Hood's Pills are purely vegetable, and do not purge, pain or gripe. 25c. Ayer's Pills, being composed of the of the situation which we wish to draw aperients, without any of the woody or attention to. The young people of that fibrous material whatever, is the reason The best family physic.

Lockport, N. Y., says: "Over thirty years ago, I remember ful curntive effects of Ayer's Cherry Pecteral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I to fill an order. used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was

Nearly in Despair, and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."
