The public questions of the day will be discussed by Dr. Landerkin, H. P. O'Connor, Q.C., J. J. Wilson, Esq., Ed. Toronto Globe, and others. Mr. Allan, candidate for the Patronage of Industry is invited to attend and speak. Every body invited. The front seats will be reserved for the ladies.

Miss Lizzie McDougall, Mrs. E. Davidson's Milliner, left yesterday morning to attend the Millinery openings in Toronto.
We were sorry to hear Miss Ena Paterson had an enforced holiday last week caused by a sore throat. Her pupils will be sorry to miss her also as she is a well-loved popular teacher.
Caldwell's new series now completed and looks truly handsome in all its finish. The counters are of oiled maple, substantial, with very tasteful mouldings.
We print a letter this week from a friend in Edmonton whose experience and thoughtfulness along with close observations makes anything from his pen interesting reading.

PATRONAGE.—Mr. W. Caldwell has received this week a large importation of pressed hay from Blyth. It seems that this article can be imported cheaper than local holders are asking.
The lovers of song and the dramatic art will have a feast next week as the Fraser Amusement Co. are billed for "one solid week" in the Town Hall. Don't forget they are under the auspices of the Band.

A. R. STOK, the Patron.—McCarthy's candidate in N. Grey, has stated to the G. S. that he has retired from the contest, and has written to the lodges informing them of his intention. He is satisfied the support he would receive would not be sufficient to effect his election.
Next Thursday, March 7th, the first Annual Meeting of South Grey C. E. Union will be held in the Pres. Church, commencing at one o'clock. A large number of Endeavorers and their friends are expected, and as a good programme has been prepared, a very pleasant and profitable time is expected. Mr. J. M. Cooper, of Hanover, is Pres., and Miss M. A. Isaac, of Drumore, Secy.
March comes in to-morrow. It has a reputation of being the "blustering month." If it is any worse than February has been, or even as bad, pity us. Last Thursday's storm again blocked all roads, and delayed the mails for 2 days. Misery loves company, and we are interested to learn that the counties to the west of us, were blocked earlier and remained so longer than with us.

Dr. Landerkin has so far recovered from his indisposition as to be able to lead his campaign. He does this at Elmswood on Saturday evening and in Hanover on Tuesday evening. The meetings held by the Dr. will be public meetings, at which all are welcome, and we hope in the interest of all that the public questions of the day will be discussed on the same platform without bitterness.

Whenever you hear a man finding fault with his local paper open it and ten to one he hasn't an advertisement in it. Five to one he has never given a job of printing to do; three to one that he does not take the paper; two to one that he is a subscriber he is a delinquent. Even up that will assist the publisher in any way that will assist the publisher to run a good paper, and forty to one that he is the most eager to see the paper when it comes out.
Mr. A. McKenzie, postmaster, got home Friday night last from Toronto where he had been as delegate to the Grand Lodge A. O. U. W. He reports an interesting session. The burning topic was that of separation from the Supreme Lodge and as this met with great favor it will likely be secured here long. Ontario is one of the strongest Grand Lodges, numbering nearly 28000 members, so she will be quite able to stand alone.

Hon. S. N. C. Wallace and W. B. Ives addressed two meetings in the opera house, Collingwood, last Thursday. Mr. Ives surprised the audience by announcing that a general election would not take place for some months to come, and when it does come off the people will not need their overcoats. The addresses at both were almost wholly devoted to the National Party. James Tilton, who was nominated as the Patron candidate for the Commons in East Bruce, has definitely declined the nomination.

BACHELORS' BALL.—The storm of last week interfered with the success of this society event to some extent. However, although those from a distance were prevented from being present the local devotees of the "light fantastic" gathered in a goodly number and enjoyed themselves in "chasing the glowing hours with flying feet," till well on in the evening. The town hall, at considerable trouble had been made to look like a ball room, and there is no doubt a favorable evening would have made this the most brilliant event of the season. On the following evening the younger generation were in training and if the participation was equal to the anticipation, we are sure there must have been a "good time."

People's Mill, Durham.
The Sacrament of the Lord's Supper was dispensed in the Pres. Church last Sabbath. Rev. Mr. Jansen officiated. Owing to the storm on Thursday Rev. Mr. Little was unable to be present on Friday.

We would like to call attention to McFarlane's Catarrh Remedy. It is a special department of their business and superior to anything else. It is what is wanted. They have added a tonner to their equipment, which makes the paper very in a short time without extra cost.
HEART DISEASE RELIEVED IN 30 MINUTE.
—Dr. Agnew's Cure for the Heart gives perfect relief in all cases of Organic Valvular Heart Disease in 30 minutes and speedily effects a cure. It is a powerful remedy for Palpitation, Shortness of Breath, Stuttering Spasms, Pain in Left Side and all symptoms of a diseased Heart. It is a safe, certain, and permanent cure. Sold by McFarlane & Co.

Mr. Jas. Merchant, of the 10th Con. Regiment, died very suddenly last Friday. He had been ailing slightly, but nothing serious was apprehended. He complained of feeling unwell, and while his wife was preparing some simple remedy, he went to bed and shortly afterward breathed his last. A wife and nine children mourn his loss.

When Others Fail Hood's Sarsaparilla builds up the shattered system by giving vigorous action to the digestive organs, creating an appetite and purifying the blood. It is prepared by modern methods, possesses the greatest curative powers, and has the most successful record of actual cures of any medicine in existence. Take only Hood's.
Hood's Pills are purely vegetable, and do not purge, pain or gripes. 25c.

That Durham Pharmacy affair is causing quite a sensation. Certain parties interested have left the area but some of the knowing ones say, it is to buy more goods. Greater numbers visit their every day, sales increase and profits decrease. They are selling McKenzie's Tonic Cough Syrup, Emulsion of Cod Liver Oil, Horns and Cattle Food, and McKenzie's Baking Powder. 25c. They guarantee all their goods to give satisfaction.

Notice. The 2nd annual meeting of the Laminash Butter & Cheese Manufacturing Association will be held in the School House, Laminash, on Saturday, the 10th day of March, 1893, at 10 o'clock, P. M. for the transaction of general business, including the election of officers, milk and letting the contract of supplying wood. All are cordially invited.
By W. J. EARLIS, Secy., Laminash, Feb. 22nd, '93.

The Basement of the Methodist Church has been undergoing quite a renovation lately. The ceiling is tinted, the wall and ceiling room papered, the chairs painted, a new organ in Mr. Parker's hands, and the windows in the spring, when Jack Frost goes out of the business, and in the meantime a Sunday School orchestra is being organized. High Mr. Parker at the musical helm. Mr. Pomeroy as preacher and his wife and the ladies as painters and musical artists progress is assured.

The Farmers' Sun is anxious to be fair and just to all and will not do anything knowingly to an injustice to any of our public men. We noticed the statement, over and over again, that Mr. Laurier, during his recent Western tour, travelled in an official capacity. P. P. R. or the general of the company, and had not noticed any contradiction of the statement. We therefore gave publicity to the facts as it was one that in our opinion the people should know. The Globe now states, however, that the statement is incorrect, and we cheerfully make the correction. We would only be too glad to make similar corrections regarding the Dominion Ministers and a large number of M. P.'s and Senators who are constantly accused of travelling on free passes and then charging the country ten cents a mile for their trips.—Sun

EDGE HILL ECHOES.
We have not experienced such a severe winter in 61 years. Tramping is no fun this winter. One or two such winters and we shall be forced to go out of the business.

The new chorus is, "The Avenue is a hard road to travel." The air is said to be quite catchy.
Sandy Binnie has been under the weather for some time with influenza but is able to do about once more.
Mr. Jas. Banks was home from Proton last week. Evidently the climate of that Township agrees with him for he is getting quite robust.

It wasn't for nothing that Geo. Tucker spent the winter in Ontario, since he bears away a blushing bride to the wild and woolly west.
The farmers here have nearly all got their ice supplies in, and many are of them just commencing to get in their supplies of hay.
Mr. Geo. Kennedy, of Collingwood, has just returned home after spending a few weeks with his uncle, H. McFarlane. Geo. is quite popular on the Avenue.

Miss Mary Neil, one of Glenelg's most charming damisels has captivated the heart of a Durhamite, Mr. Jas. Lenahan. The happy pair were made one at the Catholic Chapel in Glenelg by Rev. Father Maloney last week. We wish them all possible happiness.
Increasing interest is being taken in the Dairy. Notwithstanding the Government's proposal to pay 2c per pound for butter for the English market the people look on the project with no favorable eye. We understand that a meeting is to be held in this neighborhood ere long to consider the advisability of establishing a cheese factory. Mr. T. Greenwood expresses himself as willing to give a grant of one acre of ground, whereon is a never failing spring for a site. The farmers feel that something must be done. If every neighborhood builds and sustains a cheese factory, there will be the danger of overproduction, but with creamery butter ranging between 6 and 8c per lb. there is little to hope for from that industry unless a great change takes place.

CATARRH RELIEVED IN 10 TO 30 MINUTES.
—One short puff of the breath through the hose, and there is no doubt a favorable evening would have made this the most brilliant event of the season. On the following evening the younger generation were in training and if the participation was equal to the anticipation, we are sure there must have been a "good time."

FAINTED IN CHURCH.
THE DEPLORABLE CONDITION OF A YOUNG LADY IN BROCKVILLE.
A Case that Created Much Interest—Weak Almost Bloodless and Frequently Fainted to her Bed—Again Enjoying Complete Health.
From the Brockville Recorder.
Readers of the "Recorder" have no doubt followed with interest the many instances related in these columns of the remarkable cures of a very young lady, who, of previous ailment with diseases of different kinds, by the use of Dr. Williams' Pink Pills, has been cured and recovered, the economy we understand, to the people of Brockville and vicinity from the fact that this town is the home of the Dr. Williams' Co. and the place where the old Dr. medicine is made. The family of Mr. Thomas Humble, residents on Park street north, furnish a case of such recovery to less notable than any previously published, that will be of great interest to our community.
The family of an employee of Bowler & Co., Brockville, and is well known and highly respected in our city. The name of his family, who cure we have mentioned, is the name of the "Recorder" is a girl of about thirteen years of age. She was in the case were brought to the notice of the "Recorder" by Mr. Wm. Binks, a well known merchant and resident of Brockville, who is now residing in the city, and is being treated by Mrs. M. H. Humble, who was attacked with an extreme fit of weakness and fainting spells, and was in the hospital of the Brockville church. This girl, who is now residing in the home of the family in question, and upon stating his mission to Mrs. Humble, the story of the case was briefly related, but however, will any desire for notoriety, but rather a determination on her part that it should be given if it might in the least be of benefit to others similarly afflicted. According to the mother's story, the girl's illness dates back to the summer of 1887. Her trouble was extreme weakness and exhaustion, caused by weak and watery blood. She had severe nervous headache, heart palpitation, and other symptoms which follow a depraved condition of the blood. She was in the hospital of the Brockville church for several weeks at a time, and had to have her meals carried to her. For a period of over three years she was almost entirely unable to do any work. The doctor's remedy in would prove of benefit while taking, but as soon as the treatment was discontinued the illness would become worse. Her friends were much discouraged and feared she would not recover. In the summer of 1890 Mrs. Humble read of a similar case where a cure was brought about by the use of Dr. Williams' Pink Pills. This prompted her to give her a trial in her daughter's case, who was at the time so weak that she could not leave her room. The result was remarkable. There was a marked improvement, and by the time two boxes were used Miss Humble prepared to be so much recovered that she would be able to do her usual work. But it later became evident that the patient had not been fully cured, and after a few months there was a return of the trouble. Miss Humble was sent on a visit to some friends in the United States in the hope that a change of scene would be of benefit. In fact, the girl's health was then so improved that she was able to go to school, and she is today as well and strong as any girl of her age. Her mother told the story of her daughter's illness and recovery with an impressiveness that carried conviction to all who heard of it. Miss Humble also corroborated her mother's statements, and they can be considered as true by many other friends in the church, the Sunday School and others.

A Perfect Cure by Hood's Sarsaparilla.
"It affords me much pleasure to recommend Hood's Sarsaparilla. My son was afflicted with great pain in the joints, accompanied with swelling so bad that he could not get up stairs to bed without crawling on hands and knees. I was very anxious about him, and having read Hood's Sarsaparilla Cures so much about Hood's Sarsaparilla, I determined to try it and got a half-dozen bottles, four of which entirely cured him."
