ARRANGING A NEW PLOT TO KILL

Reports have been received in Vienn from St. Petersburg announcing the covery of a fresh conspiracy against the lite of the Czar, and the capture of the co spirators-21 in number. The entire band was surprised by the police while holding a council and settling the details of the tonded murder. The conspirators were assembled in a chambre garnie situated in the Sabatkanski Prospect. A carpenter, who lodged in an adjoining apartment was able to overhear the deliberation of these Nilulists, and at once informed the police of the nature of their discussions. Thereupon the landle dy of the chambre garnie was summoned before M. Baranoff, the head of the Police Department, who order- from ed ber to conceal a high officer of police in a spot, where at the next meeting he could overhear everything without being himself stant visible. A lieutenant-colonel of police who was selected for this duty hid himself in the conspirators' chamber behind some furniture. At the same time a consider were posted in and about the pistol shot they were to hasten to the apart Czar. The crime was to be carried present at the meeting. At this ed the entire band of would seventeen, who are still studying at the Gymnasia.
