Teachers and pupils please take notice that by an act of the Ontario Legislature Chatham is now a city. This makes?

At the conference with Newfoundland delegates one of the first points decided was that in pronouncing the word the accent must be placed on the 2nd syllable.

Chatham town council has voted each of the newspapers of that town $100 for reporting their proceedings during the past year.

McKenzie's Regulator the great spring medicine is guaranteed to give satisfaction. Price $1.00, reduced to 50c, at the Durham Pharmacy.

We are more than pleased with the crowd that attended our millinery opening. If you have not been in yet you don't know what you have missed. Ramsay & Morlock.

The Small boy has discovered that Good Friday and Easter Monday are reliable Holidays. They never come on Saturday as Queen's birthday has a habit of doing occasionally.

The Grand Encampment of the Order of the Maccabees met in Sarnia last week. The question of forming a provincial encampment came up, but nothing was done this year.

An exchange tells of a wagon maker who had been dumb for many years, who the other day picked up a hub and spoke. That is not as wonderful as the blind carpenter who reached for a plane and saw.

REDUCED SALARIES.—The C. P. R. has made a reduction in the rate of wages paid to the employees. President Vanhorne had $12000 knocked off his salary by reason of the reduction.

A young Englishman, about 18 years of age, named Gilden, entered the home of Mr. B. Hargrave, near Maxwell, recently and stole clothing, watch-chain, etc, to the value of $30.00. He came to this country through one of the "homes."

Secretary Irwin, of Flesherton, as soon as the sap begins to flow begins to bestir himself in the interest of S. Grey Teachers' Association. This body meets in Flesherton next month, and the active Secretary is now on the look out for a programme.

The Shelburne Fire brigade have been reorganized. Not to alarm the citizens unnecessarily when the brigade is called out for practice, nine strokes of the bell are given, three at a time "3 times 3." Another wise provision to prevent accidents to firemen, is that when a fire does occur, the electric light should be cut off.

The wheelmen were very much in evidence in Toronto last week. Hundreds of delegates entering into their business with enthusiasm give an indication of the mighty change that is taking place in means of human locomotion by the use of the now popular "bike." The annual meet takes place next year at Waterloo, and a keen rivalry exists between various places for future meets, even up to 1899.

We were a little surprised to learn in a few minutes chat with the President of S. Grey Patron Association that the first intimation he received of the calling of the district meeting of Tuesday last was from the columns of the REVIEW. A case of oversight it could not have been. Surely it was not distrust of the chief executive officer of the district and of one who put in hard work for patronism too.

There has lately been added to the shelves of the Mechanics' Institute, several hundred volumes of first class reading material. All departments are represented. History, Biography, Fiction, Poetry, Travel and Adventure, etc. An order of $150.00 worth is expected from London, England in a few days. Watch for the Annual Meeting early in May, and take an interest in this thriving and beneficial institution.

The danger of publishing alleged "cures" in the newspapers is illustrated in the following instance. The note appears in the Lindsay *News Items*, and is signed "Medico": In your issue of January 5th you published what is said to be the formula of the gold cure for drunkeness, and in so doing a serious error crept in. Instead of one ounce of nitrate of strychnine it should read one grain. The recipe stated that after the second or third day "the desire for drink will cease." This is undoubtedly true—or desire for anything.

The extensive sale of Farm Stock, Implements, etc. at R. Watson's in Normanby, resulted very satisfactorily to the proprietor. One thoroughbred mare brought $106.00 and others were much above the present low average price of equines. It was freely conceded that the stock were of a high quality. The farm will still be run successfully by Mr. Thos. Watson, a son of the proproprietor, who will thus have his hands free and will be in a position to use his abilities, which are not small in a more responsible position.

TOWN COUNCIL.—A special meeting of the Town Council was held on Friday night last to consider the proposition laid before the Fire and Light committee a few nights previously. Nothing was done however and the council instructed the committee to go on and advertise for tenders for a building on the present market site to contain Fire Hall, Clerk's Office, Weigh Scales, Prison Cells, etc.

Thus has been done as a reference to our 2nd page will show. The construction of the tanks was let on Monday morning, the contractor being Mr. F. Wilson, of Allan Park, who has already begun operations at Kress' corner. Three of these are to be built in the meantime at a cost of about $200.

The Millinery department at J. Woodland's, is a chief centre of attraction at present. The large stock of pretty hats and bonnets displayed, shows that this firm believe in employing first class milliners. Miss Hoffman who has charge of this department informs us that flowers are used on every bit of head gear shown. The first hat shown was the "Olimpia" a small brown straw with black edge, trimmed with light brown tips, brown ribbon, silk velvet, roses and steel pins, and faced with black lace. The "Memphisto" is a large cream lace hat, trimmed with large cream tips, black ospreys, pink forget-me-nots, with black jet and ostrich feathers underneath. "Trilby" is one of the very latest hats, it is made of brown gauze, with gold crown edged with jet, trimmed with butter colored ribbon, jet sprays and bluette blue ribbon. This firm carries the largest range of millinery goods in town, and prices are low for first class goods. You cannot do better than give them a call, you will find Misses Hoffman and Cochrane very attentive. The rest of Mr. Woodland's premises are in keeping with the millinery department.

Dominies McCormick of Glascott, and Collinson of Hampden, gave the REVIEW a call last week, while enjoying their Easter two "days." Also, Mr. Watt, of Dornoch. In fact the pedagogues were out in force: we are always glad to see them.

Mr. J. W. Blyth's little boy met with a bad accident last week—by a fall from a load of lumber at Varney Mill, he broke his leg in two places. Much sympathy is shown for the little fellow and his parents.

We were much pleased yesterday to have a look at a splendid drawing of the three Liberal leaders, Laurier, Mowat and Blake. The work is well done and the framing, by R. Torry is creditable. Mr. C. C. McFayden is the proud possessor.

The Implement agents of town were kept busy Fair day showing and selling their goods. Miss K. Cochrane has made an innovation in the Woman's kingdom of work and is showing herself to be possessed of good business qualities.

McKenzie's Lightning Liniment cures rheumatism, lame back, headache, neuralgia, toothache, earache, sore throat, catarrh, inflammation of the kidneys and all painful affections. This remedy is positively guaranteed to cure the above. Price 50c at the Durham Pharmacy.

The fair on Tuesday as far as cattle was concerned was poor. However, as is usual the April fair had a horsey appearance, and a number of horses changed hands at, we believe, better prices than have been going for some time. Stallions not a few were on hand, the big, the beautiful, as well as the diminutive in the shape of a little Indian pony.

PROGRESSIVE SOUTHAMPTON.—There are 15 prominent residents of the village of Southampton at present confined in the Walkerton jail, and we understand that another contingent may be expected any day. We commend this fact to the attention of our contemporary the *Beacon*. For the last three or four years the *Beacon* has been warning its readers, regularly every issue, what would happen them if they didn't pay up, and it has come at last.—*Telescope.*

Messrs. Geo. Lamb, Jas. Boyle and Wm. Noran attended the high chancery court at Owen Sound last week to give evidence in connection with the Quirk trial, he (Quirk) having entered an action against the tp. for selling a portion of land for the taxes. The following gentlemen were also in attendance: Warden Binnie, Co. Treas. Parker, tp. Treas. Edge, Clerk Black, Dep. Staples, Assessor Bell, Collector Hunt, Auctioneer Noble, also Alex. Lyons and Pat Bell. Lawyers Armor, of Toronto, and Coffey, of Guelph, used all their skill for the Plaintiff, while Lucas and Wright ably defended the case. Mr. Justice Falconbridge presided. Decision reserved for a time.—*Glascott cor. of Standard.*

The Semi Annual Millinery Openings are looked forward to in Durham as well as other places. The show room of Messrs Ramsay & Morlock proved a very attractive spot for the ladies who thronged it on the opening days. Many and varied were the shapes and trimmings shown and it would be hard to pick out the favorite. One of the most admired was a "Duchess" bonnet trimmed with brown lace, bluette ribbon, roses and foliage, all combined making a most striking effect. Easter bonnets comprised a choice number shown in all the leading shades. Other shapes which might be mentioned such as leghorns, fancy straws, lace plaque, etc. occupy a leading place. Sailors of course are here and one in particular was the admired of all admirers. The firm are well satisfied with the result of the opening and look forward to a successful season. A look through their bright well filled store will repay any one.

Mr. Geo. Binnie treated himself to a new Seeder this week from Mr. Calder.

The Women's Globe promises to be a great success. We have half a notion to try a Wome 's Review. If we had a guarantee that Mrs. Review wouldn't ask us to keep that baby we might venture.

Mr. D. McNicol, M. P. P., gave us a call on Fair-day. He was enlightening us on the pass question. He had no fewer than five passes sent him, good over all the lines and on any day he chose up to the 30th of June, and three of them even later, which is certainly a soft snap for a man of leisure with an inclination to travel.

At the Patron Meeting on Tuesday last, Mr. Ed. Hunt, of Traverston, was elected to the position of President of the S. G. District Association in room of Mr. R. Watson, Jr. who has resigned the position. A resolution approving of the course of the Patrons during the late session was carried. A full report is promised us for next week. Mr. McNichol, M. P. P. was present, and addressed the body with acceptance. A committee has charge of the arrangements for a summer demonstration, to which Mr. Haycock is to be invited.

IN MEMORIAM.

Dorothy, beloved wife of John McLean, who died at her residence on Saturday, March 24th, in her 49th year.

Dark sorrow deepens round our home to-day.
The mother we so loved hath passed away
The tender guardian of our childhood years—
Is dead and knoweth not our bitter tears,
How patiently, how calm midst sickness sore,
How silently her sufferings she bore,
And smiled when God did call, with sweet content,
That spirit of a long life noble spent.

Oh mother dear our happiness hath flown
For thou hast left us tearful sad and lone,
No more at morn we'll greet thy loving face
Nor see thee in thine own accustomed place,
'Twill bring fresh grief to view thine empty chair
For mother thou will never more be there,
Cold death hath filled our hearts with deepest gloom
And all is dreary on this side the tomb.

Dear mother in thy home thy children mourn,
But thou shalt ne'er again to earth return
Thy love'd one will on thee cradled from thy breast
Hath followed thee unto thy lowly rest,
Tears see that soothed our fears in grief and pain
On earth shall never more be heard again,
But God one solace to our grief hast given,
That we may see thy smiling face in Heaven.

On earth obedient to God's holy will
In Heaven thou'lt be to us a mother still
Then look upon thy children from above,
Whom thou did'st guard on earth with tender love.

And when this life of weariness is o'er
Oh clasp us to thy bosom as of yore
For though the grave doth hide thee mother dear
Fresh shall we keep thy loving memory here.

DROMORE.

Mr. Jas. Wilton and family have moved into the house lately occupied by Dr. McKenzie and we believe Dr. Bird intends to occupy part of the house for his office and reception room.

Anticipations of the I. O. F. of Court Dromcre, holding an entertainment in behalf of the court sometime near the last of May. More information again.

A deep sorrow fell over the home of Mr. and Mrs. Hugh Baird, of Lauriston, formerly of Dromore, on April 9th, when their little daughter, Agnes, aged twenty months was taken from them by that dreaded disease, scarlet fever. For two weeks her life hung by a thread. Her remains were brought to Mr. James Isaac's where the funeral services were conducted by Rev. Mr. McVicar, and thence to Amos graveyard. The utmost sympathy is felt for the sorrowing family.

Death! on Death, thou hast bereft us,
Of a form we loved so well,
Thou hast taken fair young Agnes,
How we miss her, none can tell.

She hed been with us scarcely two years,
And it hardly seemed a day,
When, with a troop of wand'ring angels,
Our little darling soared away.

"Try no longer to detain me,
Fondest parents, drowned in woe,
Now thy kind caresses pain me,
Morn advances let me go.

"Bark! the Savior, He is calling,
My new-born soul must go,
In Paradise to dwell forever,
Beyond the reach of woe."

Farewell, dear babe, a long farewell,
Soon we shall follow thee,
And when we'll meet we cannot tell
How great our joys shall be.

Modern!

Featherbone Corsets must not be confounded with those which were made five or six years ago. The Featherbone Corset of to-day is as far removed from the old style, as black is from white.

BUY A PAIR AND YOU WILL BE PLEASED.

MILLINERY OPENING!

Judging from the attendance and the evident interest evinced by the Ladies the two first days of our Millinery Opening was a Success.

Comparisons with other Stores, of course, were the order.

We are of course more than pleased with the verdict.

On Saturday next,

You will have another opportunity of viewing our immense stock, perhaps a better time, not so great a crush.

YOU ARE INVITED.
