THE DURHAM GALLERY CLOSED.—Mr. Chapman has moved his stock to a large Forest, where he is going into a large business, doing the business of Town Clerk, and has admirably executed portraits. He wants some good agents to apply at once. Reprints can be had of the Durham negatives at any time. Please note his kind return fare will be paid from Durham to Mt. Forest Studio. I thank one and all for the liberal patronage for the past six years, and will be pleased to meet them at Mt. Forest Studio.

FOUR GENERATIONS OF ROYALTY.—"Four Generations of the Royal House of England" is the title of a handsome pamphlet just issued by the Dr. Williams' Medicine Co. The cover is work of Queen Victoria, the Prince of Wales, Duke of York and the infant Prince Edward of York. The Dr. Williams' Co. has a reputation for distributing the handomest pamphlets issued by any proprietary medicine house in Canada, and this present work amply sustains this reputation. The pamphlet is well worth having, and a copy of it will be mailed free to any of our readers who will send their address (plainly written) on a post card, to the Dr. Williams' Medicine Co., Brockville, Ont.

A DRIVE OUT.—On Friday evening last a score or more of the youth and beauty of Durham engaged in a rig and started for the "Glen." Everything went well until a typical Glen hill was tackled when the whiffletees broke, and the party had to wait till a friendly farmer could be found to replace it. However, the journey's end was reached and a glorious long evening spent in playing the usual little games, in vogue at "kissing parties," and some say they would have danced if they could. The party got back to town early next morning, and even if they were a man did demand extra pay it was a most enjoyable time, and if Mr. McArthur's head clerk doesn't deserve credit for it we don't know who does.

Everything went well until a typical Glen hill was tackled when the whiffletees broke, and the party had to wait till a friendly farmer could be found to replace it. However, the journey's end was reached and a glorious long evening spent in playing the usual little games, in vogue at "kissing parties," and some say they would have danced if they could. The party got back to town early next morning, and even if they were a man did demand extra pay it was a most enjoyable time, and if Mr. McArthur's head clerk doesn't deserve credit for it we don't know who does.
