Miss Gertrude Smiler of Walkerton, is visiting at the home of her parents a short distance north of town. Dog Tags.—Clerk Russell desires us to give warning that all dogs must be muzzled before the 1st of June. Better attend to this and save trouble. We regret very much to hear that Mrs. And. Stewart, of Normandy, is very low at present and scarcely expected to recover. Nixon and Peter Hamilton's latest improved Sewers are in demand. The supply will be found at the shop of A. McKinnon, Fossilville. Rev. Dr. Robertson, Sun. of N. W. Mission, occupied Rev. Mr. Little's pulpit at Dromore and Rocky Saugeen on Sabbath last, and was much appreciated. CRAYON WORK.—Photos enlarged to life size and placed in an elegant frame for \$4.25. This is an introductory price to those just beginning the business. Satisfaction guaranteed.—E. J. Shewell. Mr. Hewson, of the Peoples Mill, drove a load of youth and beauty to Walkerton on the 24th. A party from the 24th Con. was also there, and with two boats, plumbing company and fine weather their time was happiness. Walkerton, owing to better inducements offered by Woodstock, losing its big chair factory, which the Telephone describes as a big blow to the town, and one which might have been prevented by a little more municipal liberality. The Underwriters' Association are threatening to put Clarksburg in a new class unless some important changes are made in the fire appliances. The Clarksburg people resent the threat and are just beginning the business. Satisfaction guaranteed.—E. J. Shewell. Victory dance to our boys at Harrison on the 24th. However, to have to play immediately on arrival after a long drive and then not be given full time of a match was rather placing them at a disadvantage. Mr. Forest secured one goal, and indeed came out on top all day. Mr. Robert Watson, Jr. in letters received lately speaks highly of the country in the vicinity of Hat Portage. He has left that point for Fort Francis, and is now in the city of Toronto. He has received an account of his first impressions of this new much talked of and promising district of Ontario. WORLD'S COLLEGE EXPOSITION.—Will be of value to the world by illustrating the improvements in the mechanical arts and eminent physicians will tell you that the progress in medicinal agents has been of equal importance, and is strengthening laxative that Syrup of Figs is far in advance of all others. One Walkerton Paper declares our boys at the visiting fair last week, as they were leaving town, our boys are so much junior to you, they have not yet quit their boyish pranks. When they reach the age of the Walkerton juniors they will have more sense but boys should never throw stones. LIBERAL PRIZES.—Those of our readers who are of a literary turn of mind will appreciate the liberal offer made elsewhere in this issue by the Dr. Williams' Medicine Co., Brockville, Ont., who also announced a series of prizes amounting to \$200 for the five best short original stories submitted in the competition of this kind in Canada. We believe, the largest ever awarded in a competition of this kind in Canada. We believe, it will be a liberal recompense for a story of the length named. We will be glad to hear that any of our readers have succeeded in capturing one of the prizes. When a stranger asks for information about the town don't cry "hard times, town is bankrupt, people no good," but tell the truth. Tell them we have a live town, a progressive town, interested by up to date people. Speak well of the town, its residents, its merchants, and its business. Don't be growling at the town, is to leave every dollar you expend in it. Patronize your local dealers. The local merchants of necessity, you can get goods just as cheap in town as any other place in Ontario, and even supposing you pay a few extra cents, how much have you saved in railway fares. The local merchants of necessity, a heavy contributor to the expense of running the town and is fairly entitled to your support. Let us work together for the advancement of our town during the present year, and when the result is summed up in the end we will find a large increase in population, more residences and larger stock carried by our merchants. Don't be growling at the time but make the best of every thing. "NORMANBY CAN DO IT."—The ice cream social in Knox church, Normanby, on the evening of Queen's Birthday was a success. The young men met in the evening and spent a few hours at foot ball, where some kicking was done which might have roused the envy of professional. On adjournment to the church a long table was placed to the east of the building, which was piled abundance of the usual picnic material, while the deft maidens of Normanby supplied all and sundry with a generous allowance of delicious ice cream. Mrs. Moore and Mrs. McVivie were charge of this department, which was a guarantee of its excellence. Messrs. Thos. Gadd, and B. Morice stood at the receipt custom and secured for the Sabbath School the nice little sum of \$25.00. Dr. and Mrs. McVivie, the popular pastor was on hand and so was Mrs. McVivie and lady McVivie. The building was well filled with a hearty, sociable crowd who gave good attention to the speeches, listened to the music and dined between whistles. Mr. McVivie was in the chair. Mr. Wm. Allan, the S. S. Superintendent made a speech, which though on short notice, was brimful of good things and exceedingly eloquently delivered. Mr. C. Ramsay also made some remarks. Mr. Wm. Ramsay sang a solo which the audience complimented by demanding an encore. The Choir, which has of late received much new blood still takes a high standing, while the singing of the little girls, Misses Alice Watson, Susie Gadd, Louisa Gadd, Lydia Gadd, Winnie Watson and Maggie Gadd gives promise of splendid material for the future. The best were trained by Mrs. Jas. Watson, the choir organist, one of the most popular spirited ladies in that or any other congregation. Master Archie Watson's recitation was much admired as was also the fine solo by Miss Alice Watson. Of course the phrase "Normanby can do it" is in order.

### LOCAL AND GENERAL.

Rev. Mr. Jennings, of Hanover, visited the Rectory on Monday last. Two or three new hay slings for sale cheap. A. H. Jackson assignee. The Rev. Chas. Cameron has been under the weather for some days past, and the prospects for 1895 are very good. The Improvement Com. of the Society also met and let the contract for two new buildings for cattle and poultry exhibits. Mr. J. W. Crawford does the work for \$18500. With the improvement society for live stock, is most creditable, and whose success they ever show a more decided success than ever. Then perhaps funds may be found to place some natural public holidays for calling people together for purposes of sport, pastime and healthful pleasure. In the matter of public amusements, a responsibility rests upon towns, since, for purposes of organization public halls, etc. it has opportunities not within reach of country districts. Our town is a centre for a large district of country, which, but for us, and whose social leanings should also be with us, and are with us if we be attentive to our opportunities. The young and sociable not finding at home an opportunity for an outing, will look elsewhere, and associations will be formed that will ultimately affect our business. We have two organizations in town which could to great advantage unite for a day's sport: the Band and the Fire Brigade. Let the people be moved in the appointing of an energetic committee to confer with these societies on Monday evening giving due consideration to the scheme, and a programme of amusement for a day and evening could be worked up which would enable town and country to fraternize with pleasure. But upon the town rests the initiative, and they should be willing to "put up" and put up with a little extra amount on behalf of two worthy institutions. LET US CELEBRATE? PRICEVILLE. The 24th passed away quietly. Some enjoyed themselves in the County Town and various other places of amusement. The cold spell of the last two weeks everything green, but the warmth of the sun for the last few days has quite revived everything so that our week faith is beginning to get stronger again, but after some doubt as to whether the trustees of S. S. No. 10, Glenelg, have supplied the new school house with a set of fine new desks and seats at the end of the last week. They also have a new fence around the school premises, and a well being dug by the end of their duty, but for all somebody has to pay for it. Look out for heavy rain next December all concerned. Mr. James Muir was initiated in the Order of United Workmen on Monday evening. This is about the best Order in existence, and everybody should join while they are within the bounds of forty five years. W. J. Brown, Esq., Deputy District Grand Master made his official visit to this lodge the same evening. Messrs Thos. Nichol and Malcolm McDonald are two good men, and will keep them from attending conventions elsewhere, and the best of conventions here will take place on July 4th in connection with the Centennial Celebration. Our Church will seat upwards of 500 so the invitation is extended to all to attend that takes an interest in the proceedings. DROMORE. Miss Eliza Wilson spent Saturday and Sunday under the parental roof. Mr. Alfred Tucker, accompanied by Mr. Jas. Loughton, spent the 24th in town. Although the weather was very unfavorable, Amos Christian Endeavour Society was represented at the five meeting of the Union on the 18th. It was decided to hold the next convention in Paris on July 4th, commencing at 10.30 a. m. A grand rally is expected, and we hope much good may be the result. Dr. Bird has removed his office from Kenwick's to the home lately occupied by Mrs. McKenzie. Everything for the convenience and comfort of patients has been considered. Dr. J. D. Leith spent the 24th under the parental roof. The L. O. F. entertainment will be given on Monday evening, the 25th, commencing at 8 o'clock. Bills have been printed and sent to the printer. Mr. Coleridge has returned from a tour of the evening. A good as well as a profitable time is expected, so come. Tickets 25c. Mr. John and Miss Bella Wilson returned recently from a few days visit to the coast of the West Indies, and report having enjoyed their trip. Dr. Bird has purchased a bike, we believe one of the best of a good article. We are sure he will find it of much convenience. Mr. Ed. Wells started last Monday to hunt a few prospects, and with favorable weather, will no doubt secure a good burr. The 24th was spent here in various ways, but we believe the majority of the young people took themselves to Mr. Stuel's where the afternoon was spent in playing ball, and in having their social tea-table. A much needed improvement is being made on our streets by the addition of a sidewalk and when completed will add much to its appearance as well.
