We strongly advise helping it along. Many important changes have been made in the Prize List, which adds to its usefulness, and will be appreciated by the exhibitor. HYMENEAL.

One of the prettiest weddings in Durham for some time took place in the Methodist church on Monday last, that truly lovely Canadian girl—Miss Jennie Small, daughter of Rev. J. C. Small, of this town. The church was prettily decorated with flowers and ferns by the friends in the congregation, and the entire affair was a most beautiful and happy occasion.

HYMENEAL.

The church was crowded with interested spectators, chiefly ladies, to whom these ceremonies have a never fading interest. The duties of Messrs. Jones and Morlock, the ushers were no sinecure, as the seating capacity of the church was taxed to its utmost.

HYMENEAL.

The bride and groom were escorted to the station by a large company and they departed under the most auspicious and congratulatory to Palmerston, thence to Chataqua, visiting afterwards at the home of Mr. and Mrs. C. T. U., and Kincaid and home again before retiring down to their work in Kemil.

TOWN AFFAIRS.

The Council meeting on Tuesday night last was stormy, accounts were numerous, and the settling of them caused some talk and not a little excitement. Just who is responsible for the unsatisfactory state of affairs in regard to the tanks will never be unanimously decided. It will cost the town about \$50 anyway, one quarter of the original cost, to put them in a safe condition. Somebody, blundered.

TOWN AFFAIRS.

Another unhappy feature is the relation of the town to the fire brigade, corporately and individually. The brigade complain of neglect, may be of excessive treatment and in stilling remarks by ratepayers while engaged at their duties. This seems hard to believe, that men who assume a noble and dangerous position, voluntarily, for the public good, should be sneered at and by those whose property is intended to be protected!

TOWN AFFAIRS.

Since the above was written the meeting has been held. A very fair result was taken in by the citizens. The troubles have largely arisen owing to indifference largely to blame, and the hard and unnecessary labor in hauling the horse roads. The Mayor will see that the horses are provided in future. The matter of compensation is the bugbear. Councilman Gray has introduced a voluntary brigade and volunteered his services.
