LOST.—In Durham, last Wednesday Jan. 9th, a black Collie dog, white breast and paws, short tail, and long hair. Any information that will lead to its recovery will oblige and be rewarded by DONALD MCARTHUR, Bunessan.

A young Englishman named Bunyan, a direct descendant of the famous author of "Pilgrim's Progress," is at present at work in the wholesale furniture factory here and on Monday evening conducted the Epworth League services in the Methodist church, with marked ability.—*Rep.*

Rev. Mr. Jansen is in demand as a lecturer. He was in Holstein recently where over $2.00 was realized for the Leper Missions and is expected in Guelph before long. These Missions have found a warm friend. Any congregation or community may have the pleasure of hearing Mr. Jansen's lecture. All he requires is a voluntary collection for the Leper Missions.

IN OLDEN TIMES.—People overlooked the importance of permanently beneficial effects and were satisfied with transient action; but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

The following from the *Scientific American* is of interest:—At the first indication of diphtheria in the throat of the child, make the room close; then take a tin cup, and pour into it an equal quantity of tar and turpentine; then hold the cup over the fire so as to fill the room with the fumes. The patient, on inhaling the fumes, will cough and spit out the membraneous matter, and the diphtheria will pass off. The fumes of tar and turpentine loosen the throat, and thus afford relief that has baffled the skill of physicians.

DUTY OF BEING ALWAYS READY.—Perpetual vigilance is the price of immunity from fire. Every town in Canada should examine its fire appliances once a month; should test the cisterns; see that the fire bell can be got at and will ring; take the engine out and set it working; inspect the hose and play through it; strengthen the chain of fire defence at its weakest link. Only by such precautions can a community be ready to fight fire when it comes—as come it will.—*Hamilton Times.*

THE DURHAM GALLERY CLOSED.—Mr. Chapman has moved all his stock to Mt. Forest, where he is going into a larger business, doing Crayon work and copying in connection with the gallery. He wants some good agents to apply at once. Reprints can be had of the Durham negatives at any time. Please note this, parties wanting first class work of any kind return fare will be paid from Durham to Mt. Forest Studio. I thank one and all for the liberal patronage for the past six years, and will be pleased to meet them at Mt. Forest Studio.

Respectfully yours,
G. F. CHAPMAN.

ONTARIO CREAMERIES ASSOCIATION.—The 10th annual Convention, held in Chesley lately was one of the most successful ever held. Prof. Robertson and others dealt with the marketing of butter, all urging prompt shipments unless the best facilities for cold storage existed. A resolution was unanimously carried asking both Dominion and Prov. Parliaments to give aid in sending weekly shipments of Creamery butter to the Eng. market. "Fat in milk," "Good Roads," "The Creamery outlook," "Silos and Ensilage" were some of the other subjects discussed. The visitors were banqueted royally. The President for next year is Mr. D. Derbyshire, Brockville; Vice President, Mr. Wm. Halliday, Chesley; and amongst the Directors we notice the name of Mr. A. Wenger, of Ayton.

On Thursday night last the good folks of Crawford and vicinity had an enjoyable time. The occasion was the Soiree held by the Pres. people of that place, who are evidently on the best of terms with their Methodist brethren, as the social part took place in the Methodist church, and the speaking etc. in the Presbyterian. This is to be repeated on the 21th inst. with the Methodists in charge. Mr. D. McNichol M. P. P. occupied the chair and was happy in his remarks. Rev. Mr. Christie, the pastor, and Rev. Mr. Couch, the Methodist clergyman, with others, also addressed the meeting. The Durham Pres. Choir were present and gave delightful music, and were delighted in turn at their splendid reception. The church was tastefully decorated, so the eye and ear were both gratified. Candidates Allan and Landerkin and two Upper-town merchants were expected to be present, but failed to make connections. The nice little sum of $40.00 was realized.

The death of Mr. Ralph Townsend, which took place on Friday last, removed an old and very highly respected resident of West Garafraxa. Mr. Townsend was born in Duddington, Derbyshire, England, in the year 1814. He was a school teacher at Wormhill, Derbyshire, where he was married to Isabella Harrison in 1839. They came out to Canada in 1858, and lived in Guelph and Guelph township until 1861, when they removed to the homestead on lot 6th, con. 6, Garafraxa. His wife died on the 24th June, 1892.—Eight sons and one daughter, all grown up, are left. Mr. Townsend was buried on Sunday afternoon alongside of his wife in the McKee cemetery. Rev. Wm. Ottewell officiating, assisted by Rev. W. J. Hindley. All the deceased's sons and daughter were present except his son Benjamin whose notification reached him too late to enable him to be present. Mr. Townsend was a Liberal in politics, and a Methodist in religion. He and his wife and family were for many years active and honored workers for the church of their choice. Mr. Townsend was a man of sterling honesty and most sincere piety. His upright life and consistent walk were examples worthy of being copied, and he was deservedly held in the very highest esteem by all who knew him.—*Fergus News-Record.* The Guelph *Mercury* also pays a warm tribute to the deceased.

Murloch correspondence had to be left over till next week.

We never take a back seat. 25 lbs. Granulated Sugar for $1.00. 30 lbs. Light Yellow Sugar for $1.00. Ramsay & Morlock.

Rev. C. S. G. Boone has accepted a call from the Smith's Falls Baptist church. Mrs. Boone left on Monday morning.

Mr. F. D. Ramsay, of the firm of Ramsay & Morlock has been very ill in Chesley for some time. We hope soon to hear of his recovery.

TAX NOTICE.—All taxes in Ward No. 1, Glenelg, are required to be paid on or before Jan. 20th, or costs will be incurred. T. MCGHEE, Collector.

Have you read that interesting account of mining operations in the extract from the letter of Mr. Thos. Binnie whose family is well known here?

Our readers will be able this week to look upon the political situation in this county through Patron spectacles. The writers are both well known and willing to be known.

Perhaps you may yet want something in the Millinery line, and if so we offer the balance of our stock of trimmed and untrimmed hats at greatly reduced prices. Ramsay & Morlock.

The Rev. Geo. McKinley, B. D., of Owen Sound, will preach Educational Sermons in the Methodist church next Sabbath, morning and evening. Rev. Mr. Pomeroy goes to Owen Sound for Missionary work.

That January thaw of Monday last has more than made up since. The "beautiful" now ranges from two to six feet deep. The Chatsworth stage had to turn yesterday and north and south roads are almost impassable.

If you hear any one saying "by George" in connection with local municipal affairs it will likely mean one of the four Georges that sit at the Council table. However if the Georges become clannish, the three Williams could make a vigorous check.

RINGING NOISES in the ears, sometimes a roaring, buzzing sound, are caused by catarrh, that exceedingly disagreeable and very common disease. Loss of smell or hearing also result from catarrh. Hood's Sarsaparilla, the great blood purifier, is a peculiarly successful remedy for this disease, which it cures by purifying the blood.

ART. STILL TO THE FRONT.—Torry's Photo Gallery, Durham, is now better equipped than ever to turn out work of a Superior quality. Miss Fraser, who is a first class retoucher and has done Chapman's work until recently, is here, and will be good to meet her friends, old and young. Before going elsewhere call and see samples and get prices.

TORRY'S GALLERY,
Durham.

An exchange has the following:—Persons who patronize papers should pay promptly, for the pecuniary prosperity of the press possess a peculiar power in pushing forward public prosperity. If the publisher is paid promptly and his pocketbook kept plethoric by prompt paying patrons he put his pen to the paper in peace; his paragraphs are more pointed; he paints his pictures of passing events in more pleasing colors, and the perusal of his paper is a pleasure to the people. Paste this piece of proverbial philosophy in some place where all persons can perceive it.

BARN BURNED.—The fine frame barn of Mr. Geo. Firth, 2nd con., Glenelg, was burned down Monday night last. Mr. Firth was feeding his horses when a lamp he had hung up exploded. With some difficulty he got out all his live stock, but only part of his implements. There is about $600 insurance on barn and contents, but this will not more than half cover the loss as all his season's crop was destroyed. The neighbors gathered on Tuesday and made a stable out of the lumber of the old shingle mill for present use.

DEATHS.

SNIDER—In Glenelg, on the 2nd of Jan. 1895, Nellie, youngest daughter of Mr. Henry Snider, aged 9 years.

Dear Nellie has gone; but her meek sad fingers
Encircling her name with a halo of light,
Her loving example, like bright sunset fingers,
Shall point to those regions whose day knows no night.
Oh! mourn not for Nellie, tho' much you must miss her,
Her bright winning smile and her greetings of love;
Your loss is her gain, for the glad angels kiss her
And crown her a Princess in mansions above.

TOWN COUNCIL.

The new Town Council were duly sworn in on Monday and began their duties that day. They seem a capable lot, and with reasonable devotion to duty, and a desire after harmony should be able to give a good account of themselves.

The standing committee or "distributing committee" as it should be called, named the following committees, which were endorsed by council:—

FINANCE.—Reeve, Calder, Moore, McKinnon.

BOARD OF WORKS.—Mayor, Sparling, McLachlan, Warner.

PRINTING.—Reeve, Hanter, Kinnee.

TOWN PROPERTY.—Mayor, Whitmore Sparling.

FIRE AND LIGHT.—Mayor, Reeve, Calder, Warner.

BOARD OF HEALTH.—Mayor, Calder, Sparling, with Dr. Park as Medical Officer.

The committee on Salaries were in an economical mood and made some slight reductions as will be seen by our list. 30 applications for the various vacant positions were made. We give the lucky (or unlucky) applicants: Collector, $50 Rod. McKenzie; Assessor, $40, Thos. Moffatt; Caretaker, $30, Hy. Young; Constable, $20, Jas. Carson; Health Insp., $10, Don. McDonald; Truant Officer, $5, Robt. Ajoe; Treasurer, $80, Jno. Kelly; Clerk, $210, Geo. Russell.

The following accounts were passed and ordered paid. Except printing, all for services as returning officers, poll clerk or for polling booth at elections:—W. B. Vollett, $7.00; Neil Graham, $2 S. Arrowsmith, $7.00; Jas. Rutherford, supplies $3.05; A. McFayden, $2.00; Jas. McCreary, 9.00; W. J. Mitchell, 20.75.

Much of the business was of a routine character, and the way the Mayor checked it off was refreshing.

The bundle of applications reminded one of a Trustee board when needing a teacher.

FEARFUL DISEASE RELIEVED IN 30 MINUTES.—Dr. Agnew's Cure for the Heart gives perfect relief in all cases Organic or Sympathetic Heart Disease in 30 minutes and speedily effects a cure. It is a peerless remedy for Palpitation, Shortness of Breath, Smothering Spells, Pain in Left Side and all symptoms of a Diseased Heart. One dose convinces. Sold by McFarlane & Co.

Life Became A Burden.

THE WONDERFUL NARRATIVE OF A PATIENT SUFFERER.

The After Effects of La Grippe Developed Into Inflammation of the Lungs and Chronic Bronchitis—After Four Years of Suffering Health is Almost Miraculously Restored.

From LeMonde, Montreal.

Mrs. Sarah Cloutier, who resides at No. 405 Montcalm Street, Montreal has passed through an experience which is worthy of a widespread publication for the benefit it may prove to others. Up to four years ago, Mrs. Cloutier's health had been good, but at that time she was attacked by that dreaded scourge, la-grippe. Every fall since, notwithstanding all her care to avoid it, she has been afflicted with inflammation of the lungs, which would bring her to the very verge of death. This is followed by bronchia for the rest of the year. Her bronchial tubes were affected to such an extent that it was with difficulty she could breathe, and a draught of outside air would make her cough in the most distressing manner. "There was," said Mrs. Cloutier to the reporter, "a constant rattling sound in my throat, and in the state I was in death would have been a relief. I could not attend to my affairs nor to my house, and had it not been for my niece, on whom I relied, I cannot say what would have become of me. It was in vain that I tried the numerous remedies given me by various doctors, and when I think of all the money they cost me I cannot but regret I have ever tried them. I had read frequently of the cures effected by Dr. Williams' Pink Pills, and I felt that they must contain the truth, for if they were unfounded none would dare to give the names and addresses of the persons said to be cured in the public manner in which these are given in the newspapers. I decided to try Pink Pills, and none of those who were acquainted with my former condition can understand the good I have derived from their use, which I continued until I felt that I was completely cured. As a proof that I am cured I may tell you that on the first occasion of my going out after my recovery I walked two miles on an up hill road without feeling the least fatigue or the least pant for breath, and since that time I have enjoyed the best of health. Last fall I was afraid that the inflammation of the lungs of which I had been subject at that period of former years might return, but I had not the least symptoms of it, and never felt better in my life. You can imagine the gratitude I feel for Dr. Williams' Pink Pills, and I recommend them to all who will heed my advice, and I do not think it possible for me to say too much in favor of this wonderful remedy, the use of which in other cases as well as mine has proved invaluable.

A depraved or watery condition of the blood or shattered nerves are the two fruitful sources of almost every disease that effects humanity, and to all sufferers Dr. Williams' Pink Pills are offered with a confidence that they are the only perfect and unfailing blood builder and nerve restorer and that were given a fair trial disease and suffering must vanish. Pink Pills are sold by all dealers or will be sent by mail on receipt of 50 cents a box or $2.50 for six boxes, by addressing the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y. Beware of imitation and always refuse trashy substitutes alleged to be "just as good."

PROTON CENTRE.

Business is booming since sufficient snow has come for sleighing.

All the sick people are recovering.

Messrs Gordon, Watson and Batchelor took in Mt. Forest last week.

Mr. J. Lee had a party last week at which things did not pass off as quietly as was expected on account of a few of the would be bullies trying to rule all and failing to govern themselves.

Mr. and Mrs. W. J. McLean, of Swamp College, were visiting at the Parental home, Mr. Bryce's, last week.

Mr. M. Lee and his two sons took a trip to Wiarton last week where they intend staying for some time visiting relations.

MABLE.

Western People say of Stark's Powders. For Sick Headache, Biliousness, Neuralgia and Liver:

Mr. Wm. Grey, foreman G. T. R., Hamilton:—"I suffered for ten or twelve years from severe headaches. Nothing did me good until I got Stark's Powders."

Mr. Horace Wiles, chief of police, Woodland:—"Stark's Powders are a sure cure every time."

Mr. Maynard, Woodstock,—"They are wonderful."

Mrs. Mary Keats, 88 Main Street, Hamilton:—"Suffered for years from dreadful headache; tried number of remedies and doctors without much result, but Stark's Powders did the work." She says: "They have been the greatest blessing to me, in fact they are wonderful."

Price 25c a box; sold by all medicine dealers.

FROM BRITISH COLUMBIA.

Editor Review,

A few extracts from a letter received from British Columbia might be of interest to your readers, and so I send you the following:—G. B.

I came down from Cariboo the latter part of August. McGilvray did not get the other contract that he was expecting and he had no other work on hand so I had to loaf for a while, as there is little or no work going on in the Province. Hard times have struck the place with a vengeance. A great many people are leaving—going some where else Westminster has lost a big lot of her population. A terrible lot of empty houses and half of the people that are left are not doing anything, just hanging on as long as they can and it is very hard on the business people. Nobody has any money to spend. The stores do not do one half the business they did two or three years ago and there are so many failures that there is always some bankrupt stock selling out cheap and of course that hurts those that are trying to hang on. One large Dry Good's house failed in town this summer the sale is now going on and their prices being away below what the others can sell for, and of course all go where they can buy the cheapest, though it has to be paid for in cash. Well the people will go with their cash to the bankrupt sale and go to the other stores if they want credit. I am not escaping the hard times, although not in business. I have not done much this year and have not been paid for the time I was up in Cariboo yet, but I expect it will come by and by. I am into something new just now—boring for coal on one of the islands in the Gulf of Georgia, I don't know whether we are going to strike it or not. We are down 225 ft. to-night and no coal yet. We intend going down 500 ft. that is all the length of drill rods we have at present. I am running the business. We are using a diamond drill, which is run by steam. Three men run it; an engineer, myself and a man to cut wood. It bores a 1¼ inch hole, and takes up a core an inch in diameter, so we have a sample of every thing we go through. We make from 15 to 20 ft. per day. I have been nearly two months on the job. We started and bored some on another island before we came here, we did not go very deep there, just did a little work to hold the ground. I was lucky in getting the job, I never saw a diamond drill in my life before, but I manage all right. The diamonds are in their rough state, about as large as half a pea, but rough, three cornered and every shape, and are set in solid steel with the outer edges exposed to come in contact with the rock. Eight diamonds are used, four on the inside, and four on the outside, and the whole thing is turned around at from 200 to 300 revolutions per minute. It is just like an iron pipe set on end. The diamonds cut the rock as it is kept forced down all the time, and the piece in the centre is left standing, the pipes go down and the rock comes up inside and when we go down 10 ft. we pull the pipe up, and there is an arrangement in the inside that grips the core and holds it until it is brought to the surface. We take out the core, put down the pipe and repeat the process. A clear stream forces water down the inside of the pipe to the bottom. It comes out around the end of the pipe on the bottom in little grooves cut for the purpose in the steel, and thus keeps the diamonds cool and washes away all the cuttings and sediment. It comes up on the outside of the pipe to the surface and runs off. The water is continually kept running. We are boring in shale and stone in the same formation that the coal is in at Nanaimo. We are about 20 miles to the south east of Nanaimo, and expect to strike the same beds of coal. The company has about 6,000 acres bonded on this island, that is, they agree to pay a certain price per acre for this coal right, not over $20, and if we strike it, it will be worth from $20 to $150 per acre. So they will make quite a stake out of it, and then there would be work boring for some time testing the ground, may be for a year or two. If we strike it in paying quantities I will get a $500 bonus besides my pay, so I am very anxious to find it. It is rather an expensive kind of work. Diamonds break quite frequently. We broke a little chip of two to-day in some very hard flint, which is found in streaks in the rock. This will stop the work until they are reset in another bit. We keep "blank bits" on hand. The engineer bores a hole in the steel and makes it fit the diamond as near as possible and hammers the steel all round it, till it is closed in tight to the diamond, leaving two cutting edges exposed, one edge on the bottom and one on the side. It is a very nice job, and has to be done very accurately so that they will all do their share of cutting. We have used up two bits since we started, one bored about 78 feet and the other 162 feet. If we cannot fit the broken diamonds, we will have to send to Chicago for some more. There has been no snow here yet, just frost enough to make about a quarter of an inch of ice in a night and all gone next day.

COMING!

PROF. L. C. CHAMBERLAIN.

Eye Specialist.

Will be at MacFarlane & Co's Drug Store, Durham, Ont.,

Wednesday, Jan. 30, only.

He has examined and fitted with glasses 12,000 eyes during the last twenty years. He has been in 1,000 towns and cities and advertised for bad cases others have failed on. This alone has given him more experience than many men will have during ten lifetimes. It will pay you to call and get free of cost his paper on the eye, that has the name and address of 2,400 of your neighbors with their testimonials attached.

Children at school are often abused and laughed at because of their "dullness," when the whole trouble is imperfect vision; for although they see perfectly well when at play outdoors, and quite well when they first take up a book, they cannot continue to read for more than a few minutes at a time. Such children will sooner or later become Cross-Eyed unless the defect is properly corrected by an eye specialist.

"FROWNING EXPRESSION IN YOUNG LADIES."

Which is disfiguring in anyone, is only a symptom that her vision is imperfect and she cannot see as well as her friends.

RAMSAY & MORLOCK,

Upper Town, Durham.

We shall never stop building reputation, we are going to keep right on increasing our trade. But we're going to do it with quality, with price, with satisfaction, and the people are sure to support us. when we started here six months ago many persons told us that we could not do a cash business in this town. We have proved that it can by the adoption of two very simple rules.

Selling Goods close.

Buying & selling for cash.

Our Clearing Sale

During the past month has been a revelation to us. We now know that when we offer special inducements to our patrons, they on their part are not slow to grasp the opportunity. We carry out everything that we advertise, hence one great secret of our success. Another great secret is that we pay cash and take big discounts on all our goods. It stands to reason that a merchant who pays cash can certainly outsell a competitor who buys goods on time. We wont take time to quote many this week, but here are a few snaps.

Double Width Dress Goods from 12½c. up.
Stylish Mantles at 25% off regular prices.
Corsets, Gloves, Hose at clearing out prices.
Flannelettes from 4c. up.
Cheapest Boots & Shoes in town as everbody knows.
The slickest Stock of Men's Ties, Braces, White Shirts and Suiting in town.

If you haven't been in to see us it wont cost you anything to look around. We are always pleased to see you and quote our prices which we are sure will bring you back to see us again.

CASH STORE

WE ARE SELLING THE BALANCE OF OUR

Ladies' Cardigans at $1.25 a pair.
Misses' " $1.10 "
Children's " $1.00 "

We have a few pairs left, and at these prices you can buy nothing cheaper or better for yourself or children.

WE HAVE

Still a few Ladies Jackets on hand. Don't delay too long or you wont get one. Our Blankets are all wool, and pure wool at that, no shody or cotton. If you want a pair of that kind give us a call.

Remember

We are still in the lead in Ready to Wear Clothing, and have the best Clothing room in Town. No trouble to show our goods. Come and see us, we will be glad to see you.
