A Family Suffers for Want of a Mother's Attention.

ADDRESS AND PRESENTATION

The Countess of Aberdeen while driving near the Gatineau River was upset out of her carriage owing to an unseen hole covered by flood water. Her Excellency escaped injury as did the other occupants of the carriage. Both horses were drowned.

About fifty friends and neighbors of Mr. Rolt Watson with them before they moved to their new hole on Friday evening last to spend an being the case, in 1883 it was replaced by a 50 horse power, and in 6 years more this was found so inadeguate to meet the growing business that an engine of 80 H. P. was installed and is now run occasionally nearly to its full capacity. In addition to the usual equipments of the countries of the carriage.

Dear Friends and Neighbors,

has a right to expect the hearty co-operation of the brethren in building up the Order in his jurisdiction,—Ind. For.

For every variety and phase of the many diseases which attack the airpassages of the throat and lungs, Ayer's Cherry Pectoral will be found a specific. Our neighborhood and companionship of over 30 years have to med bonds of intimacy which can not be severed without a wrench of p in the parameters and respect the hearty co-operation of the brethren in building up the many feelings prompt us at this faction.

Beginning at the bottom rung of the ladder Mr. Renwick has acquired by natural aptness and close observation a complete mastery of every detail of his bus ness, even to the "hammering" and other technical treatment of his saw.

Mr. James Cameron has been for the last mouth feeling unwell and is only

The proprietor. Mr. Robert Renwick, spent a few of his boyhood's years in burham, where his father, Mr. James Mr. Neil Morrison, St. John, N. B.
"My daughter, Mrs. Gregory, has had rheumatism so bad during the last year that she was unable to help her children, or attend to her household duties. Everything imaginable was tried, but to no purpose. I was at last recommended to get South American Rheumatism Cure. One bottle cured my daughter within four days, and I take much pleasure in g iving this recommendation."

Renwick, now of Yeovil, carried on a blacksmithing establishment at one time. The family moving to Egremont, Robert ultimately learned the carpenter trade in Dromore, and after successfully carrying on the business himself for some years, had his attention turned to Sawmilling the place being without that convenience since the destruction by fire of the old Camp mill some time previously.

In 1831 Mr. Renwick, now of Yeovil, carried on a blacksmithing establishment at one time. The family moving to Egremont, Robert ultimately learned the carpenter trade in Dromore, and after successfully carrying on the business himself for some years, had his attention turned to Sawmilling the place being without that convenience since the destruction by fire of the old Camp mill some time. The family moving to Egremont, Robert ultimately learned the carpenter trade in Dromore, and after successfully carrying on the business himself for some years, had his attention turned to Sawmilling the place being without that convenience since the destruction by fire of the old Camp mill some time. The family moving to Egremont, Robert ultimately learned the carpenter trade in Dromore, and after successfully carrying on the business himself for some years, had his attention turned to Sawmilling the place being without that convenience since the destruction by fire of the old Camp mill some time. The family moving to the place being without that convenience since the destruction by fire of the old Camp mill some time. Renwick, now of Yeovil, carried on a

In 1831 Mr. Renwick, aided and encouraged largely in these early years by Mr. Taylor, secured a 20 horse power portable engine, portable, we presume with the thought that in a few years About fifty friends and reighbors of Mr. Rolt | work for it would fail. So far from this were drowned.

The autograph letters testifying to cures made by Ayer's Sarsaparilla and ard other preparations are kept on file at the J. C. Ayer Co.'s office. Lowell, Mass. They are from all over the world and are cheerfully shown to anyone defining. This was a surprise, and the presentation.

In addition to the usual equipments of a first class Sawmill, this engine drives thingle and lath saws. If it is a first class Sawmill, this engine drives thingle and lath saws. If it is a first class Sawmill, this engine drives thingle and lath saws. If it is a first class Sawmill, this engine drives thingle and lath saws. and are cheerfully shown to anyone desirous of seeing them.

The labors of Bro. Rev. R. McNair, H. C. R. for Ontario are many and valuable All that an executive officer can do is being done by him. He is anxious that the present Forestric year will show as good a record as preceding ones. He secured his varied and extensive inachinery from the Waterous Co. of Brantford, and it has given entire satis-

Cherry Pectoral will be found a specific. Its anodynoc a lie spectora, tiqualities are promptly realized, and t is always ready for use.

Mr. and Mrs. Robt. Renwick, of Dromore, spent a day last week with Mrs. Renwick's brother, Mrs. Jas. Hastie in town. Mr. and Mrs. S. Kinnell, of Proton, the latter also a sister, came out Monday last and saw them off Tuesday. Mr. Hastie's mother and brother Win, were also visitors. In fact a stream of where also a visitors. In fact a stream of which we wish at this time to acknowledge in some slight degree.

To the ever of your leaving for a distinct on the severed without a wrench of p. in the circumstant and dozen mentions with his employer of labor too, his relations with his employers thave always been satisfactory. About a dozen mention of butter from New Zealand to London to Manton the wish at this time to acknowledge in some slight degree.

The Implement Season is nearly over but we have a few Buggies and the station some 8 miles distant. As many as 10 teams where employed last world in our social lits your addity and your and sorrows, and in our social lits your addity and your and sorrows, and in our social lits your addity and your and sorrows, and in our social lits your addity and your and sorrows, and in our social lits your addity and your and sorrows, and in our social lits your addity and your and sorrows, and in our social lits your addity and your and sorrows, and in our social lits your addity and your and sorrows, and in our social lits your addity and your and sorrows, and in our social lits your addity and your and sorrows, and a cargo to butter from New Zealand butter comes 12, on the station some 8 miles distant. As an employer of labor too, his relations with his employers that element of his saws, As an employer of labor too, his relations with his employer and sorrows and in doing so we are in constant employment and tive of butter from New Zealand to London to Manton and the social lits your addition to the mill staff, employ of the would from Lond You have shared with us our joys and sorrows, and in our social life your ability and your am- winter and \$500 has been paid out since may develop into extensive opposition isbility have largely contributed to make many of the New Year for this purpose.

Brooks, of Owen Sound has been round town for some days, and has put new life and tone into several instruments. Mr. Brooks, as we can personally testify from his treatment of our own organ is a practical man and anyone needing repairing skill should secure his services at once, as his terms are reasonable. He will be found at the Central Hotel for a week or 10 days.

Aration.

But we would strike a note of joy and hopeful needs. We rejoice that you and your lamily have ecupled that you and your lamily have ecupled nearly positions of usefulness, that that the change you are now making will be fruitful lib blossing to you and yours. We assure you, your old neighbous and friends will ever rejoke to hear of your success in distant lands and future years.

As a keepsake and token of regard we ask you to you shall be found at the Central Hotel for a week or 10 days.

As a keepsake and token of regard we ask you to you control the control prism. And the mill is making a record. The mill yard during the winter is a busy scene, logs and chop coming from far and near. It columbia, and are finding their way that the Central prism, and the Massey Harris Co. which has procured supplies and future years.

As a keepsake and token of regard we ask you to do not resteem towards you.

But we would strike a note of joy and hopeful needs. We assubsidized line of steamers in British chop coming from far and near. It columbia, and are finding their way that the Central prism, and the Massey Harris Co. which has procured supplies and future years.

As a keepsake and token of regard would strike a note of joy and hopeful with the condition of the Canadian Government the winter is a busy scene, logs and columbia, and are finding their way the care of broom handles were supplied to Ontario. For example, the Columbia, and are finding their way the care of broom handles were supplied to Ontario. Columbia, and are finding their way the condition of the condition of the Columbia.

As a keepsake and token or regard would strike a note of s

AUSTRALIAN TRADE.

Continued from last week. Perfect Wigdom

Would give us perfect health. Because men and women are not perfectly which shows that for 1894 Australia and which shows that for 1894 Australia and a lian products:

Swift transportation of tr

him. Also some thoro' bred cows and and is the only one in the Dominion. and climate of any country in the world him. Also some thoro' bred cows and Heifers from the stock of Joshua Woodland, and a young bull. In Berkshire Pigs too he has some fine specimens and has even turned fowl fancier and takes with him some bronze turkeys. Mr. Watson is at present President of the Farmers' Institute of this Riding, a body in which he has long taken an active part. He will be missed in this and in other connections.

Pulp Industry.—In writing to the Parks in the sun, there is no language that is so the form of the parks and is the only one in the Dominion. Now as the County of Grey is pretty well represented by a sprinkling of Highlanders all over, we would like to suggest to them who are qualified to colonies to the front. They gave money of advanced it on easy terms for the creation of factories and the putting up of machinery. The State always took the milk from the farms to the creamfers for the language. It is no matter how well in the sin, there is no language that is so the climate of any country in the world and I am confident will ultimately excel all the other colonies.

The Victoria Government established a system of bounties which brought their colonies to the front. They gave money of advanced it on easy terms for the creamform of the country at large in his own native language. It is no matter how well in the other colonies.
