Mr. Banks delivered a lecture in the Town Hall, on Monday evening last, as an introduction to his pamphlet, "The Eleventh Hour."

WALKERSON'S holiday list is to be on August 15th to accommodate a big excursion to Niagara Falls, Toronto and Hamilton, got up by the I. O. O. F. for that day.

The Walkerton Weekly Tribune, a small sheet which has run for half a year or so in Walkerton is to be moved to Ayrton and rechristened the Independent.

Mr. George Ryan, of Rob Roy Corners, met with a serious loss on Tuesday last. A five-year-old horse which had been under treatment for a week dropped dead in front of the Registry Office.

LEO BROOKS.—Mr. John Dunsmore's little seven year old son, Leo, climbed up a tree one day lately, and falling from a rotten limb he was precipitated to the ground and had the misfortune to break his leg at the thigh.

THE C. E. Society in the Presbyterian church has been largely attended of late, and much interest is shown. On Tuesday evening last, Mr. Allan spoke on the topic "The Lawiness of Christ."

Young people are earnestly invited. Tuesday evening, 8 to 9 o'clock. AT the last meeting of the Inverness Presbytery Rev. Mr. McVicar, of Dro-more, moved that the old custom of billeting members of Presbytery be abolished. The majority it seems prefer the old system to the independent method, for it was voted down.

DURHAM we believe is 142 feet above the sea level and the highest town in the province. This did not prevent the thermometer from running away up into the nineties last week. From our elevated position though, we do wonder how the poor people in Toronto, Owen Sound, Walkerton and other low down places get along in the hot weather.

EGGS.—We had the privilege of eggpicking an eggbird in the cellars of Messrs. McLachlan & Moffat the other day. Though we knew they were eggspit business men yet we did not expect their eggspitting in the egg business was so eggspensive as it is.

We had to eggpress our surprise at seeing such an eggspending large collection. With a little more eggspitting their business is sure to eggspand, and we hope when they eggspit their profits will eggspend their eggspiration.

OWEN SOUND gets \$10,000 grant in the supplementary estimates for harbor purposes, which is the 2nd highest harbor grant. This is in addition to the \$500 granted in the estimates. Of course they are all smiles, and bestowing credit where it is due, while the Warton people look enviously on, and hopefully onward to the time when such grants "eggspend" in the attempt to defeat nature, will be judiciously applied in improving the natural advantages of the county town of Owen Sound, which of course is Warton.

We may say that the new county is going to rob Grey of part of the township of Keppel. We are safe in Durham then, but it would be nice now if we had a harbor instead of a hill.

THE MAN WHO SLEW THE LION IN A SHOW.—The paws and claws of the Presbytery Church were filled on Sunday evening last, while Rev. Mr. Henry spoke on the above subject from 1 Chron. ii. 22. It was a sermon for young people, but for the mature and especially for parents there was abundance of home truths. His line of thought was that character was a great thing determined by the principle of heredity to be sure, but also, and often much more, by environment, for the proper use of which the growing youth was responsible. The environment was rendered unsafe by drinking, gambling, bad company, impurity of language and degradation of sports, and with great emphasis he pleaded for the right of young people to have the best surroundings. His references to the last hours of Robert Ector were impressive and appropriate.

THE Lacrosse match last Thursday, between Mount Forest and Durham Junior teams was an interesting one. When time was called the match stood 3 to 2 in favor of Durham. But this statement does not represent the most unique feature of the day's play. Mount Forest got the first and last goals, each time in less than a minute. The three Durham boys were well played for, the ball generally hovering near the Mount Forest goal. Perhaps the most interesting player on the ground was Charlie Lavell. He is not big, but he gets there all the same. T. Carson as goal catcher made some fine stops. Tom keeps cool. The visiting team had some good players, but it was the general opinion that the home team showed more skill. A couple of players on both sides would scarcely fill the bill as "boys," and at least one of the visiting team visits the bar. We are not aware if Durham "boys" could stand this test or not. The sport is a manly one, cultivating powers of endurance, quickness of eye and skill of hand and body, these good points more than outweighing the occasional roughness which sometimes mars the game. It is therefore a sport that more encouragement should be given by attendance. The referee was Mr. T. Whelan, who gave satisfaction. See. Park was Durham's umpire.

AN interesting letter from W. E. McAllister, reached us when we were already full. We will publish it however as many readers of Review yet remember the genial Mac.

ON Sunday last the extensive buildings at Shell Lake in Keppel were destroyed by fire. It is thought to be incendiary, as the fires have been out for weeks. The Cement Coy. intend to resume operations.

WHEN TRAVELLING.—Whether on pleasure bent or business, take on every trip a bottle of Sarsaparilla, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fever, headache and other forms of sickness. For sale in 75c. bottles by all leading druggists. Manufactured by the California Fig Syrup Co. only.

SUICIDE IS THE INCREASE.—How is this? We have perhaps a key to it in our own experience. Have you ever felt gloomy and depressed; everything wears a dull aspect, you without apparent cause, have lost hope, you are miserably blue, you have a dull tired feeling, perhaps a headache or disordered stomach or nervous, you buy a box of Stark's Powders for 25c. use them and all seems bright again. Ambition and energy resume their way, this has been the experience of thousands.

PRELIMINARY.—Mr. Don. McLean, son of Mr. Neil McLean, Aberdeen, Bentinck, met with a very peculiar and painful accident on Tuesday. He crawled under a binder to examine or fix something when on touching a lever the weight which a machine came down on him. Although he managed to get out he was found in a helpless condition, and has been laid up with a severe injured back since.

THE result of the Entrance Examination is out, and communicated to the candidates, but a Departmental regulation forbids publication until authority arrives from Toronto. However this year in 1888, comes out first. Durham has not done so well as last year, nine being passed by the local authorities and one recommended. The other local schools show also variations up and down, and will be noted in due time.

Tax duty of Chas. Yollett, removes one of Durham's oldest landmarks. Mr. one Yollett settled in Durham over 32 years ago, at the corner of the four Townships one mile to the south of the town. In an early life he was a tailor and reported a good one. He was afterwards well known as a teamster between Durham and Hamilton, and later to Guelph, and we believe amongst the first loads of produce exported from Durham was taken by him and consisted of maple sugar. For two years he has driven the Chatsworth stage, and is one of the most punctual of roadmen. A cold some about two weeks ago developed into other troubles, which carried him off. An autopsy by Drs. Jamieson and Wells showed liver trouble. He leaves a widow, four sons, three daughters and a large circle of relatives and friends to mourn his loss.

REVIEW IN SIX HOURS.—Distressing Kidney and Bladder Troubles relieved in six hours by the "Great South American Kidney Cure." This new remedy is of exceptional promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passage, and is found to be a reliable remedy of urinary and pain in passing. Have a trial of it. If you are afflicted with these troubles, you will find it the best cure. Price 25c. per bottle. Sold by all druggists.

Much interest is being taken in the Patron Convention, which meets here to-day.

OBITUARY.—It is with great regret that we are called upon to announce the death of Robert Ector. When the aged are removed there is cause to mourn, but when the young, with all their possibilities of usefulness, are called away, the loss is felt the more severely.

Let us remember, however that now we see only in part. Robert Ector we learn was 38 years of age. His father, Mr. James Ector, was one of the early settlers in Glenelg, and with many of his countrymen from the north of Ireland occupied a large part of the Southern portion of the Township of Glenelg and the north of Egremont where they still reside.

Mr. Ector's family consisted of four sons and three daughters, of whom Robert was the eldest and who has been the first to be removed. The deceased was beloved by a very large circle. Of a quiet and retiring nature he took no very active part in public affairs, but pursued the even tenor of his way, doing the work that came to his hand faithfully and well, in social matters as well as in the work of the church, of which he has for many years been an active member and in which he was specially interested. The interment took place in the Saugeen Cemetery, on the 22nd inst. There was a very large concourse of friends and acquaintances. Appropriate services were conducted by Mr. Henry.
