Razors ground and set ready for shaving; new blades put into old handles. competent workmen. If you want first class work done come to W. Taylor, the Sheffield Cutler, Durham.

The Hanover Post has a full account of a meeting held in Cornhill lately in the interest of the P. of Industry at which Mr. McNeill, M. P. P. was one of the speakers. He refers to some Sunday printing which was done in a certain office in the interest of his opponent. If the REVIEW office is meant, we have the authority of Mr. McArthur, the late proprietor, to state that no Sunday work was ever done by him, by him, self or any of his staff. An unfortunate mistake did occur in a bill, not a dodger, printed on June 18th but dated June 17th which was Sunday. The mistake was a purely clerical one, and was fully explained at the Yeovil meeting and several times since. Any way, it may easily be supposed that had there been merely loose enough to violate the Lord's Day, it would also have been quite enough to change the date to a week day.

An accident, which might have had serious results, befell the Chatsworth and Durham stage, about two miles north of the town on Friday night last. It was in charge of Mr. Tom Noble on this occasion and the other occupants were Joseph Burnett and Dora Davidson. In coming down the hill in front of Door in the descent, Noble got some safe but the little girl went to the bottom, receiving a wound on the head and some lacerations on the body, but nothing very serious. That she escaped with her life seems a miracle, since it is a week, and one of the horses it is thought is useless. They got free and dashed off into McArthur's place. Mr. J. B. Burgess drove the little girl home, and the thankfulness of the parents can well be imagined. As a country will likely have to make good Mr. Caldwell's loss, as the road is not only up it, as it should have been, but is in a very poor as well.

Purify your blood, tone up the system, and regulate the digestive organs by taking Hood's Sarsaparilla. Sold by all druggists.

The GREY REVIEW issued a very pretty Christmas extra last week. We congratulate our Durham exchange on its enterprise.—Mr. Forest Rep.

No thoroughbred excellence of Ayer's Hair Vigor that it can be used with benefit by any person, no matter what the condition of the hair, and, in every case, it occasions satisfaction and pleasure, in addition to the benefit which invariably accrues from its use.

Inspector Campbell was in O. Sound last Friday and Saturday in connection with the Model examination, and this week is struggling with the papers of the Normal School candidates. He is examiner on the important subject of methods.

To be aged, with their poor appetite, few are able to eat. Hood's Sarsaparilla, a blood purifier, checks the ravages of time, by invigorating every organ, nerve, and tissue of the body. See Ayer's Sarsaparilla for the new year.

BRITISH AMERICAN CURE, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. It cures the system in a remarkable manner. It removes at once the cause and the disease immediately disappears. The first 30c bottle, 75c. Sold by McFarlane & Co.

Matthew Waters, at one time a well known farmer in Epsom, died in a hospital, about a month ago, of the 21st inst., and also of the late John Waters at one time resident of Durham. He was a warm hearted man and a good neighbor as we can testify. His wife and large grown up family survive him. These will now profit by his foresight as his life was insured for \$2000.

S. S. ENTERTAINMENT.—On Friday evening last the Baptist Church had a crowded house on the occasion of their annual entertainment. Mr. A. W. Patterson was in the chair, the right man in the right place. The recitations, etc. were sung by the children with Miss Brown at the organ were above the average. Miss Patterson in a creditable manner. The speakers were Mr. Thomas Allen, whose address on "Habit," is like a good neighbor as we can testify. His wife and large grown up family survive him. These will now profit by his foresight as his life was insured for \$2000.

A School entertainment was held in S. S. No. 1, Glenora, on Wednesday evening last. Mr. Wm. Young was invited to preside, and from 7:30 till after 10 he was kept in office while the pupils recited and endeavored to entertain the audience. Some idea of the work undertaken by Mr. Dixon, his pupils and his friends may be formed when we state that some 75 pieces of one kind or another were prepared and given. Mr. John Graham gave some very fine remarks on "obedience" and other qualities that go to make up successful men, and gave local illustrations to prove his points. Of instrumental music there was no lack. Mr. John Stewart on the Bagpipes thrilled the hearts of his auditors, while Messrs. Grant McComb on the Dulcimer and John Gray on the violin made us sit in music for all. The club singing by Mr. Sam Jackson in union with Grey's violin was much enjoyed. It would be impossible in a brief notice to give an idea of the songs, readings, recitations and dialogues rendered by the young people, many of them good and all of them interesting. The proceeds amount to about \$10.50 which is to be spent in prizes for the children.

Common sense should be used in attempting to cure that very disagreeable disease, catarrh. As catarrh originates in impurities in the blood, local applications can do no permanent good. The common sense method of treatment is to purify the blood, and for this purpose there is no preparation superior to Hood's Sarsaparilla.

"When I was a Boy,"

Writes Postmaster J. C. WOODS, Forest Hill, W. Va., "I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary medicines, and advised me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take it."

A Bad Cold,

and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."

"I have been using Ayer's Cherry Pectoral in my family for 20 years, with the most satisfactory results, and can cheerfully recommend it as being especially adapted to all pulmonary complaints. I have, for many years, made pulmonary and other medicines a special study, and I have come to the conclusion that Ayer's Cherry Pectoral occupies a position pre-eminently over other medicines of the class."—Chas. Davis, Druggist, Dover, N.J.
