THE REVIEW.

Durham, June 22nd, 1882.

JUST BEFORE THE BATTLE.

On Thursday last, according to announcement the Hon. Oliver Mowat, Attorney General, and Premier, addressed a meeting at Holstein, and we have no doubt the Hon. Alex. McKenzie would have been present had he been able. Mr. Creighton was brought from Owen Sound to oppose Mr. Mowat, and endeavored to monopolize the time of the meeting, and succeeded by check in almost doing it. However the Hon. the Attorney General got a very good hearing and we have no doubt left a favorable impression behind him, although he could not go as fully into the political questions of the Province as he would have liked to have done.

A few minutes after the Attorney General arrived by special Grand Trunk train, accompanied by Dr. Landenkin, J. H. Hunter, M. P. P., and others. On arriving in Durham the following address was presented to him:

To the Hon. Oliver Mowat, Attorney-General Province of Ontario:

Hon. Sir.—The Central Reform Association of South Grey has much pleasure in presenting you this address of welcome to this riding, and while viewing with alarm the hostile policy pursued by the Dominion Government against the rights of Ontario in refusing to ratify the rights of the arbitrators determining the North-West Boundary of this Province, take this opportunity of expressing our hearty approval of the policy pursued by yourself as Premier of this Province, and after having taken such a firm stand, it is the sincere desire of this Association that no concession be made of the rights of Ontario in this matter, and that you will still continue to resist all encroachments tending to destroy the constitutional rights of this province.

Signed. C. MOFFATT.

President S. G. C. R. Association. The address was responded to in a suitable manner, after which Mr. Mowat was escorted to his carriage amidst deafening cheers. A procession was immediately formed, and headed by the Mount Forest band marched through the town in the evening. The meeting, as announced, was to have been held in the Town Hall, but this was found inadequate for the purpose, and the use of the Agricultural Hall was preferred to which the large concourse of people repaired. Mr. Charles Moffatt in the chair. Here an attempt was made, apparently, by Mr. Jackson to Burke the meeting although specially called in the interests of the Reform Party and Dr. Landenkin, and was about as cheeky a piece of business as we ever saw attempted at any public meeting. The Chairman proposed to give Dr. Landenkin half an hour and then Mr. Jackson and Mr. Creighton half an hour each to decide it as they pleased, and the Hon. Mr. Mowat to follow as long as he pleased. Mr. Jackson wished a different arrangement and threatened if he did not get it to withdraw with his party and organize a meeting of his own. The Chairman told him he had offered what was very fair, and that they had the best part of the meeting, and if he was not satisfied with that his condition is critical. Mr. Malcolm Clark, school teacher, an offensive young man from Bentinck who received a serious cut on the side of the head by a stone from which he fled profusely, but is recovering and will be able to attend to his duties by Monday. The authors and perpetrators of this outrage must receive the execration and condemnation of every moral or right principled person in the community, as they can do no good to their party but bring everlasting disgrace upon them which even time cannot wipe out. We have no doubt but strenuous efforts will be made to bring the perpetrators to justice, and it is to be hoped, successfully. No doubt this low lived, brutal and contemptible attack was made with the intention of driving Dr. Landenkin off the street and putting an end to the speaking, but was an utter failure. Mr. Hunter was even advised to retire, but he said he was not afraid of the stones, as he felt sure if the Reform party present were so minded they could soon clean out such miscreants as the stone throwers. A stone thrown from about the middle of the street struck Mr. Midgiff's lamp and shattered the glass.

Quite a large number were thrown at the McAlister House, one of which went through the window into the sitting room. When Dr. Landenkin was defeated in 1878 as well as the Reform Government no person ever thought of perpetrating such a dastardly outrage. A number of other speakers followed Mr. Hunter chief among whom was Mr. Thorp Wright, of Artemesia, who gave a telling address on the abuses in Artemesia had suffered, and was glad to be able to participate in the present Reform Victory in South Grey, although Gerry-mandered into the Riding for a different purpose. Dr. Landenkin on his arrival between twelve and one o'clock was vociferously cheered and addressed the audience for some time. North Wellington, East Bruce, West Bruce, and North Grey all joined in returning Reform Members. The majority of Dr. Landenkin is about 80. As our space is limited, we must refrain from further comment this week, but will return to the subject in our next, when fuller information will be to hand.

AN EXTRA TRAIN.—An extra mixed train is on the new Time Table of the T. G. & B. Railway to run from Owen Sound to Parkdale which is the head of Queen St., Toronto, and from Parkdale to Owen Sound timed as follows:—leaves Owen Sound at 7:35 a. m.; Flesherston at 10:12 a. m.; Orangeville at 1:30 p. m.; arriving at Parkdale at 2:20 p. m. Leaves Parkdale at 8:35; Orangeville at 1 p. m.; Flesherston at 4:15; arriving at Owen Sound at 7 p. m. This train will be a great convenience on that line for going short distances as the train is a freight it will have to stop at some of the stations for a longer time than the fast passenger trains. It will be noticed by advertisement that more time is given in Toronto by the new Time Table.

A NEW MANAGER.—Mr. A. B. Atwater has resigned the management of the Georgian Bay and Lake Erie Division of the Grand Trunk Railway, and has been appointed Chief Engineer of the Chicago and Grand Trunk road. Mr. Atwater is a first class railway man, and is fully qualified for his new position. His successor in the management of the G. B. & L. E. Division of the G. T. R. is Mr. Biddle, late Agent of Woodstock, who we believe will be quite as popular as Mr. Atwater was.

The last spike was driven in the railway connecting Winnipeg and Thunder Bay on Saturday.

AFTER THE FIGHT.

On Tuesday last the fate of the Dominion was decided for another five years, and although apparently adversely, as we think, and at some time will show, for its best interests. In this gerrymandered Riding of South Grey a gallant fight was made for the fair and equitable rights of the people, and successfully too, and we only wish we could say the same for the Dominion. Of course advantage was taken by the Government of every circumstance that could be used, either fair or unfair, to crush out the free Liberal spirit. Parliament was dissolved more than a year before the necessary time. The power of redistributing the seats in Ontario was abused in an unparalleled extent. During the day each party were busy in all parts of the Riding in getting in their men, until five o'clock, when the polls were closed and the votes counted. In this town for a little while there was a calm—each party believing or hoping their candidate was elected, and as this is about the centre of the Riding both parties began to collect in large numbers at the different head-quarters—the Conservatives at the Middagh House, and the Liberals at the McAlister House, on the opposite corners to each other. As the first returns came up, in they appeared rather favorable to Mr. Jackson, and his supporters appeared at this time—between seven and eight o'clock—to be much more numerous than those of his opponent, although between 12 and 1 o'clock, when Landenkin's treat came up, his friends appeared to have multiplied greatly. We went into the Committee room of the McAlister House and patiently waited further returns and as time went on the feeling became more intense and the crowd in the room more dense, and any one at the table might have noticed a few old veterans of the Reform Party, accompanied by many of their stalwart sons, and as each additional return was announced the hopes or fears became at once apparent by their beaming or serious countenances, although all was orderly and quiet. Mr. Moffat, President of the Reform Association consulting questions until we had full assurance of the Doctor in this context, and this advice was strictly followed. The returns from Artemesia were in early giving Mr. Jackson a majority of 114 in the whole Township, this being wired to us by Mr. Read, who after sending it, at once set out from Flesherston with a number of the Doctor's friends for Durham, where he arrived later. The crowd was rather dense when at about ten o'clock there was just No. 1 and 3 in Normanby, and No. 5, in Egremont to hear from, and Mr. Jackson about 73 ahead. At this time the announcement was made that No. 1 and No. 3, Normanby gave Dr. Landenkin a majority of 103, which acted like an electric shock upon the audience—one tremendous long continued cheer went up from the crowd which lasted for several minutes and gradually swelled outside, and we cannot compare it with anything else but escaping steam when the valve is suddenly thrown open. This sound must have had a terrific effect on the opposite party at the Middagh House, or at least as a few of them as after events showed. Mr. John Gordon, President of the Artemesia Reform Association arrived just as the Artemesia delegation put in an appearance, and among whom were Messrs. Thorp Wright, W. F. Read, R. Stewart, and others whose names we did not learn. Mr. C. Moffat and a number of others ascended to the balcony of the McAlister House, and after congratulating those present on the victory achieved, called upon Mr. J. H. Hunter, and the Hon. Mr. Mowat to follow as long as he pleased. Mr. Jackson wished a different arrangement and threatened if he did not get it to withdraw with his party and organize a meeting of his own. The Chairman told him he had offered what was very fair, and that they had the best part of the meeting, and if he was not satisfied with that his condition is critical. Mr. Malcolm Clark, school teacher, an offensive young man from Bentinck who received a serious cut on the side of the head by a stone from which he fled profusely, but is recovering and will be able to attend to his duties by Monday. The authors and perpetrators of this outrage must receive the execration and condemnation of every moral or right principled person in the community, as they can do no good to their party but bring everlasting disgrace upon them which even time cannot wipe out. We have no doubt but strenuous efforts will be made to bring the perpetrators to justice, and it is to be hoped, successfully. No doubt this low lived, brutal and contemptible attack was made with the intention of driving Dr. Landenkin off the street and putting an end to the speaking, but was an utter failure. Mr. Hunter was even advised to retire, but he said he was not afraid of the stones, as he felt sure if the Reform party present were so minded they could soon clean out such miscreants as the stone throwers. A stone thrown from about the middle of the street struck Mr. Midgiff's lamp and shattered the glass.

Quite a large number were thrown at the McAlister House, one of which went through the window into the sitting room. When Dr. Landenkin was defeated in 1878 as well as the Reform Government no person ever thought of perpetrating such a dastardly outrage. A number of other speakers followed Mr. Hunter chief among whom was Mr. Thorp Wright, of Artemesia, who gave a telling address on the abuses in Artemesia had suffered, and was glad to be able to participate in the present Reform Victory in South Grey, although Gerry-mandered into the Riding for a different purpose. York, E.	A. McKenzie.	
York, N.	W. Mulock.	
York, W.	N. C. Wallace.	
Total.	41.	46.

The latest returns give the Opposition 40, and the Ministry 50 members in Ontario, leaving Algoma and North Victoria to leave from. In Quebec 15 Opposition and 50 Ministerial with 2 to from Nova Scotia 7 Opposition and 14 Ministerial New Brunswick gave eight to each. Prince Edward Island gave 4 Opposition and 2 Ministerial—total Opposition 72 against 127 for the Government, or a majority in favor of the Ministry of 54.

The Result.

The hopes which the Reformers of the Dominion entertained of a favorable result at the elections have been frustrated. They have made a gallant fight against overwhelming forces, and though defeated will never dishearten.

The Government have had a hard trade to help them in covering over the failure of their trade policy, but that is by means the main source of their success. They have had a hundred corrupting agencies at work. They lavished large amounts of money last session on public buildings—large amounts—millions of acres of land—of specious—millions of acres of land in the North-West, and have received political support in return which they received the highly protected manufacturers' pecuniary, and promised new favors in exchange.

There is every reason to believe, also, that more direct bribes even than these were used. Many witnesses attest that in Toronto yesterday money was freely paid for votes, and one cannot suppose that this was done in one constituency alone.

The Government have had a hard trade to help them in covering over the failure of their trade policy, but that is by means the main source of their success. They have had a hundred corrupting agencies at work. They lavished large amounts of money last session on public buildings—large amounts—millions of acres of land in the North-West, and have received political support in return which they received the highly protected manufacturers' pecuniary, and promised new favors in exchange.

In regard to the infamous Gerrymander, we have a telling address on the abuses in Artemesia had suffered, and was glad to be able to participate in the present Reform Victory in South Grey, although Gerry-mandered into the Riding for a different purpose. Dr. Landenkin on his arrival between twelve and one o'clock was vociferously cheered and addressed the audience for some time. North Wellington, East Bruce, West Bruce, and North Grey all joined in returning Reform Members. The majority of Dr. Landenkin is about 80. As our space is limited, we must refrain from further comment this week, but will return to the subject in our next, when fuller information will be to hand.

We have to regret the loss of Sir Albert Smith, Mr. Anglin, leading members of the Opposition in the last House. We trust that they will soon find other constituencies. But a strong phalanx of good debaters remain, and the work of Opposition in the present session in the last Parliament, will be in command of their hands—Globe.

Local and Other Items.

The brick work of the new Knox Church is being proceeded with.

HAMPDEN Public School is going to be reoccupied with the Bennet Deak, and be otherwise improved.

T. M. enquires why did not those two brave (?) Youtos come and knock down Dr. Landenkin's bonfire.

Mr. W. BELL, of Bentinck, died on Sunday last and was buried on Tuesday in the Presbyterian burying ground in this Town. The funeral was largely attended.

SUNDAY DEATH.—We are sorry to learn that Mr. John McFadden of Glenelg, while going home from Durham, at the end of last week fell from a wagon and received such serious injury that he died on Sunday last.

PRO ASTRAY.—Lost on Tuesday evening a small black and white sow pig, one month old. Any person returning it to the Review Office or giving such information as will lead to its recovery will be suitably rewarded.

The case of Mr. Charter Smith, of Bentinck, against the corporation of Durham, arising out of an accident last fall at Lambton Street bridge, was tried at Bruce County Court at Walkerton. Damages claimed \$200. The case was decided against Durham, the damages awarded being \$120.

THE FAIR.—The usual annual fair was held on Friday last. Several Yokes of working oxen, a good number of Cows, and a few steers were offered. Cows sold from \$30 to \$40 each, according to quality and condition. \$110 was asked for one of the best. The fair was soon over, as the election was taking place.

WAVELLY MILLS.—The Traverser Woolen Mills are now in full running order, and the machinery is said to be the finest in the County. As will be seen by advertisement, Mr. Kennedy has a large stock of knitted goods, tweeds, yarn, etc., which is prepared to sell cheap or trade for wool. Mr. James Burnet is dealing in the above mills and will take delivery of wool.

PRINCEVILLE.—The Woolen Mills are now in full running order, and the machinery is said to be the finest in the County. As will be seen by advertisement, Mr. Kennedy has a large stock of knitted goods, tweeds, yarn, etc., which is prepared to sell cheap or trade for wool. Mr. James Burnet is dealing in the above mills and will take delivery of wool.

ATLANTIC.—A special train.

Mr. A. H. Taylor of Ottawa, of Manitoba excursion fame, confirms Mr. Caven's statement recently published in a Manitoba paper, disclaiming responsibility on the part of the Grand Trunk Railway
