The Grey Review.

DURHAM, NOVEMBER 14, 1895.

DR. LANDERKIN AT GUELPH.

The Liberals of South Wellington have taken time by the forelock. They met in Guelph on Monday last to initiate the season's work of the Young Men's Liberal Club. The new Opera House, where the meeting was held, was crowded to the doors, and among the speakers of the evening were the Hon. G. A. Ross and Dr. Landerkin. After some humorous allusions to Conservative methods in North Wellington in the earlier times, and the modern Conservative methods adopted by Messrs Foster and Montague recently in London. Dr. Landerkin took up the challeng made by Mr.[s] Foster on that occasion, to be judged by his record, and showed from the public records how the the country had positively retrograded under the Government of these men now holding the reins of power at Ottawa. For instance under a revenue tariff 1871–1881 the city of Guelph had increased in population over 3000 but under the N. P. of 1881–1891 the increase was only 642. In South Wellington the showing was worse, and in North and Centre Wellington worse still, for the increase under the tariff revenue period was turned into a large decrease under the N. P. The deceptive work of the census enumerators in the matter of manufacturing industries was then dealt with, and the Doctor concluded a most able and effective speech in pointing out the inefficient and distracted condition of the present Ottawa administration. Certainly when Mr. Laurier comes to form his Government there is no lack of able and devoted followers on the Liberal side of the House, but of them all, there are few who, by length of service, steadfast adherence to Liberal principles and devotion to the interests of the country hold a place superior to the member of South Grey.

Mgr. Satolli the Papal Ablegate to the United States has been raised to the position of cardinal.

—Patron Leader Haycock in an interview with the editor of the Palmerston "Reporter" expressed the opinin "that a large amount of justice had been meted out" to the disqualified candidate Tucker.

—The decision of the court in the great Elbe disaster of last year is, that the officers of the Crathie were to blame, and they have been ordered to pay all damages, the ship to be held under seizure until all is paid.

—The marriage of Miss Vanderbilt to the Duke of Marlborough came off in New York on the sixteenth inst. The affair caused quite a flutter in the fashionable circles of New York. Out of it all the Duke has come with credit having refused to be a party to the American idea of the rehearsal of a wedding. True he did step on her train, but who could blame him, when it was 15 feet long.

—Canada, it would appear, in not alone in seeing its political life degraded by railway scandals. The late French ministry fell by reason of some of its members being implicated in the Southern Railway Scandals. The new ministry under M. Bourgesis has promised a thorough investigation into the affairs of the Southern R. R. Co. and announces its intention of introducing a bill prohibiting Senators and members from holding positions as directors of any companies having contracts with the State. This is a much needed reform.

—A large and enthusiastic meeting of the Liberals of the Maritime Provinces was held in Halifax last week, when arrangements were made for placing candidates in the field in every constituency and holding a series of meetings in the different Ridings. The visiting delegates were entertained to dinner by the local Liberals. Mr. Mr. Davies in replying to the toast of the Liberal Leader, said, that Mr. Laurier during his term of office had never made a tactical mistake even when called upon to act on the spur of the moment, and, without any disparagement of the late Alex. McKenzie of Mr. Blake, he said, there was no doubt but that Mr. Laurier was beloved by his followers to a greater extent than any other Liberal leader.

The Hon. Mr. Bayard U. S. ambassador to the Court of St. James, recently delivered a scholarly address on Individual Liberty before the Philosophical Institute of Edinburgh. After doing full justice to his own country and referring to the great and rapid changes going on among the nations, he said, that in the U. S. he had witnessed the insatiable growth of protection, which, he believed, had done more to foster class legislation and create inequality of fortune, corrupt public life, banish men of independent mind and character from public councils, blunt public conscience and place politics upon the low level of mercenary scramble, than any other single cause.

—"Uneasy lies the head that wears the crown." Speculation is rife as to the doings and more especially as to the intentions of the members of the Dominion Government. The members of this august body seem to be in a condition of chronic variance with one another, while the Premier seems to be in growing disfavor with his colleagues generally. However, he holds the key of the situation. When the Minister of Railways or the Secretary of State or perchance the Minister of Public Works or any other Minister of the Cabinet comes to him with an axe to grind and meets with a rebuff and therefore threatens the Premier with his resignation, Mr. Bowell at once informs his disappointed colleague, that should he carry out his threat then it will be his duty to call in Mr. Laurier, This ends the matter for the moment and apparent harmony again prevails. Evidently this sort of thing cannot long continue. The tension is too great, and nobody can tell what may happen on the morrow. One thing is expected to happen shortly—the sixth session of the present Parliament. It has been agreed among them that the House will be called together in the beginning of January, but, as the Manitoba Government has not yet replied to the remedial order and as no steps have been taken to fill the six vacant seats in the Commons it may be safely concluded, that the time of the re-assembling of the House is still among the many uncertainties which disturb the peace of the Government.

—The Rev. Dr. Dewart holds, that the principles of the Christian religion should find place in our Public Schools, but more in the way of the example of the teachers and the discipline of the school than by dogmatic teaching of any system of theology. He attaches much importance to the daily reading of the Scriptures in the Public Schools, but, should this be objected to, he would rather give up all religious exercise than give any support to denominational Schools, which, he regards as injurious to a country like Canada, and a hindrance to that unification of the people which is so necessary to the healthy political and municipal life of the community.

—In Foreign affairs all eyes for the present are centered on Turkey. At the Lord Mayor's banquet in London on Saturday. Lord Salisbury spoke hopefully as to the peace of England and of the possibility of the Sultan securing good Government throughout his dominions. Notwithstanding, there is no saying what contingencies may arise at any moment and such as to necessitate interference by the Western Powers, who, Lord Salisbury avers, are in perfect concord in their dealings with the Sultan. The policy of the Sublime Porte, as it has always been, is one of delay. Plots and counter plots are the order of the day. Even within the walls of the Sultan's palace. His officials are said to be mere nonentities, and it seems to be the impression all round that the Ottoman Empire is drawing near its dissolution.

—It is a matter of observation that many of the streams in the County of Grey and elsewhere have in recent years largely lessened in volume. For instance the Saugeen in the days of the early settlers belonged to the class of noble rivers. Now, in the dry season it can easily be forded dry shod. A similar drying up process is going on in the Western States. The "Mail" has it from the "St. Paul Pioneer Press" that a great many of the lakes in Minesota and Dakota have dried up, and that of the remainder nearly all have shrunken in volume. This phenomenon is due to first, the diminished rainfalls of the last ten years, and second the cutting down of the forest where forest existed, the breaking up of the prairie in the Western States and the consequent absorption of the rain and melted snow by the soil. In the County of Grey the forest is rapidly disappearing, and the swamps which form the headquarters of our streams though still in their primeval condition comparatively are being slowly encroached upon, and in some cases have given place to cultivated fields. Unless something is done in the way of planting forest trees and conserving the swamps the inevitable result will be as in the West, diminished rain fall, and long continued drouths.

—"The love of money is the root of all evil." So says the Apostle, and all experience goes to establish the truth thus so tersely put in Holy Writ. Many ways have been resorted to for the purpose of getting money other wise than by honest means. But it has been left to our own day to enter into league with grim Death for this purpose, and anxiously await his coming, and as he tells no tales, to assist us in cheating the Insurance companies. Cases of this kind are becoming frightfully common, and that when a friend or it may be a husband or a wife advises one to have his or her life insured there is no saying what sinister design may lie concealed under this other wise very proper suggestion. The last reputed case is the Alger affair which came up before the magistrate's Court at Whitby on Friday last. The wife of G. E. Alger, of Pickering, so far back as 1888 was found by her medical adviser to be suffering from consumption. Mr. Alger no doubt attended to his wife carefully, but as his efforts in her behalf seemed to be fruitless he determined to do some thing for himself and re-coup himself himself for all these attentions to the person whom he vowed to love and cherish till the end of his days. He first secured a policy on her life for 7000 in the Equitable Life Ass. Coy. But as life was rapidly ebbing towards the end of last year, and his opportunities were becoming more and more limited, he proceeded to effect another risk on her life for $4000 in the London and Lancashire Companies and another for $5000 in the Home Life. Indeed he now began to speculate upon her prospects of life, for on one occasion when closely pressed for some money he at once told his creditors to be easy, that one of these days he would have a 7000 dollar policy falling due. We will not inflict any further details upon our readers at present. The case is before the courts—Alger being sued for defrauding the Insurance companies.

NORMANBY GOSSIP.

Mrs. R. Morrice returned home on Saturday after visiting friends at Hampden for a few days.

Miss Lizzie Gadd intends to leave on Friday morning for Guelph where she will spend the winter months.

Mr. C. Petty returned from Manitoba on Friday. "My lands!" he's glad to see Normanby friends again.

Mr. J. Snell delivered a grand sermon from Knox Church pulpit on Sunday.

Miss Mary Morrice spent last week with friends in Fergus.

The people around Petty's corners were cheered at the beginning of the week with the happy presence of Miss Mary J. Ellis.

We have had the pleasure of seeing some Rainy River curiosities which Mr. Watson brought home with him. Indian arrow heads, gold ore, oats, timothy, potatoes, etc., etc. We believe Mr. Watson will make many converts to R. R.

A jolly crowd of young people enjoyed themselves at Mr. T. Gadd's on Monday evening. Methodists always take lots of fun along with their company.

HOLSTEIN.

Mr. A. N. Tucker, of Toronto, an employee of T. Eaton & Company, was visiting acquaintances in this village last week. He was formerly a clerk of the firm of J. H. Richards & Co.

We regret the death of Mrs. Nelson Main, who died on Sunday, November 3rd. She was buried Tuesday the 5th. The funeral was largely attended by friends and acquaintances.

The Kickapoo Medicine Company left our village this morning after a stay of two weeks. They intend to spend a week or two at Dromore.

The farmers in this neighborhood have their roots up and most of them are busy ploughing.

The weather is fine, but the roads are very bad

The collectors are now on their rounds and municipal matters are looming up. There will be no Council by acclamation in this township as a keen battle will take place for the two deputy positions as well as those of councillors. It is not likely the stronghold of the Reeve will be assail ed.

"Turn the rascal out"—the familiar party cry—may be applied to microbes as well as to men. The germs of disease that lurk in the blood are "turned out" by Aver's Sarsaparilla as effectually as the old postmasters are displaced by a new administration.

PRICEVILLE.

On Thursday morning at 12.30 o'clock the 7th inst., Donald Cameron, son of Mr. James Cameron of this village breathed his last, aged 20 years on the day of his funeral, making the 6th death in Mr. Cameron's family during the last seventeen years. This young man a little over a year ago was the picture of health. He contracted a severe cold, from the effects thereof he never recovered although able to be up and going about all summer until about a month ago. He was an exemplary fine young man, dutiful son and brother and by his removal, the father, now getting in his declining years, has received a severe blow as he expected him to be a mainstay in his old age. Mr. Cameron expresses deep sorrow at the death of his youngest son but praised the Lord for enabling him to bear this stroke of affliction, patiently looking forward for that blessed time when there shall be a re union with those beloved ones gone before him in that place where is no sorrow. The funeral which took place to Smellie's cemetery, D.R., Glenelg, on Saturday was largely attended notwithstanding the inclemency of the weather. Rev. D. McLeod preached a short sermon at the house as the day was so unfavorable he thought it not advisable to dwell long, he referred to the departed when in conversation with him a few days before his death he expressed himself as ready for death in the hopes of a glorious resurrection. He leaves an aged father and two brothers, John and Neil, of Grand Rapids, both married and Miss Jennie and Mrs. John McInnis to mourn his death.

IRISH LAKE.

Mr. Robt. Watson has leased Mr. Jas. Haley's farm and also purchased his team and harness. He will make a practical and progressive farmer. He took a trip up to the Soo this fall but returned again shortly, which plainly indicates his preference for Glenelg.

Mr. McIntyre, of Shelburne, was out this way Thursday and in company with Mr. T. Sullivan made a short prospecting trip. Mr. McIntyre is vastly pleased with the appearance of the surrounding country and intends investing in some real estate for speculative purposes.

Mr. and Mrs. Neil McLeod and family have taken up their abode in Markdale for the winter. Neil was busy building a neat little house on his farm when ice cold spell overtook him. However, he intends to resume his unfinished labor when times are slack in town.

The pleasant weather of which we were the joyful recipients last week enabled the farmers to make their final preparations for the winter months.

The many freinds of Miss Kate McRae, will be sorry to hear she has taken her departure for Toronto. Kate is a bright vivacious girl and will certainly be missed. On the eve of her departure a merry crowd congregated unexpectedly at her home where a pleasant time ensued.

Mr. Jno. Jones was calling on our new neighbor Sunday last. Thats right, always adhere to the old adage: never venture, never win.

Mr. Thos. Sullivan has sold his farm at Glascott to Mr. Thos. Moran whose extent of land is rapidly accumulating, he being the possessor of about 400 acres all together with exception of the road that intervenes.

Mr. Stephen Kelly is employed with Mr. Jas. Kerley, ploughing. Mr. Kelly is a capable painstaking, workman and toils both early and late.

After an absence of some months in Waterloo, Messrs. F. and W. H. Martin are home again as hearty and happy as ever.

PROTON CENTRE.

Mr. Editor we will once more attempt to send in a few items for fear you will think Mable has been snowed over during the storms of late.

Lifting potatoes and turnips is the order of the day.

Mr. J. Batchelor, the tea agent, is doing a rushing business. He is the right man in the right place.

Misses L. Bryce and J. Campbell took a trip to Cedar Valley last week to attend the semi annual Conference of the L. D. S. Church.

A few from this part attended the Revival meetings on the 16 con. one night last week.

Mr. Alex. McLaren and Miss Nellie left for Pa. last week where they intend remaining for some time.

Mrs. Williamson and daughter, of Flesherton, were the guests of Mrs. A Bryce last week.

We hear wedding bells chiming not a great distance away, but we must keep mum until we can give particulars.

Mr. L. Vert is busy digging a well for Mr. C. McLean.

MABLE.

MURDOCH.

Miss Sarah M. Sharp left a week ago Monday to spend the winter with her sister, Mrs. Alex. Freeman, of Rose City, Michigan.

A little daughter came to brighten the home of Mr and Mrs. Alex. Allan on Wednesday last.

Mr. Thos. Pollock, who has been taking a few holidays since he rented his shop in Durham, has now commenced blacksmithing in Holstein.

Mr. Jas. Tucker's house is about completed. Mr. J. Dezell is at present engaged in putting on the finishing touch with his paint brush. When completed Mr. Tucker will have a house which does credit to any farmer.

The farmers are taking advantage of the fine weather to hustle in their turnips.

Our annual entertainment which was held in the school house Friday night was as usual up to the times. The children did well moving to the careful training of their teacher, Miss Travagloni. Mr. J. Dezell's reciting was as usual highly appreciated. Miss Dickson, of Mount Forest, gave an instrumental, which was heartily encored, and the crowning part was the address given by Rev. Mr. Jansen, of Durham, to the children. Proceeds of the evening amounted to about $40.

EDGE HILL.

Mud is plentiful and cheap.

A double wedding last week caused a flutter of excitement.

A great many social events are on the tapis at present. The public will be inform ed of the occurrences from time to time.

Mr. Chas Spit le is at present visiting at Mr. Jos Firth's, where his little daughter Mary resides.

Miss Sadie Ector left home on Monday for Walkerton where she is attending high school.

Mr. Geo. Firth, long a respected resident on the Avenue moved to Proton tp. last Wednesday. Several of his old neighbors drove over with him to inspect his new home.

Mr. Ben Sharp, of Durham, is still working on the Avenue. His services are much in request as a carpenter, not only is he a skilful workman but jolly good company and a fine vocalist. Mr. Sharp has with him two of Glenelg's handsome youths, Mac Beaton and Watt Middleton. These gentlemen will be much missed by the Misses when they go away.

Rev. Mr. Jansen delivered his interesting lecture on "Country life in Holland" last Thursday evening. The roads were muddy and the night rather disagreeable yet the Grange Hall was well filled. The lecture was a good one and was thoroughly enjoyed by those present. He is under promise to give his other narrative of "City life in Holland" before the winter is over and he may be sure that he will be greeted by a large and enthusiastic audience.

DROMORE.

Miss Robena Garson left for Toronto last week.

Mr. Jno. Hastie, who has been taking charge of Mildmay and Ayton mission stations was in town last week.

The Foresters of Court Dromore intend holding their yearly anniversary on the evening of the 26th inst. The court from Hopeville has been invited, we believe, and an enjoyable and profitable time is expected.

Miss Nellie Hastie and Miss Rena Hen derson, accompanied by two young gentlemen friends, paid a visit to friends in Holstein one evening recently.

In order to facilitate and hustle business, Mr. Robert Renwick has and a new chopper placed in his mill and thus there will be no necessity for farmers to wait for their chop. We believe under the new arrangements nearly 250 bags a day will be an ordinary day's work. Also logs ought to boom this winter as Mr. Renwick has a large contract on hand to supply two extensive firms with material, and a tremendous business will certainly be done this winter in logs. So times ought to be looking up with those who have logs to dispose of.

The Kickapoo Indian Medicine Co. have rented Rossell Hall and commencing last Tuesday (12th) will remain for a week. All ye that are afflicted make a list of your diseases, both real and imaginary, buy the Kickapoo Indian Medicine and go on your way rejoicing to your "Home."

Mr. L. Percy, Inspector of Standard Insurance Co. of this district, was in Dromore one day last week trying to get the good people to insure their lives now.

Dr. Ar hur Gun, of Durham, spent part of Thursday with Dr. Bird here

Last Thursday Mrs. Findlay presented her husband with a handsome baby boy.

HONOR ROLL.

Report of S. S. No. 12 E remont for October.

IV class—Eliza McFaddan, Thomas Lawrence.

III class—Samuel Patterson, Robbie Reid, Thos. Jas. Lawrence and Ross Lawrence aeq.

II class—George Reid, Belle Ferguson, Charles Reid, James Whitmore, Charlotte Pollock, Arthur Lawrence, Agnes Nelson, Samuel Whitmore, Victoria Scott, Jan es Klein

Pt. II class—Earle Matthews, Joseph Nelson.

Pt. I class—Mary Patterson, Mary Ferguson,

N. MacMILLAN, Teacher.

Most Pronounced Symptoms of Heart Disease, and How to Secure Relief in 30 Minutes.

The most pronounced symptoms of heart disease are, palpitation or fluttering of the heart, shortness of breath, spells at night, making it necessary to sit up in bed to breathe, swelling of feet and ankles, say the most eminent authorities is one of the surest signs of a diseased heart. Nightmare is a common symptom, spells of hunger or exhaustion It is estimated that 60 per cent of all cases of dropsy come from heart disease. The brain may be conjested, causing headaches, dizziness or vertigo. In short, whenever the heart flutters it tires out easily, aches or palpitates, it is diseased and nothing will give such perfect relief or so speedily effect a cure as Dr. Agnew's Cure for the Heart. It has saved thousands of lives, and yours may be counted among the number if its use is begun at once.

This remedy absolutely never fails to give perfect relief in thirty minutes, and it is as harmless as the purest milk. Sold by MacFarlane & Co,

Dalglish's Old Stand, Upper Town, Durham.

YEOVIL ITEMS.

Intended for last week.

Mr. John Sinclair has now finished his new stock shed, which will add much to their own comfort.

Miss J. Reid is now home brightening up the old homestead after spending the summer months at Mr. Caulfield's.

Mr. and Mrs. C. Hicks, of Owen Sound, were visiting at Mr. John Tullip's and vicinity last week.

Mrs. Duncan McPhee spent a few pleasant days visiting friends around Guelph and attending the marriage of her sister last week.

Mr. John Manary had the misfortune to lose a valuable horse by an over feed of oats last week, while some others are losing horses for the want of oats and some are shooting them so that they wont eat any.

Deputy Swanston is bound to keep up with the times by improving his now fine flock of sheep. About a month ago he purchased a prize winning Leicester Ram from Mr. Hunter, of Elora.

There is much sickness in this vicinity this fall. At present Mr. and Mrs Jas. Brown and Thomas Bunston are nursing themselves, and old Mrs. Wm. Reid is in a very low state of health, and Mr. George Snell is down with the typhoid fever, also Mr. D. Campbell with inflammation of the bowels and Mrs. Moses Ellis is very unwell. So among them all Dr. Brown is a very busy man.

Mr. T. Ellis, of Mount Forest, has now about two or three hundred fine lambs pasturing on a field of rape belonging to Mr. C. McInnis.

Rev. Mr. Mutch, of Toronto, is spending a few days this week at the old homestead and around Holstein.

Miss Mary Scott, our energetic school teacher, we are pleased to hear is re-engaged for next year.

People around here are taking advantage of this fine weather and are hustling up their turnips.

Mr. Wm. Lawrence, our old Deputy Reeve, is around gathering the taxes in these parts.

Mrs. Malcolm McGillivray after a number of years of ill health departed this life on the 17th of Oct., and her corpse was laid to rest in the Woodland Cemetery.

Miss Caroline Spence, east of this place also succumbed to that now prevalent disease, typhoid fever, last Wednesday and on Friday her remains were taken to the Mount Forest Cemetery.

Mr. and Mrs. John Reid were visiting down in Peel Township last week.

Fireman Corbet, of Riverview, was rusticating a few day last week at Mr. Frank Gordon's.

Messrs J. Nelson and Joe Merchant left for Wiarton last Thursday morning to work in the lumber woods for the winter.

Mr. Reid, the pedagogue in the school west of here, is engaged in the Glenedon school for next year.

Mr. Jas. Renwick, our popular blacksmith, has added much to the appearance of his residence by having a new picket fence erected in front of his house. His son Jim did the job which is just a 1.

We are pleased to see our old friend R. Thompson around once more. Cheer up Bro there may be something in store for you yet next year is leap year.

The Evangelistic Services that have been conducted at the Woodland Presbyterian church by the Rev. Mr. McLeash, of Toronto, were brought to a close on Sunday evening after a duration of nine weeks. Much good has been done and many a soul acknowledged the power of God's saving grace and others are much strengthened in the Faith. 25 joined the Church last week with more expected. May the good seed sown still grow on.

Municipal affairs are talked over now and again around here, and it is whispered that our Deputy Reeve will have an opponent for reeve for next year. But it is not seriously thought of, that any one would think of committing such a rash act knowingly as our representative is famed for snowing all comers under, even magistrates fall before him so where would a local preacher stand. We think our Deputy should have the Warden ship next year.

HOPEVILLE.

It is some time since I wrote you and a few of the last items is a little out of date. The death of Miss Caroline Spence, of the 16th con., which occurred last week after a short illness of a few weeks. She was buried in the Mount Forest cemetery.

P. McArthur has gone to Owen Sound school again.

Arch. McTavish had his mill burnt down. He talks of building again

Married—Mr. John McPhail, son of Ex reeve McPhail, to Miss Flora Gilles, daughter of the late Alexander Gilles.

On our sick list is A. H. Burnet, who I mentioned before and Mrs. James McMurdo. They have been attended by Drs. Leith and McWilliams and are both improving.

Some of our young parties here went to a tin wedding in Luther a few evenings ago.

Isaac Traynor, surveyor, has been here running some lines. Keep on your own land now boys.

Mr. W. J. Glenester had his house bricked and has returned to Toronto.

The law suit of a rate payer in the south of Proton against Dr. Glendenning, of Conn, is over in Mt. Forest. The parties were up here several days last week trying to get some of the members of the board of health mixed up with it, but failed to do so. It was about doctoring children that had contagious diseases.

Three of our sports, N. A. McDonald, Ham Allen and D. C. McArdle went a hunting and brought home a fine buck about the middle of the afternoon of the same day.

Thomas J. and Joseph C. Hall are gone away to Cameron Island for the winter work.

Wm. Beans is a pushing young man, he has since he thrashed framed a barn 40x60 and raised it with the exception of the rafters, and all his help was his brother James. He raised it with ropes and tackles.

Daniel McKechnie is a proud man since the arrival of his daughter on Sunday last. All is going well.

Andrew Watson is timbering with D. C. McArdle.

Election news are commencing.

TO CONSUMPTIVES.

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection, and that dread disease **Consumption**, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescripton used, which they will find a sure cure for **Consumption, Asthma, Catarrh, Bronchitis**, and all throat and lung **Maladies**. He hopes all sufferers will try this remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may prove a blessing, will please address,

REV. EDWARD A. WILSON, Brooklyn, New York.
