THE REVIEW

Durham, Decem. 22nd, 1881.

As has been our custom the Review we will not issue next week. The year 1881, with all its joys and sorrows, is about disappearing into the past...

The communication on the "Creeds of Christendom," referred to by our correspondent, appeared inadvertently as a leading article, whereas it should have appeared among our communications.

This is the season of the year devoted specially to gifts. Newspapers sometimes do a little in this time-honored custom, and we learn that our contemporary, the Montreal Witness will present to all its subscribers a copy of Mrs. Butler's two pictures—Quatre Bras and the Roll Call.

On Thursday last, the Conservative candidate was elected by a majority of 70. In 1878 the majority was larger, so that the result on the present occasion is a noteworthy fact.

That there are knaves and fools in the world will be admitted by most people. But when we proceed to discuss the question as to what persons have a right to be set down as belonging to the one class or the other, it is then that a difference of opinion will be found to exist.

KNAVES AND FOOLS. That there are knaves and fools in the world will be admitted by most people. But when we proceed to discuss the question as to what persons have a right to be set down as belonging to the one class or the other, it is then that a difference of opinion will be found to exist.

MUNICIPAL ELECTIONS. So far as we can learn the excitement connected with municipal elections will be of a subdued kind. The Councilors who have been in office during the current year generally seem to desire a continuance of office, and there does not seem to be any strong disposition on the part of the ratepayers to make a change.

Latona. A very successful soiree was held in the new school house S.S. No. 18, Beattick, on Friday evening last, the proceeds of which are to be appropriated towards the establishment of a sabbath school library in connection with the school.

Christmas Cheer. Christmas! What magic words are these! The words to the advanced in years, and what bright hopes are generally awakened in the breast of the young as this festive time approaches.

Local and Other Items. Mrs. Geo. Browne, of Fisherton, got her arm broken lately. The present staff of teachers in the Durham public school have been re-engaged. We regret to learn that Dr. Kiernan, M.D. of Durham, died at Creemore on Friday last.

THE N. P. AND CURRENT PRICES. It is amazing what shifts and expedients supporters of the National Policy resort to for the purpose of bolstering up the N. P. bubble. There is an increase in the price of wheat, of oats, or barley or pork, this is at once attributed to the N. P.

Just Received—A supply of Oysters, Lemons and Oranges at T. Jones' Book Store. Wm. Knox, on the 19th con. Proton had two weeks thrashing of one hundred acres this fall. Good for Proton.

Soiree at the "Rocky." This Thursday evening a Soiree was held in Burn's Church, Rocky Mountain, and notwithstanding the unfavorable state of the weather and the roads the church was completely filled, mostly with young people, and a very enjoyable time was spent.

The Fair. On Tuesday last the usual monthly fair was held in Durham, but the attendance of cattle was not so large as on some previous occasions, but they sold some well. The attendance on Tuesday evening in Durham. The attendance was not so large as should be.

Sad Accident. Tuesday last, which was one of the busiest days ever witnessed in this town, was a day of grief and sorrow, caused by an accident which brought to a premature end in a brief period to a happy family. Mr. Charles Smith, of Beattick, was driving along Lambton Street towards home with his wife and large family well provided for.

Edge Hill. Another first-rate meeting of the Edge Hill Mutual Improvement Association was held last night, in spite of the rain and muddy roads. Nothing can prevent the spirited and determined young men and women of Edge Hill from attending their meetings.
