We shall never stop building reputation, wa are going to keep right on increasing our trade. But we're going to do it with quality, with price, with satisfaction, and the people are sure to support us. when we started here six months ago many persons told us that we could not do a cash business in this town. We have proved that it can by the adoption of two very simple rules.

Selling Geods close. Buying & celling for each.

Our Clearing Sale

During the past month has been a revelation to us. We now know that when we offer special inducements to our patrons, they on their part are not slow to grasp the opportunity. We carry out everything that we advertise, hence one great secret of our success. Another great secret is that we pay cash and take big discounts on all our goods. It stands to reason that a merchant who pays cash can certainly outsell a competitor who buys goods on time. We wont take time to quote many this week, but here are a few snaps.

Double Width Dress Goods from 121c. up. Stylish Mantles at 25% off regular prices. Corsets, Gloves, Hose at clearing out prices. Flannellettes from 4c. up.
