Mrs Maggie McKenzie of Durham, the guest of Mrs. (Dr.) Smith, Doctor—News.

Our people quickly recognize merit and this is the reason the sales of Hood's Sarapearia are continually increasing. Hood's is "on top."

Miss McNease returned home Saturday and is again pleasantly and promptly discharging the duties of assistant post master, after an absence of two weeks spent in visiting in Durham, Orangeville, Toronto and Hamilton.—Class-Work News.

Merchants in a neighboring town have formed a local organization for their protection against dead beats. Each member of the combine pledges himself under penalty of \$20 that he will refuse to give credit to anyone who is owing another merchant and refuses to pay his indebtedness.

**BRICK PATRONS.**—The Patrons of North Bruce will meet in convention at Tara on Oct. 12th, to nominate a candidate for the House of Commons. The names most prominently mentioned in connection with the Association are H. T. Potts of Arran, James Shoultz of Elderslie, Thos. Askin of Amabel, and F. W. Stuart of Lion's Head.

On the western shore of Corea are now gathered nearly 100 ships of war of various nationalities. Japan has between 20 and 30, England 15, France 6, Russia 8, the United States 3, and Germany 7; while hovering at a little distance, though not easily found, are between 30 and 40 Chinese vessels. Further additions from Russia are expected.

Japan and China are carrying on war on a gigantic scale; the Dutch are having trouble with the natives in one of their colonial possessions; Russian troops are pursuing, in Chinese territory, a gang of marauders who destroyed a Siberian railway station; Portugal has a little war on hand; French and British expeditions have been despatched for the purpose of taking possession of the same territory in Africa, and France is preparing for operations which are clearly intended to reduce Madagascar to the status of a French colony. There is plenty of inflammable material for a big conflagration.

Last week when out hunting along the river on Mr. Jas. Shoultz's property, Donald Currie felt some reptile up his trouser leg. Donald reckoned it was only a frog, but was trying to get a place to roost and in order to take a short cut in the bulging eye green old water fool, Donald unfastened his breeches and was he a fox!

Chesley has decided to have the taxes paid to the village Treasurer and to dispense with a collector. For ourselves we have never been able to see why this plan could not be adopted in all villages and towns. In Walkerton both the collector and Treasurer have offices and why the taxes can't be paid into one as well as the other our readers may be able to explain for we cannot.

With taxes this is the dollar and we are likely to go below 20 mills, any necessary expenditure on the part of council is blameless. Furthermore, we think the taxes should be in instalments. In this way it would be available by the mill without so much disconcerting the ratepayers would receive the bill instead of the bank. Before we can now be taken on these rates, the ratepayers will have time to discuss it and we'd like to see this done.—Bruce did.

**RESTRICT SPECIAL PRIVILEGE.**— evident form the tone of the Farmer that the Patrons in the Legislature purpose amending the legislation under which unjust privileges are granted upon the Medical Council, no portion of the statute book is in need of revision than that relating to the law as it stands.
