Durham, December 16, 1880.

-The House of Commons, after the bate on the address, commenced the discussion of the Pacific Railway Contract on

Tuesday. Owing to want of space in this

is ue, we are obliged to reserve our summary of the debates until next week. -In view of the disastrous legislation | flourish and produce good fruit in the Unicontemplated by the Government in the ted States, a country possessing all the

the better.

THE RAILWAY BARGAIN.

The full text of the bargain made by the fatly contradicts the published statements

The Government subsidizes the Company ans as well as the people of Ontario, with with \$25,000,000 and 25,000,000 acres of the exception of a handful of monopolists. fertile hand. The situation of this land is Query :- Does Sir John and his friends at the discretion of the Company. It must | maintain that the tariff has promoted the be fertile, and if any swampy or stony lots should fall to them, they have the power ber; the product of grain; the develope. of last week. The church was well filled. Mr. Nicol's two statements and 'Presby- and all present were well satisfied with the wherever they please. We have already showed that, after all reservations are made for the Hudson Bay Company, schools, &c., very little good fand would probably be left on this side of the Rocky Mountains for the benefit of the actual settler at a is the best in the County. rea onable price. Now there can be no question about it.

2. The Government engages to hand order, the British Columbia section from Yale to Kamloops when finished, and to build a branch from Yale to Port Moody, ninety miles in length. These several sections when completed will cost about \$35. 000,000, which, together with the bonus of \$25,000,000, and 25,000,000 acres of land at \$2 per acre will make a grand total of \$110,000,000 as the price paid down by Canada for the construction of the Pacific Railway. Last April, Mr. Sandford Flem-

3. The Company will have the privilege served from 6.80. of constructing branch lines at pleasure, or to have land for the track, station grounds. Durham via Stratford, a fresh supply o &c., free of cost, and no railways shall be new currants, new raisins, new lemon peel, chartered in the North-West for twenty and all other kinds of groceries cheaper years but such as will serve as feeders to than ever at E. & A. The origin of making business and is going out of that end cannot be seen.

ty of any kind should send their name and in a similar manner in this part of late.

CONGRESS AND PROTECTION.

Our neighbours of the United States have subjected themselves to an extremely protective tariff for nearly a quarter of a century. Everything imported from abroad

for the avowed purpose of compelling the wards the enrichment of a peculiar class. Of course if one article was protected, so must every other. If the cotton goods worn by the natives of North Carolina are heavily taxed so as to keep the cotton mills of Massachusetts going, so must be the peanuts of Carolina, and the silks of New Jersey, the hair pins of Connecticut, the iron of Pennsylvania, the copper of Mich gan, and so on all round. This is who Bastiat calls reciprocal brigandage. And if successful anywhere, this system should
