News of much damage by the overflow of rivers comes to us from St. Paul. Several land slides have occurred along the railways, and the farmers who live in the valleys see their property swept away by the floods. There is a huge jam of logs on the Mississippi, which may dam the water up and do much damage.

WAITING TO SEE HIM OFF.—A country pedagogue had two pupils, to one of whom he was partial, and to the other severe. One morning it happened that these two boys were late, and were called up to account for it. "You must have heard the bell long," he said to the boy he liked best, "why did you not come?" "Please, sir," said the favorite, "I was a dreamer that I was going to California, and I thought the school bell was the steamboat bell. I was going in." "Very well," said the master, "glad of any pretext to excuse his favorite." "And now, sir, what have you to say?" said the other. "Please, sir," said the pupil, "I—I was a waiting to see

you off!"

In the Whole History of Medicine

No preparation has ever performed such mar

velous effects as Hops, Buds, Mandrake and Dandelion, with all the best roots and herbs, to make a powerful Blood Purifier, Liver Regulator, and Lymphatic Restorer.

No disease can possibly long exist where Hop Bitters are used, unable, without its

powerful remedy to be kept always on hand

in every home. No person can afford to be without it, and those who have once used it never will. From their knowledge and experience and effects, physicians use the Circular PECTORAL extensively in their practice, and clergymen recommend it. It is absolutely certain in its remedial effects, and will always cure where cures are possible.
