Mr. George Stephen has definitely resigned the Presidency of the Bank of Montreal. A boot and shoe manufactory in Walkerton wants a bonus of \$3,000 and exemption from taxation for five years. A cow belonging to Jonas Sedore, of Flinton, a few days ago gave birth to four calves. Only one survived. A large number of sheep are dying in the neighbourhood of Falgout of some disease which so far has baffled all efforts to control it. A man named McWhirter was instantly killed by a falling tree near Hillsdale recently. He was a resident of the township of Chinguacousy. John Brown, of Charing Cross, had one leg badly crushed and the other broken in three places by a tree falling upon him while out chopping in the woods. Several exchanges complain that contrary to law, many farmers allow hick-knut to exist in their orchards. The disease is contagious, and is apparently rapidly spreading. A Midland Railway brakeman named Goodfellow came very near being decapitated at Peterborough the other day by a telephone wire which had been strung too low over the track. Mastheading (Algonia) had its first eruption on the 23rd ult., when Alex. Brinkman's harness shop, Bradley's blacksmith shop, Basingthwaite's cabinet factory, and Kribs' dwelling were destroyed. The origin of the fire is a mystery. The reported agreement for the sale of the Grand Junction Railway to the Grand Trunk is confirmed. The bonds are valued at \$500,000, and will be taken up at 92 1/2 by the Grand Trunk, which will, of course, purchase the rolling stock, valued at \$100,000 more. A Sarnia Model School boy was threatened with a thrashing for fighting and locked up in a room until his teacher could get time to administer the promised chastisement. The lad did not relin the prospect, and made his escape from the room by jumping out of the window to the yard below, a distance of thirty feet. He has not been seen since either at home or at school. The North Shore Miner of the 10th inst. announces that Mr. James K. Walker has discovered a valuable iron deposit within ten miles of Prince Arthur's Landing. The extent of this bed of iron is said to be very large, extending for nearly a mile along a high bluff. The quality of the ore has not been tested by assay, but it has the appearance of being a very rich magnetic. When doctors disagree who shall decide? The people often decide by "throwing physic to the dogs," and trying Burdock Blood Bitters, and it is a result always satisfactory. Burdock Blood Bitters is the most perfect of all medicines, curing all diseases of the Blood, Liver and Kidneys. A trial bottle only costs 10 cents. A dollar bottle may save you many dollars in doctor's bills. On the 11th inst., about daybreak, says the Recorder, Henry, Bridget Scully, a young woman about twenty-five years of age, daughter of Mr. John Scully, of the township of Brougham, made a desperate attempt to murder her father while he slept in bed. She had risen some time before and lighted the fire, so as to heat a quantity of water, which she dashed over him without warning. Fortunately his eyes were closed, or he probably would have been blinded, as the hot water scalded his face so that the skin peeled off. The pain woke him instantly, and he at once began to tear his shirt off; but before he could do so, his neck and one arm down to the elbow were also terribly scalded. Bridget then struck at him with an axe, and inflicted an ugly wound on the back of his head. Without waiting to put on his clothes, Mr. Scully rushed out of the house and made his way to his brother's place, a few acres off, closely pursued by the demented woman. She was secured and prevented from doing any further mischief, and on the following Monday was lodged in Penitentiary for safe-keeping.

Do not drug the system with nauseous purgatives that only debilitate. Burdock Blood Bitters is nature's own Cathartic, it acts at once upon the Bowels, the Skin, the Liver, and the Kidneys, removing all the secretions to a healthy action. It purifies the Blood and cures all Humors, even the worst of Scrofula, and tones up the Nervous and Debilitated. -1165. While a man was removing the remains from the old English cemetery at London to Woodland the wagon upset, and the coffin rolled into the ditch. The Liver is the grand purifying organ of the system; when inactive or obstructed blood and ill health are certain results. Burdock Blood Bitters cures all diseases arising from disordered Liver, Stomach, Bowels or Kidneys, purifying, restoring and strengthening. It regulates the Bowels, cleanses and enriches the Blood, and imparts tone to every organ of the body. Trial Bottles 10 Cents. -1168. The final details of the settlement of the long pending question of the Greek frontier have been agreed upon. The surrender of the ceded territory is to be completed within six months. Muselmans living in the ceded territory will be exempt for three years from service in the Greek army, and may afterwards continue to remain Turkish subjects. All the powers agree to ratify the Convention. Hall's Vegetable Sulfur Hair Restorer is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores grey hair to its original color. It makes the scalp white and clean. It cures dandruff and humors, and falling out of the hair. It furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft and glossy, and is unsurpassed as a hair dressing. It is the most economical preparation ever offered to the public, as its effects remain a long time, making only an occasional application necessary. It is recommended and used by eminent medical men, and is officially endorsed by the State Assayer of Massachusetts. The popularity of Hall's Hair Restorer has increased with the use of it for many years, both in this country and in foreign lands, and it is now known and used in all the civilized countries of the world. FOR SALE BY ALL DEALERS. Brutal Outrage. A case has come under our notice where the inhuman father of a most promising child suffering from a violent attack of Cholera, which threatened every moment to terminate fatally, actually refused to spend 25 cents upon a bottle of Wilson's Compound Syrup of Wild Cherry, although assured by a neighbor that she knew it would give the little sufferer immediate relief and effect a speedy cure. Wilson's Wild Cherry cures Coughs, Colds, Bronchitis, Catarrh, Whooping Cough, Cold in the Head, &c., and has saved many from Consumption. See certificates from well known parties on inside wrappers. Ladies, if you wish to keep your hands soft and white, and your complexion clear and transparent, use Gubour's Parisian Balm. It cures Chapped Hands, Cracked Lips, Tan Freckles and Sunburn. Price 25 Cents. Sold by all Druggists. -1163.

WALKERTON FANNING MILL WORKS. R. H. McKay, Proprietor. Still and always to the Front. While politicians have been discussing the question of Free Trade and Protection, the ever-enterprising proprietor of the Walkerton Fanning Mill Works has been busy adding improvements to his already celebrated First Prize Machinery, which has long been busy adding to the reputation of the mill, and is now ready to receive the highest market price for its produce. It will save Grass and Clover Seed perfectly, thus enabling Farmers to furnish their own Grass and Clover Seed, which cost them so much money yearly. These improvements ought to be of the greatest importance to the farmer, more especially as all the grain he grows has to pass through the fanning mill, and if well cleaned, he will receive the highest market price for his produce. For particulars apply to R. H. McKay, Walkerton, May 19th, 1881. -1167

Township of Egremont. COURT OF REVISION. The Court of Revision for the Township of Egremont, for the current year 1881, will be held at the Town Hall on Monday, the 30th May, 1881, at 7 p.m. ROBERT LEGATE, Township Clerk. May 13th, 1881. -1167

Free from Obnoxious Weeds that cause labor and yield nothing in return. I would likewise call your attention to the late improvements which I have made for Saving Grass and taking Clover & Chaff which I warrant it will do perfectly, thus enabling Farmers to furnish their own Grass Seed.
