cauts for Teacher's Certificates et the late examinations is much commented upon. Naturally a good deal of chagrin will be felt by those who have failed, and if their failure has been due to any other cause than incompetency the matter should be investigated. Every applicant has the right to appeal against the decision of the examiners, when the papers are re-exammed and any wrong done is put right Some allege that the failure of some candidaces is due to loose reading of the papers by examiners, and this is a very possible cause. Examiners are selected according to a certain system of rotation, we underclass Certificates, and it is quite possible on Tuesday next, the 30th inst., at one that some among them may be careless in m.
