take any medicines without positive  
injury. If you use any substitute for

peril of your health, perhaps of your life,  
of losing a limb, and no other.

and all-round good fellow. Jim is shown to good  
advantage.

Common sense should be used in at-  
tempting to cure that very disagreeable  
disease, cataract. As common originates  
in impurities in the blood, so simple  
and permanent good. The common sense method of treatment is to  
try to bleed the body, and for this purpose  
there is no preparation superior to  
Hood's Sarsaparilla.

The subjects chosen for Durham meet-

## A GOORBACH.

To-day The Waterous Engine Co.  
will give an exhibition of the powers  
of their engine in Durham. We may  
thank Mr. Ronald for this privilege of  
seeing both engines work free of cost.  
It is unfortunate this exhibition was  
not given when requested, that there  
might have been time to discuss the  
merits of both before a vote was taken.  
The people were anxious to see both  
engines tested side by side, but the  
Waterous engine did not do business that  
way. They have then changed their  
principles. The Waterous engine is  
no doubt one of their best, and a  
few weeks ago got it, and save money.  
It is not equal, however, to the best  
fire protection and a good deal  
more expensive.
