-North Ontario has returned Mr. Ma dill the conservative candidate for the On tario Assembly at the election held on Sa urday last by a majority of 19. This un fortunate result is attributed by those who know, to indifference on the part of the Reformers, and defective organization.

-The Southern and Western parts attacks are incessantly made by the peasand every means is resorted to for the purthe working of the Correion Act. Many Clergymen have joined the movement and lend the rioters countenance by their pres The state of the country is such that the Government are considering the advisability of suppressing the Land League as the arrest of the most violent among the agitators does not appear to do much good in the way of restoring order.

-The Meaford Monitor has passed into the hands of Messrs. Watson and McLaren. The Monitor has recently claimed to be an in lependent newspaper in politics, and we must say, that it has been more consistent with this profession than many others that make loud claims of independence. The new proprietors say that they will continue to preserve an independent position, and to advocate whatever measures of public policy may be in the best interests of the persevere in its attempt, for we have no doubt that if always faithful to the dictates of reason it will soon come to advocate the policy of the REVIEW and other distinguished members of the Fourth Estate.

In the last letter received from this correspondent new matter was brought up, and as we found necessary to close the discussion, it could not of course be published. We may here say, that as school discipline is a matter of very great importance and one which is very imperfectly understood generally. W will gladly publish any communications on this subject from Teachers or others interested in the cause of education, provided always, that our correspondents will observe two things-brevity and avoidance of personalities.

HONOR ROLLS .- We have been in the habit of publishing occasionally "hono rolls" of rural schools; but they are now coming in so fast that we must discontinue their publication. Teachers will see that if each of the schools in North Grey sent us monthly a classified list of the standing of all their pupils, down to the toot of the legitimate news. We shal always be happy to assist our schools by publishing items of
