The Trial of Nihilists.

THEY ARE ALL CONDEMNED.

ST. PETERSBURG, April 9.—In the trial of the Nihilists implicated in the assassination of the Czar, the president of the court asked whether the prisoner wished to say anything. Ruzskoff spoke for half an hour. He said he primarily desired to agitate peacefully, but entered the late conspiracy seeing no other way out of the social troubles. Machaloff said he belonged to the terrorist faction party, but denied Ruzskoff's statement. He participated in the arrangements for the murder of the Czar. Hesty Helfman acknowledged she kept a conspirator's lodging house which was the depot for their implements; but denied actively participating in the Czar's assassination. Khabaloff, a devoted connection with the "will of the people" party; their wish, he said, being to gain the objects by peaceful propaganda, but they were reluctantly obliged to adopt terrorist measures. He admitted preparing the five bombs. Sophie Piefosky avowed participation in the preparation of the Moscow mine and in the murder of the Czar. Jeliaboff fluently related with diabolical satisfaction the history of the two Alexandrofsky mines. He said he was the head of one group of the party who was charged by the Executive Committee with organizing the attack by bombs, and was connected with the Sadowa street mine as a simple worker.

The court was largely occupied in the scrutiny of material used by the assassins. Great excitement was caused by the production of two bombs similar to those which killed the Emperor. Some large cylindrical tin cases filled with dynamite discovered at the house of Jeliaboff and Sophie Piefosky, and several plans of St. Petersburg, showing the place of the Grand Duke Michael, Michael Menage, Engrenstreet, St. Catherine Canal, Little Gardenstreet, and other points connected with the assassination of the Czar, Jeliaboff and Sophie Piefosky refused to answer several questions. The court asked the accused if they had any further defence, and they replied in the negative. The court retired for consultation, and after three hours' deliberation they returned the verdict of guilty against all. Sentence of death by hanging was pronounced on Sophie Piefosky. The sentence will be submitted to the Czar for confirmation, because she is of noble birth.

MISCELLANEOUS.

Pears, plums, peach and cherry trees have been badly injured by the cold in the vicinity of Walkerton. A valuable quicksilver mine has been discovered within forty miles of Victoria, British Columbia. The freshet has caused the destruction of many lives and much property in the city of Malaga, in Southern Spain. The Elora Mechanics Institute, which has a fine library, recently received donations of 360 books and \$100 in cash. Mr. Bradshaw was re-elected on Saturday to represent Northampton in the House of Commons by a majority of 125. A real fox hunt took place in Maidstone on the 31st of March, in which no less than seven foxes were found, pursued and killed. Goderich population has fallen off 133 during the past twelve months—according to the assessors. This looks bad for the N. P. Puslinen has perhaps the tallest man in the county of Wellington, in the person of Mr. John Hewitt, who stands six feet and eight inches high. With the approach of Spring, Biliary Complaints prevail that often lead to serious results. Guard against their attack in time by using Burdock Blood Bitters; the best Liver Invigorator, Kidney Corrector, Regulator of the Bowels and Secretions, and the purest, most permanent Tonic in the world. For sale by all dealers.—b162.

The first step has just been taken in Russia towards representative institutions, at least in the leading cities. A late dispatch says the Council of St. Petersburg will consist of a member of each of the 228 city districts, and will be elected by the vote of all the landlords and independent tenants. It is understood that the Council will decide by majority votes on all measures submitted to it by the Commandant, and the decision of the Emperor will be executed on receiving the Council's sanction. According to the latest information, the prediction that the Syndicate would choose routes for the Pacific Railway far south of all the routes selected or even tried by the Government engineers is coming true. Instead of crossing the Little Saskatchewan at Odanah or Minnedosa, the route finally chosen is to cross the Assiniboine some distance below the junction of the Little Saskatchewan. By bringing the main line so far south a point will be reached—and that not very far west from Red River—where the distance direct to Pembina will be no greater than to Winnipeg, and if the Winnipeggers think the traffic is going to travel along two sides of a triangle to get to the frontier when it can reach it by travelling along the third side they will find themselves very much mistaken. Even Pembina will ultimately cease to be the objective point on the frontier, for the most direct line across the frontier to the Syndicate's present outlet will be by a point far west of Red River.

If we can't annex Canada we can coax 55,000 immigrants away from her each year and make the rest wonder what they have to induce them to remain.—Detroit Free Press.

Hagyard's Pectoral Balsam is a purely vegetable healing balsam. It cures by loosening the phlegm and corrupt matter from the Lungs and expelling it from the system. Croup, Asthma, Bronchitis, Hoarseness, and all pectoral diseases yield to it promptly. It costs 25 cents per bottle.—b162.

Mr. W. H. Palmer, the well known field geologist, has been examining the mineral regions of northern parts of Addington and Frontenac. He thinks the silver deposits are fully equal to those of Nevada.

A RARE CHANCE.—Any one having a good horse, spring wagon, single or double set of harness to exchange in whole, or part, for a new first-class Cabinet Organ or Piano, or a second hand Organ, should send their address at once to J. J. W. Simpson, Owen Sound.—b162.

A cough is usually the effort of Nature to expel some morbid matter irritating the air passage of the lungs. It may however, proceed from an inflamed or irritable condition of the throat, a slight rash or humor often being perceptible. Let the cause be what it may, the remedy should be Hagyard's Pectoral Balsam. A purely vegetable Balsamic throat and lung healer. For sale by all dealers in medicine, at 25 cents per bottle.—b162.

THE EARTHQUAKE IN TURKEY.—Chios, April 9.—A medical commission is considering the expediency of covering the rubbish in the fortress with earth, as there is no hope of saving any lives and the disinterment of the dead might produce an epidemic. It is now believed that throughout the whole island, which contained 70,000 inhabitants, 6,000 or 7,000 were killed and 25 per cent. of the survivors wounded. The French, British, United States and Austrian gun vessels in the harbour are doing all in their power to assist the authorities in the work of relief. Only ten inhabitants of Chios were killed, but many houses are in ruins and 30,000 people are without shelter.

In the Whole History of Medicine No preparation has ever performed such marvellous cures, or maintained so wide a reputation as AYER'S CHERRY PECTORAL, which is recognized as the world's remedy for all diseases of the throat and lungs. Its long continued series of wonderful cures in all climates has made it universally known as a safe and reliable agent to employ. Against ordinary colds, which are the forerunners of more serious disorders, it acts speedily and surely, always relieving suffering, and often saving life. The protection it affords, by its timely use in throat and chest disorders, make it an invaluable remedy to be kept always on hand in every home. No person can afford to be without it, and those who have once used it never will. Free their knowledge of its composition and effects, physicians use the CHERRY PECTORAL extensively in their practice, and frequently recommend it. It is absolutely certain in its local effects, and will always cure where cures are possible.

For Sale by All Dealers.

How to Make Money. In the first place, take care of your health, use Wilson's Wild Cherry for Coughs, Colds, Bronchitis, Whooping Cough, Croup, Catarrh, or Loss of Voice. It will never fail you. See certificates from well known parties on inside wrapper. There is no contradicting this evidence of its great virtues. Be sure and get the genuine in white wrappers and we guarantee perfect satisfaction. After it has cured you, don't fail to recommend it to your friends; it is your duty to tell others what it has done for you.

Guibourt's Parisian Balm is a sure cure for Cracked Hands, Cracked Lips, Roughness of the Skin, &c. Sold by Druggists at 25 cents.—b162.

For Easter Cards call at Donaghy's.

DEATHS.

MACDONALD.—At the residence of his son A. H. Macdonald, Guelph, on Tuesday, the 25th inst., after a long illness, which he bore with the utmost Christian resignation, Archibald Macdonald, a well known and respected citizen of the County of Wellington, in his 96th year.
