for a case not well cured or
anything impure or injurious
found in them.
dissolve in water filters and
you sleep. Take no other
absorbent and firming substance for
use, of opium, tobacco and
cigarettes.
SEND FOR CIRCULAR.
J. W. COOPER, Rochester, N. Y., & Toronto, Ont.
June 24th, 1880.

WALKERTON
NING MILL
WORKS.
MCKAY, Proprietor,
always to the Front.

Attorneys have been discussing
of Free Trade and Protection
as the proprietor of the Walkerton
Works, who has been making
himself celebrated. First, he
has fought his way through
difficulties of first rank, and
now stands the

Fanning Mill of Ontario
is warranted to compete
with any other Canadian
Manufacturers. Our price, per
ton, is less than those of our
competitors. We have
improved our machinery
and increased our output.
These improvements ought to be
of great benefit to the farmer, more
so than to the manufacturer, as
the greater part of our work
is now done by hand, and
we are growing pure grain,
leaving good land.

Obnoxious Weeds
and yield nothing in return.
I am sending you to the late
issues which I have written
and talking Cockle & Chess
from Wheat.

will do perfectly, thus enabling
you to get rid of them. Send
my Writings and see how
economical they are.

At present, I am unable
to promptly answer.

R. H. MCKAY.
