The last meeting of the Bruce County Council was held in Wiarton. The residents gave the members of the Council an enthusiastic welcome and a banquet.

It is expected that the brick yards in the vicinity of Winnipeg will turn out 35,000,000 bricks during the season. Prices range high, $35 per thousand not being an uncommon figure.

Mr. R. W. Carmichael, Chemist and Druggist of Bellville, under date of May 31st 1882, Writes as follows:—"Your Burdock Blood Bitters have a steady sale, are patronized by the best families here and by surrounding country, and all attest to its virtues with unqualified satisfaction."—b225.

There are over 500,000 French Canadians in the New England States, and the number is constantly increasing. In Lancaster, Me., ten years ago there were only 1,000; now there are 6,000.

A fresh outbreak against the jews in Russia is reported. Peasants who murdered a Jew have been transported for a number of years. The Sultan it is stated intends granting the rich grass fertile tracts in northern Syria and Mesopotamia.

A powerful company has been formed in England to work "evicted lands." It is a purely commercial speculation, but it is expected to be of great assistance to the Property Defence Association in defeating the efforts of the Land League.

The Pope has made several new Catholic dioceses in Canada. The anticipations are confirmed by the receipt of news from Rome that Mgr. Lamot, Bishop of Sarepta, and Vicar Apostolic of Northern Canada, has been nominated to the new episcopal See of Petarboro' in the Province of Ontario.

Molyneux St. John, Managing Director of the Land Corporation of Canada, an English company, of which the Duke of Manchester is President, is in Ottawa. This company has purchased 250,000 acres of land from the Canada Pacific Syndicate, and has also purchased lands in other quarters.

Vankoughnet, the Buck Lake murderer, was executed last Wednesday morning. Owing to the bungling manner in which the work was done, the poor wretch was not killed at once; but struggled for some minutes before death by appoplexy put an end to his misery.

The Grand Lodge of Loyal Orange Order which was in session at Sherbrooke, Que., for two days has concluded its labors. A resolution instructing the proper officers to apply to the Dominion Parliament for an Act of Incorporation for the Grand Orange Lodge of British America was unanimously passed.

A cruel robbery took place the other day between London and Toronto, several thousand dollars being stolen from Mr. and Mrs. James Little, an aged couple just setting out for England. A satchel containing the money was stolen from the floor of the car by a "respectable looking man," who walked off coolly at London.

DARING THEFT.—A daring theft was committed on the Grand Trunk Railway near Stratford on Friday night, the victims being James Little and his wife, of London South. On that day the couple being in Toronto making arrangements for going to the Old Country, drew $3500 in cash, which they very foolishly placed in a small satchel with notes of hand for some $800 or $900, and on Friday embarked on a Grand Trunk train for London. On the journey the satchel was thoughtlessly placed upon the floor of the car in front of them, upon which also sat a clerical looking gentleman. The stranger carried a mackintosh coat, and when the first station east of Stratford was reached he rose and allowed the coat to fall, but in picking it up must also have taken the satchel. He walked out of the car, and the loss was not observed for a short time. Upon realizing their misfortunes telegrams were sent in reference to the matter, but although Mr. White and the other officials of the road used the utmost diligence no trace of the thief was discovered. The aged couple informed the city authorities of the occurrence on Saturday, but it is scarcely probable that the stolen money will be recovered.

A Wise Precaution.

During the Summer and Fall people are liable to sudden attacks of bowel complaint and with no prompt remedy or medical aid at hand, life may be in danger. Those whose experience has given them wisdom, always keep Dr. Fowler's Extract of Wild Strawberry at hand for prompt relief, and a Physician is seldom required.—b225.

The well-known family medicines of Dr. J. C. Ayer & Co. have been before the public forty years, and time strengthens the favorable impressions with which they were at first received. We have been in the habit of using them ourselves, and recommending them to our acquaintances. Ayer's pills are a perfect regulator of the system; Ayer's Extract of Sarsaparilla is the best known purifier of the blood; Ayers Cherry Pectoral is a safe and sure remedy in complaints of the throat and lungs; and Ayer's Ague Cure is an effectual cure in cases of Fever and Ague and other malarial fevers. These medicines are compounded with skill and accurate medical knowledge, and they are in no sense to be classed with the cheap nostrums of the day. The formulas from which they are prepared are not secret, but are furnished to all physicians, and are published for the benefit of all intereste.d.—*St. John, P. Q., News.*

Bad Blood.

The Blood is the true essence of vitality, without pure blood there can be no healthy action in the system. Boils, blotches, pimples and the various humors and blemishes of the skin are only symtomatic of bad blood—that needs purifying at its fountain head, to render its tributaries pure. Burdock Blood Bitters effectually clense the blood from all humors, obtains a healthy action of the liver, bowels, kidneys, skin etc, and strengthening while it regulates and purifies.—b225.

Some of the rabble who escorted the new Postmaster General through the streets of London on Tuesday night regarded it as a fit occasion to elevate the standard of Tory political purity. They did so by discharging it through the open windows of the Reform committee rooms, and it looked and smelled like rotten eggs.

Ayer's
Hair Vigor,
FOR RESTORING GRAY HAIR TO ITS NATURAL VITALITY AND COLOR.
It is a most agreeable dressing, which is at once harmless and effectual, for preserving the hair. It restores, with the gloss and freshness of youth, faded or gray, light, and red hair, to a rich brown, or deep black, as may be desired. By its use thin hair is thickened, and baldness often though not always cured. It checks falling of the hair immediately, and causes a new growth in all cases where the glands are not decayed; while to brushy, weak, or otherwise diseased hair, it imparts vitality and strength, and renders it pliable.
The Vigor cleanses the scalp, cures and prevents the formation of dandruff; and, by its cooling, stimulating, and soothing properties, it heals most if not all of the humors and diseases peculiar to the scalp, keeping it cool, clean, and soft, under which conditions diseases of the scalp and hair are impossible.
As a Dressing for Ladies' Hair
The Vigor is incomparable. It is colorless, contains neither oil nor dye, and will not soil white cambric. It imparts an agreeable and lasting perfume, and as an article for the toilet it is economical and unsurpassed in its excellence.
