understand why he had been forced into paying costs. He has been left without a penny in the world, and is too old to begin life anew. He had worked hard to get possession of the little place in Centre street, had stinted himself in many ways to carry out his plans, and just as he was about to settle down in comfortable old age the line fence difficulty came up

### Amber.

he still holds the deeds .- Toronto Mail.

Pliny, the naturalist wrote that amber was two hours, without the interruption of traific. the fessil resin of an extinct cone-bearing tree, and modern science can say but little The German Government at ove time claimed all the amler, even that found by the peasants in plowing, the find er receiving one-tenth of its value. For one piece weighing eighteen pounds, now in the Berlin museum, the finder received \$1,000. During stormy weather much amber is thrown up by the sea. The total quantity found is on the decrease. Prof. Zaddeck, of Konigsberg, concludes that the trees yielding the amber resin must have grown apon the green sands beds of the creatace as formations. Many insects and may be detected by the use of the electrom. have a railway for her political purpose erally yell w, it cecurs in all shades from viding the capital for the Canadian Pacific pure whate to black.
