What the *Toronto Globe* says of Annie Louise White, who will be at Town Hall, Durham, Nov. 4th. "Was remarkably clever, and excited a persistent recall. Her re-appearance at anytime will be hailed with delight."

CRUSHED.—We regret to hear that Mr. Wilfrid Watson got severely crushed while between two horses in a tight stall. Wilfrid has had more than his share of accidents and hope he may come out of this successfully.

The Kickapoo Med. Co. are pleasing both old and young with their entertainments, which are held nightly at the Town Hall, Prof. Lexington lectures each evening upon the virtues of the Kickapoo Remedies. 1

IN '69.—In a conversation with Mr. Charter Smith on Monday he reminded us that in 1869 snow fell on October 19th and lay continuously till spring. Many of our readers will remember the year when potatoes, turnips, and even oats were out all winter.

Mr. Arch. McLellan, of Scotch Town, came home Tuesday night from a visit to Cleveland and Detroit. His brother John, formerly with the McKechnie Bros., is doing well in a grocery business. Archie may again take a trip to the land of big corn fields.

VARNEY CHEESE FACTORY.—Thursday of last week the patrons of this factory got their return for the fourth sale of the season. Cheese has ruled low this season and the returns are small. The market however is looking brighter and those who can hold on in 1896 will likely see better prices.

BOTH FOR $1.25.—By arrangment with the publishers of the *Weekly Globe* we are enabled to make the following exceedingly liberal offer. We will send the REVIEW and *Globe*, both papers, to Jan. 1st 1897 for $1.25 cash, 15 months for $1.25, you will never get cheaper reading. Join the REVIEW Club at once and get your neighbor to do the same.

AGRICULTURE.—We are pleased to inform our readers that Warden Binmie has very kindly agreed to furnish the REVIEW with a series of letters on the above subject as far as it concerns the County of Grey. He makes his premises in another column this week and our readers we are sure will with both pleasure and profit wait for and read Mr. Binnie's collations and conclusions from time to time.

S. OF S.—Grand Camp. Inspector W. C. Commins paid the officials of Ben Nevis Camp a visit last Friday. A meeting of all members within reach was hurriedly called, and a couple of pleasant hours were spent in fraternal chat and information. The order it seems is prosperous, and a new departure of graded assessment will likely make it more so. The genial Inspector owns a $12,000 theatre in Oakville. Piper Stewart enlivened the meeting.

THE SNOWSTORM.—Never, we imagine did a more unwelcome snowstorm descend on this country than that of Saturday and Sunday last. At a time when the general desire is for a long open fall to shorten the winter feeding season in this scarce year six inches or more of snow on Oct. 29th comes as a crusher. It is gone again however, and few will wish for a return of the "beautiful snow" for 5 or 6 weeks yet. In this season of extremes, however, turnips will be rushed to the roothouses at once.

VARNEY ANNIVERSARY SERVICES.—These were held on Sunday last and on Monday evening following. The little band of faithful members and adherents in connection with this church are nothing if not enthusiastic, and while constantly pressing on take time yearly to hold a commemorative season of their foundation some 10 or 12 years ago. This year the chief interest centered in the Rev. Mr. Lee, a brother minister from Owen Sound, and an old college friend of Mr. Flagg's. He preached morning and evening on Sunday last, Rev. Mr. Jansen officiating in the afternoon, and all the services were much appreciated, though the storm prevented many from being present. On Monday evening a literary feast was provided. Mr. Lee being the prominent figure. He is a reciter of a high order and many professional elocutionists might sit at his feet and learn. Mr. R. Parker and his fine choir rendered good music, and Varney people are much indebted to them. Mrs. Flagg gave several excellent selections with skill and taste. "The Holy City" being particularly pleasing. Miss A. McKenzie proved an excellent accompanyist. Mr. Charter Smith gave an address replete with valuable advice to the young whom he urged to the study of biography of great men. Mr. Flagg proved an excellent chairman well illustrating in himself the possession of the successful chairman's three requisits brevity, humor, sense. A very pleasant meeting broke up about 10 o'clock.

DEATH'S HARVEST.—Last week the grim reaper seemed to be peculiarly busy. Miss Mary Keith, an estimable young lady well known in Egremont, and niece of Mr. J. W. Crawford of this town died on Wednesday. Shortly before Mrs. M. McGillivray and child aged 4 years passed away. On Thursday

MR. ROBERT IRVINE,

well known throughout Egremont and Mt. Forest, was taken off under peculiarly distressing circumstances. It was a case of typhoid fever, with which Mrs. Irvine was also attacked, and suffering from other complications, she is very dangerously ill. A family of six children adds poignancy to the distressing situation. Mrs. Irvine is a daughter of Mr. Nelson Main, near Holstein, and neice of Mr. Thos. Allan of this town.

MR. WM. GRANT.

Another old and respected resident has also left us in the person of Mr. Wm. Grant, one mile south of Varney. The deceased, was in his 86th year was a man of massive build and strong constitution, honest and outspoken in his convictions, qualities which are inherited by his three stalwart sons. The deceased came from Cromar, near Balmoral, and had a strong love for his native land. He was an ardent admirer of the national bagpipes, which he played very skilfully, and in later years, when retired from all active pursuits, would play for his friends with a vim surprising for his years. He was at one time piper for the Marquis of Huntly and played before her Majesty the Queen on her first visit to Scotland. He has also officiated at many important gatherings both in the old land and here. He came to this country 41 years ago, and shortly after was married by Rev. Mr. Stewart, of this town The family consists of three sons and three daughters, who, with their mother, survive him. He was buried on Tuesday last, the 22nd inst, in Maplewood Cemetery, Rev. Mr. McVicar conducting the funeral services.

MRS. ALEX. FERGUSON.

Another old resident, of the Rocky Saugeen, has been removed. She was a sister of Mrs. Thos. Smith, of this town, and was much beloved and respected.

MR. JOHN ALLAN.

Still another. On Monday the remains of Mr. Jno. Allan, formerly of Orchardville, were brought from Thornbury to the residence of his daughter, Mrs. Adam Robertson, and on Tuesday were taken to their last resting place at Maplewood Cemetery. We extend sympathy to all mournurs. Truly death's shafts fly thick.

SOUTH GREY PLOUGHING MATCH.—This annual event awakens no little interest in the community, especially in our two Southern townships, Egremont and Normanby. What's the matter with Bentinck and Glenelg? We have been informed that the Smith's, of Dornoch, and others too in the north, were famed ploughmen in past years, and we venture to say have not yet lost their skill. The weather was delightful, and on that score as well as on the position and state of the grounds nothing more could be desired. The turn out too was very good, but it would seem as if some change should be made to prevent the recurrence of a dispute as to whether for instance, one or both sides of a feering is to be judged. To us it seems superfluous to discuss such a question as surely it should be the aim to encourage the making of every furrow as near perfection as possible. However in the past it has sometimes been the practice to judge only the "crown" and the side of the feering next, and to-day the judges would not or could not give a decision for 2nd place, owing to one of the competitors following what he believed to be the rule. It was left to the directors to decide and they will no doubt make a plain rule in future that every furrow is to be judged.

The following is the prize list:—

Class I. Men. 4 entries. 1st Jas. McIlvride, Egremont, with Alexander's Scotch Plow.) 2nd Jno. Swanston, Egremont. 3rd Geo. Alexander. Normanby.

Class II. Men. 1st J. Wilfrid Watson, Normanby. 2nd Jas. Sharpe, Glenelg. 3rd C. Gray, Jr., Egremont.

Class III. Men with Skimmers. 1st Thos. Lauder. 2nd Robt. Lawson.

Class IV. Boys. 9 entries. 1st S. Scott, Glenelg. 2nd Jas. Irvine. Bentinck. 3rd Adam Pettigrew, Normanby. 4th A. Mearns, Normanby.

SPECIALS:—For the best 3 rounds opening in Sod, Pres. Ward's special went to Jno. Swanston. Jas. Allan's special for best finish in stubble to Jno. McMitchell, Normanby, while the sweep stakes for the best all round work went to Jas. McIlvride, who thus secured the fine thoroughbred Chester White Sow given by W. Beitz, of the Central Hotel.

The judges were Messrs. Q. Pettigrew, of Normanby; Duncan Calder, of Egremont; Thos. Milligan, of Bentinck.

The directors are much pleased at the liberality displayed by Durham towards Agricultural institutions. Deputy Swanston informs us that [illegible] ahead of other towns and villa[illegible] respect.

No fancy one-s[illegible]dent is our old friend and pupil [illegible] Watson He is an adept with a [illegible]crapher's pencil and the typewrit[illegible] machine, but he can handle a team and a plow as well.

The directors found that a 10-acre field was a poor place to hold a private meeting with a plowing match crowd on hand.

Geo. Alexander is a veteran behind the plow. An enthusiast too in all that pertains to plows and ploughing.

Pres. Ward is himself a famous ploughman, and his advice is earerly sought for and his commendation valued.

Dep. Swanston must have left home bright and early. He was in town before eight. Where was Reeve Murdoch? was frequently asked.

Loud were the praises of the excellence of the boys' work, and the judges must have had no light task in awarding the decisions for all were good.

Many thought Jimmy Watson should have got a prize for his work seemed to be a model in every respect. In the Senior men's class too Jno. Sharp was looked upon by many as sure of 2nd place, but the judges saw it not.

Certainly John Swanston's opening deserved Ward's prize, for it looked as if it had been run in a mould and of course it was "moulded" by a skilful artist.

Jas. Allan was on hand during the day and indeed the day before laying out the ground, &c. Jim is a good canvasser for subscriptions for public Institutions, but he certainly does not shirk himself.

AGRICULTURE IN GREY.

MR. EDITOR.—I have just lately received the annual report of the Bureau of Industries for 1894—which by the way is somewhat late in making its appearance, and it would reflect more credit upon the management of the Bureau if the information it contains was laid before the public much earlier. There is much valuable information in the report which those engaged in Agriculture should make themselves acquainted with. We ought to compare ourselves with others and find out in what points we are lacking and where we can make improvements that will tend to our own benefit, and to the benefit of the whole community as well, for it is one of the facts that is not sufficiently known by the agriculturist, and scarcely noted at all by the rest of the world that the farmer can hardly improve his circumstances without at the same time conferring a benefit upon the country at large. Seeing then that his profession is of so vast importance, not only to himself, but also to the whole country, it is surely the duty of every agriculturist to make himself master of his profession, to glean knowledge from every source within his reach and upon everything bearing upon his calling with this object in view and with your permission Mr. Editor, we shall try and point out what useful information for the farmer there may be in this report of the Bureau of Industries. We shall compare this county with the other counties of the Province and try to discover what branch of agriculture succeeds best with us; find out what is best adapted to the climatic conditions, the nature of the soil, and market facilities of the county; find out what to adopt and what to discard; and find out if possible in which direction our abilities as well as our capabilities lie. I shall draw largely from the statistics with which the report is filled, but shall endeavor not to be wearisome, and with this brief introduction I think Sir, I had not better enter into anything further for this week but leave the figures for the next.

A MODEL APPLICATION.—The following application was sent in answer to an ad. for a teacher that appeared in the Toronto Globe. The ad. asked applicants to state experience, salary and creed.

Cobocenk University, Oct.—18—

To Trustees S. S. No.——E——

MR. SEC.

Sirs: Have seen your ad. for teacher in Toronto Globe. Before making application for the sit. I demand the following:—

1. The address of your present teacher that I may learn your character.

2. The No. of years schooling each trustee has had.

3. The class each was in when he left school.

4. The No. of years experience each has had as a trustee.

5. The age, politics, and creed of each.

8. Do you obey the first of all the commandments and also the record as expressed in St. Marks Gospel XII. 29, 30, 31.

My Creed is that I believe trustees should obey said commandments. Having had about 45 years experience with trustees I know something of what I require in this respect. I like them to be intelligent, liberal, courteous, moral, christian trustees who represent kindhearted, fair-minded, wholesome-tongued ratepayers.

To prove that you are worthy to be served by a graduate of our celebrated college you must send me testimonials from Miss D—— and others who have taught your School of late years and if these are satisfactory I will condescend to serve you at a salary of not less than your present teacher receives.

Respectfully Yours,
NICHOLAS NICKLEBY JR.
Graduate of Cobocenk University.

BUFFALO MARKETS.

Receipts of sale cattle were 220 cars, against 212 a week ago; the market ruled with a fairly good demand for fat butcher's stock and good handy weight steers at full strong to 10 to 15c advance while good shippers and heavy steers were dull and hard to move; the export demands were very tame. DOES ITS WORK IN SIX HOURS.

A Medicine That Will Relieve Distressing Kidney and Bladder Disease in Six Hours Deserves Your Attention.

Those who suffer from kidney trouble suffer acutely. Where some kind of sickness can be borne with fortitude, it is no easy matter to exercise this virtue when one is a sufferer from kidney trouble. Hope may sustain a person when a medicine is being used that doctors say will evidently effect a cure. But who wants to continue an agonizing course of treatment when a medicine like South American Kidney Cure is within the reach of everyone and that is so speedy as well as certain in its effects? This new remedy has been thoroughly tested by learned physicians, and stand to-day ahead of any medicine used for this purpose. It does not pretend to cure anything else, but it does cure kidney disease. Sold by MacFarlane & Co.

Miss Lizzie Laughton has also gone to swell the population of Holstein.

Mr. John Findlay delegate of Court Dromore, I. O. F. has returned from London and reports an enthusiastic meeting of the High court.

Last week we had the melancholy sight of seeing all use the Hearse of our enterprising Sadler and Undertaker, Mr. Colin McMillan on its way to the funeral of Mr. Wm. Troop, of Hopeville.

Brothers Ewers and Scott, of Court Dromore I. O. F. attended funeral of Bro. Archie McKinnon, of Rocky Saugeen on Sunday last. Mr. McKinnon is the second Forester to be buried by the Durham Court during the past month.

We congratulate Miss Maggie Adams on securing no less than prizes at the Holstein show.

Great pleasure was experienced by everyone under Mr. MacVicar's charge on Sunday morning when he announced that Mr. Gordon had been sent into the Presbytery, a short time previously, the reason given for his resignation was that he did not wish to stand in the way of a union between Knox and East Normanby churches. But since Knox was unwilling to unite he decided to remain. Still we think a rearrangement should be made in some way before the winter, so that Mr. MacVicar's charge as it would not be so far apart and Proton could have a regular minister. We think it would be a good way for Amos congregation to show its appreciation of Mr. MacVicar's consideration of his resignation by putting the Manse into proper repair and repainting it before the winter sets in. The church also might be improved in appearance by the use of the paint brush.

Mr. MacVicar dispensed the Sacrament last Sabbath in Amos and at Knox, Normanby in the afternoon. Mr. John Hastie taking the service in Swinton Park Church.

A new School bell has arrived for S. S. No. 13, and we are sure its silvery tones will be soon pleasant to the ears of those living in the immediate neighborhood, who have had to put up the last few months with bells more given forth by the [illegible] of late days. We hope this [illegible] the first but not the last of the many and much wanted necessities for the equipment of the school, which the trustees will see fit to place therein and the teacher in his arduous duties in teaching Physiological and Geographical subjects.

VARICOCELE, EMISSIONS AND IMPOTENCY CURED.

John A. Manlin says—"I was one of the count'ess victims of early ignorance—commenced at 15 years of age. I tried many medical firms and spent $900 without avail. I gave up in despair. The strain on my spirit was weakening my intellect as well as my sexual and physical life. My brother advised me as a last resort to consult Drs. Kennedy & Kergan. I consulted them. Took Treatment and in a few weeks was a new man, with new life and ambition. This was four years ago, and now I am married and happy. I recommend these reliable specialists to all my afflicted fellowmen."

CURES GUARANTEED OR NO PAY.—CONFIDENTIAL.

"The vices of early boyhood laid the foundation of my ruin. Later on a "new life" and exposure to blood disease completed the wreck. I had all the symptoms of Nervous Debility—sunken eyes, emissions, drain in urine, nervousness, weak back, &c. Syphilis caused my hair to fall out, bone pains, ulcers in mouth and on tongue, blotches on body, etc. I thank God I tried Drs. Kennedy & Kergan. They restored me to health, vigor and happiness."
