Indigitum... Agents for the Grey Review... Mr. Samuel Moore, who left Durham 25 years ago has returned to Bertineck, and his brothers have done well in their new home. He will remain here some time.

THE REVIEW

Durham, June 29th, 1882.

—Guiltless to pay the penalty of his crime to-morrow, (Friday), for assisting President Garfield. The trial and efforts made to prove Guitton insane, are unique in the history and trial of criminals and it is hoped that it will remain so. The launching of such a wretch however, will probably give satisfaction to more people than the hanging of any murderer that has ever occurred heretofore.

—The trouble in Egypt appears to be growing more serious, and immense preparations are being made by the British Government to exact satisfaction for the late outrages perpetrated at Alexandria. A large number of men of war have gone to that port, and troops and war material are being got into readiness, to move at a moment's notice. No definite result has been come to yet by the conference at Constantinople, and things are about as much in a muddle as ever.

THE ELECTION RETURNS.

As the smoke of the election contest clears away, and the official returns come in we are better able to take a view of the situation. Since our last issue very little change has been made. The Conservative press claims a few more members than the Liberal press is willing to allow them. The local elections of New Brunswick and Nova Scotia have taken place and resulted in a victory for the Reform party in Nova Scotia, and almost the same in New Brunswick. The nomination for the Dominion elections has taken place in Manitoba and has resulted in one conservative, Mr. Royal, being elected by acclamation—the other seats being contested. The returning officers for both well counted on Mr. Mills and counted in J. J. Hawkins, but the County Judge has decided that Mr. Mills has been duly elected. Dr. Landerkin's majority in South Grey is 75, Mr. Allen's in North Wellington 69, and Mr. McMullen's in North Wellington 60. Dr. Spronley's majority in East Grey is said to be 400 but the official figures have not yet been given. The Reform party have reason to feel gratified at the result in this and adjoining ridings, particularly when the forces arranged against them are taken into consideration and when everything had been made "safe" but then it is an old saying that "the best laid schemes of mice and men gang aft a-gley," and so it happens invariably in an election contest with one side. Mr. Jackson's majority at last election was 81, while Artemesia gerrymandered into South Grey a conservative majority of 153 making a Conservative majority of the whole riding as now constituted of 234, and in this election after turning all this there is a majority of 76 in favor of the Doctor. The result as a whole is not exactly what we desired, but it is still an evidence of the truth of what we have contended for. The cities and large manufacturing centres almost went solid against the Reform cause. The Province of Quebec as might naturally be expected gave an overwhelming majority for the Tories, while Prince Edward Island returned its Reformers to 2 Ministers. After the trial of monopoly and high protection for a few years more we have no doubt every farmer and working man in the Dominion will be able fully to understand who pays for monopoly and protection.

THE GRIP SACK.—GRIP'S COMIC SUMMER ANNUAL. First YEAR OF PUBLICATION. This unique and mirth-inspiring volume, which will be published very shortly, is designed as an antidote against mosquitoes and sun-burns, and is recommended by the faculty as a sure preventative of disease incident to the dog days. No picnic party will be complete without their Grip-sack, and nobody will think of taking a journey by boat or rail without one. It will be packed from lid to lid with literary and artistic good things, amongst which may be mentioned a frontispiece (in colors) of "John A. and his friends," after Fad's celebrated picture, "Shakespeare and his friends," Articles: "Baron Munchausen, Jr., in Manitoba" (profusely illustrated), Prof. Sander's Homeopathic Academy, by James Briggs; the Sweet Girl Graduate, a Drama; The Career of a Canadian M. P.; Patient Penelope; Aphorisms illustrated; A Tragedy of Love and Tobacco, etc., etc. The book will be uniform in size with Grip's Almanac, and a copy will be cheerfully handed out by any bookseller—in exchange for a quarter. Look out for it!

PICTURESQUE CANADA.—Nos. 7 and 8 of Picturesque Canada have been delivered by the pushing and enterprising Agent, Mr. Hunt, and these numbers are fully equal with the previous issues, but as they advance they become more interesting as the subjects are nearer this section. This work is the finest of the kind ever published in Canada. The views are superb and finely executed, and the descriptive part is all that could be desired.

THE VERDICT OF THE JURY.—We have just received a copy of a popular piece of music called the "Verdict March," by Eugene Blake. It is written for either piano or organ. The title page contains a portrait of Judge Cox, Hon. Corkhill, Hon. Porter, and the twelve jurymen who convicted Guitton. Price 40 cents; or three copies for \$1. Published by F. W. Helmick, 150 King St. C., Toronto, Ont.

Local and Other Items.

Mr. McCracken, is turning out bugles very rapidly at Horn's Works, and still the work crowds in upon him.

D. SFRY, Esq., Post Office Inspector for the Barrie District, was in Town Tuesday night, arranging for the mail on the Railway.

Mr. SAMUEL MOORE, who left Durham 25 years ago has returned to Bertineck, and his brothers have done well in their new home. He will remain here some time.

If those steps leading to the sidewalk at John Shewell's are not fixed soon there will be an expensive law suit soon to see whose duty it is to fix them, after somebody's neck is broken.

The Tars Leader has entered on its second year, and has every prospect of having a prosperous career. This speaks well both for the business tact and enterprise of Mr. Whitlock, the publisher, and for its supporters.

FRIDAY next being Dominion Day the REVIEW Office will be closed up that day, as well as the places of business generally. The day will be celebrated in Pricieville, Hanover, Flesherton, Mount Forest, and other places.

NEW BARBER.—Mr. Thomas Swallow, late of Dundalk, has opened up in rear of McFarlane's Drug Store, opposite the Bank of Commerce, where he will be found at any time quite willing to exercise his professional art in a graceful manner on those patronizing his establishment.

LETTER FROM MASTRO.—We have received a letter from J. C. Jupp, late of Bertineck, so well and favorably known in this Town. It is dated 40 miles west of Brandon and will not doubt be interesting to our readers. It was received too late for insertion this week but will appear in our next issue.

CIVIC HOLIDAY AND EXCURSION.—Yesterday was generally observed in Durham as a holiday, and many that did not go on the excursion went wading down the rocky swamps and killing mosquitoes. Eighty tickets were sold at this station, and we have no doubt those who went to the Queen City enjoyed themselves.

THE COURTS.—The next Chancery Court in Grey will commence at Owen Sound on the 25th September, before the Hon. Mr. Justice Frowdell. The next Assize Court for Grey will commence on Tuesday Oct. 31st, at the same place. At Walkerton on Oct. 23rd for Lincoln and at Orangeville for Dufferin on Oct. 29th.

GENERAL WILKINSON, a servant to Lieut. John B. McLean of the 31st Batt. now attached to B. Battery of Artillery, Kingston, deserted taking with him several articles of clothing belonging to Mr. McLean, besides jewellery and valuables of other officers. The Kingston News says the officers would like to know how he looked with their clothing on.

SUSPICIOUS DROWNING.—A body was found in the river at Owen Sound on Monday afternoon. It was identified as being the body of John Campbell, a lad about twelve or thirteen years of age. From all appearances he had been drowned some time. The affair will be investigated by the authorities, as the boy was never reported as missing.

SEPARATE SCHOOL PLEA.—A Grand Plea-Nie will be held by Separate School No. 2, Glencol, on the farm of Mr. Murdoch McMillan, about a mile and a half north of the Durham Road, and near Pomona, on Tuesday next, July 4th. A large number of Prizes will be offered for athletic games and sports. Good music will be provided. Admission to ground and dinner 25 cents. All are cordially invited.

TRAMPS.—The warm summer weather has arrived and so have numerous tramps lately. An old woman was going around town to-day who had the "shaks" very bad the moment she entered any place, but could walk along the street quite brisk without a shiver. She was very abusive at certain places in town, and the language she used was abominable. She had the usual book duty attested to by a minister and an elder. But such brazen faced vagrants ought to be at once arrested and sent to jail.

METH-DIST CHURCH.—The following changes have been made on final and corrected list of stations in this county and neighborhood since the first draft was published:—Owen Sound, John Clarkson, M. P.; Brookholm, Robert Johnston; Woodford, Hamilton Leith; Chatsworth, Charles V. Lake, Williamson Station, John Hart; Flesherton, D. C. McDowell; Dundalk, Thomas J. Sawdon; Altonford, Robert Godfrey; Cape Carter, Adam Glazier; D. C. McDowell chairman of O. S. District, and N. McDermid Fin. Secretary; Hanover, 2nd Milton Vandewater.

A LUCKY THROW.—Weddings will take place, and certain time honoured customs indulged in by the friends of the wedding party are just as religiously kept up as the marriage ceremony itself. The other day just after a marriage ceremony had been duly performed, and the happy couple with their attendants were starting off on their wedding tour in a full double carriage. A well known and highly respected lady just remembering that she had neglected to throw "nick" after them in the proverbial old shoe, and not having the desired article convenient and being determined to keep up the custom at all hazard, immediately took off her own slipper and threw it after the retreating carriage, to send "nick" with them, but imagine her astonishment and dismay when she saw the aforesaid slipper, which was an admirable shot, drop neatly into the back of the carriage, and the happy party, slipper, luck and all drive off together. We do not know where the slipper will stop on its lucky travels, but we suppose the lady has replaced it ere now.

It is rumored that the Premier will elect to sit for Lennox, and endeavor to have Plumb pitch forked into Carleton. The Wellington County Council will meet in Mount Forest in the month of December.

Wm. Moss, editor of the Winnipeg Free Press, who died on Friday of droopy, was brother of the late Chief Justice.

On Saturday Mr. Erasmus Wiman formally presented the swimming baths, built at his expense, to Toronto.

Grange Excursion.

On Friday morning last at six o'clock an Excursion train under the auspices of the South Grey Division Grange left Durham Station for the Model Farm at Guelph. Two hundred and sixty five tickets were sold at this station. At Holdbain and Mt. Forest large additions were made to those on board. We have no doubt had it not commenced to rain just before the train left Durham and continued to do so until Palmerston was reached, that many more would have availed themselves of this opportunity to visit the Royal City, however the six or seven cars were completely filled and after leaving Palmerston a quick run was made to Stratford, the Durham train arriving at Guelph about half-past eleven o'clock. The country from Durham to Listowel is rolling and the road runs through some delightful farming sections, and there is promise of very good crops in this section. From Listowel to Stratford the ground gradually becomes of a level character, and the road is rather monotonous while passing through a very long swamp in Ellice Township which reaches nearly to the last named town. From Stratford to Guelph the land becomes more rolling, and is a delightful section of country to travel over and the following places were passed: Shakespear, Daden, Peterburg, Berlin, and Breslau, at which place the Grand River is crossed. Having arrived at Guelph, nearly all the Excursionists on both trains at once started for the Model Farm, where they were very hospitably and kindly received by Principal Mills. Lunch was served up liberally to the visitors, and every information that could be furnished in so short a time was freely given by the Principal and his assistants. The cattle, buildings, farm, gardens, museum, and every part of the institution were carefully examined, and the visitors were highly gratified with what they saw. In fact so much so that we heard a veteran farmer from this neighborhood declare if he was not so old he would go to the College himself for a term or two. No doubt as time goes on this formerly much abused institution, which is now very popular, will become much more so, and the information received even in so brief a time as a visit of a few hours will be of lasting benefit. Towards six o'clock the train comprising thirteen cars was backed up to the station, and almost every seat filled, and about half-past six a start was made for home. Guelph is a very pretty and substantially built city, and the buildings now being erected are of a superior character. The Bell Organ Company have erected a very handsome stone building near the G. T. station which is four stories high with a fine clock tower and mansard roof. A very fine block is being erected on the corner of Wyndham and McDowell streets, where the Western Hotel used to be. The return trip was not so rapidly made as the journey there, but would have been much more pleasant had there been a supply of good water on the train, but there was a great deficiency in this useful beverage, and even very few of the water tanks were supplied with tins, and the water in them was very warm and some of it very bad. Durham was reached about half-past twelve o'clock at night. The Excursion on the whole was quite a success, and we have no doubt better arrangements will be made in future excursions.

On Saturday last A. C. McKenzie, Returning Officer for South Grey counted the ballots and made his declaration. Dr. Landerkin, M. P., expressed his satisfaction at the fair manner in which this had been done. Below we give the correct official figures for this Riding:—
