

Judgement and Forethought in the Education of Children.

In a very thoughtful and suggestive enquiry as to the reasons why "promising" children so seldom turn out as parents and friends anticipate, the Philadelphia Public Ledger discovers a potent cause of failure in the man which parents will find worthy of serious consideration.

One Experience from Many. I had been sick and miserable so long and had caused my husband so much trouble and expense, no one seemed to know what ailed me, that I was completely disheartened and discouraged.

The Extinction of the Oyster

Lieut. Francis Winslow, of the United States coast survey, has an article in the Popular Science Monthly for November which is calculated to make pale the cheek of the restaurant-keeper and cause alarm in the stomach, if not the heart of every American lover of the oyster.

The Canadian Mutual Telegraph Company has completed setting the poles between Montreal and Ottawa, and will have the line shortly in operation.

Postage Stamps.

The number of different kinds of postage stamps which have been hitherto issued all over the world is estimated, in round numbers, at 6,000.

A Two Headed Editor.—One of the most amusing incidents in journalism is found in the case of an editor in New Jersey. He is a delicate and humorous writer, with a "nose for news."

During the fall diphtheria has been very prevalent throughout the township. In the neighborhood of the 4th concession over sixty cases have been successfully treated, and no deaths have occurred.

What to Stand. Pope, the poetical philosopher said, "the proper study of mankind is man," and yet how little is this real science of man studied.
