A Racking Cough Cured by Ayer's Cherry Pectoral. Mrs. P. D. Hall, 217 Genessee St.,

Lockport, N. Y., says: "Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayor's Cherry Peetoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmedic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair, and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."

Ayer's Cherry Pectoral Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Promptto act, sure to cure
