

Great Storm in England.

GREAT DESTRUCTION TO PROPERTY. LONDON, Oct. 28.—A terrible south-west gale is reported from Plymouth last night.

A great storm has been raging in Dublin since yesterday. Much property has been destroyed and fifty families in the suburbs of the city rendered homeless.

Accounts of the severity of the storm are coming in from all parts of the Kingdom. At Bradford there was rain and snow, and railway traffic was impeded at Leicester.

The Grand Trunk Railway.

The half yearly meeting of the Grand Trunk Railway was held in London on Thursday. The report stated that the half year ending June last had three months and the last week were respectively the best in the Company's history.

Almost every New England village of much prosperity has its Society for Promoting Rural Improvement, the work of which is to induce and direct tasteful architecture and gardening.

MISCELLANEOUS.

A train on the Memphis and Charleston Railroad was stopped by a man who gave a danger signal with a flag.

A young lady who has been married a short time lately told a "bosom friend" that there was one thing more astonishing than the readiness with which her lover gave up smoking when they became engaged.

A Southern Contemporary has the following under the head of "A Misconception": "Two poor men from the Isle of Skye, on their way to the Lowlands, entered the English church, Inverness, one Sunday.
