 Mr. J. W. Crawford, delegate from Ben Nevis Camp to the late Grand Camp meeting at Niagara, was ready to report last Friday night. A great and necessary change has been adopted: that of gradual new recruits. Heretofore the members paid an equal amount and this was felt to be an injustice to young members. Accordingly, beginning in January next, a system of monthly payments, graded according to age at time of entry, will be adopted.
 That the Orange Hill still adorns or does not adorn the brow of our hill is not the fact of one of our citizens, who on Friday night last, attempted to make of it a bonfire. He was a little too "preposterous" however, as the observed that Allan Park almost just returned from a few minutes the supposed bonfire developed into a flame, and a rush for the hill was made in time to see it, but not to discover the gentleman whose evident desire was to see it in ashes. Five minutes more and the half would have gone and no doubt much valuable property besides. It is high time such practices were stopped, and we hope our council will be able with the resources at our command to meet the devices of anarchy.

Canada with 5,000,000 population has had less than 5 murders for each 100,000 of her population during the past 10 years. Michigan with 3,000,000 population has had over 25 murders per 100,000 in the same time. Canada has had 232 murder trials in 10 years. Michigan has had 481. Canada has hanged 14 people for this crime. Michigan has none, and the Detroit Tribune thinks this is the reason for the increased murder rate of Michigan.

 At Elmwood, on the 16th April, the beloved wife of Mr. D. McGillivray passed away in her 88th year. The funeral took place on the 20th and a large number followed the remains to the Rocky Sauguen cemetery. Rev. W. J. Little being present by request delivered a discourse from Rev. 3, and 28th showing that this was a true resting place each wandering their way to their several homes, it might be asking why they next receive the solemn warning. Deceased was the eldest of six daughters of the late Mr. D. McGillivray of Beattieville, Scotland, with which he joined the Free Church and after removing to this, his adopted country he still followed the principles he formed in the Mother Country. Along with others he was one of the old pioneers in establishing what now is Burns Rocky Sauguen congregation of which the Rev. Charles Jansen, now retired, of Durham, was the first pastor. The late Mrs. McGillivray, of Durham, and Mrs. Hugh McKenzie, of Durham, and Mrs. John Morrison near Hornoch, who both were his nieces. And the others are Mrs. N. McLean, Mrs. J. Heddle and Mrs. D.  Mr. and Mrs. J. Chapman and family of Markdale, spent a few days last week. There were quite a number of young cattle on hand, consequently quite a number of calves ploughed.
 Mr. Richard Morrison had the misfortune last Saturday night to have eight sheep worried by dogs. One was killed and another was almost killed. The rest were not so bad and will get better. Mr. Morrison also had three young cattle on hand this year.
 Any person going past our school grounds will not have any trouble finding out whether their day has been observed or not. The grounds are well cleaned up and the interior of the school is nicely fixed up.
 Our Sabbath school has again been re-organized for the summer months under the superintendency of Mr. Wm. T. Chapman. We have good prospects of having a good attendance this summer, even better than last.
 Another of our pioneers was called to his long home in the person of Mr. George Bradley, who breathed his last on Friday morning about one o'clock. Mr. Bradley was a quiet retiring nature, but a good obliging neighbor and respected by all who knew him. The remains were interred in Maplewood cemetery at Beeber's Corners on Sunday afternoon at 2 o'clock. The funeral sermon was preached by Rev. Mr. Connor of Durham.
HOPEVILLE.
 We have had fine seedling weather this last week and the farmers are getting on well.
 David Allan and N. A. McDonald have been preparing to leave our village for the summer. They are going up the lakes and appear not to have their minds made up as to their field of labor as to whether they will stop, work at their trade or be in some other calling. Success to you boys, on your journey and may you come back with your pockets well filled with the useful.

 We expect a little fun here soon. We have a new comedian in the division this year and a certain party on the road doing some jobs. He said he took them from a last year's comedian who is not in now, and the new comedian thinks he is the one to see to such business. I intend to keep my eye open to see how it comes out.
