CURED OF SCIATICA.

THE EXPERIENCE OF A BRUCE CO. FARMER.

Suffered So Severely That He Became Almost Helpless—Is Again Able to be About His Work as Well as Ever.

From the Wallerston Telescope.

During the past few years the Telescope has published many statements giving the particulars of cures from the use of Dr. Williams' Pink Pills. They were all so well authenticated as to leave no doubt as to their complete truthfulness, but had any doubt remained its last vestige would have been removed by a cure which has recently been made.

It is the case of Mr. John Allen, a prominent young farmer of the township of Greenock, Mr. Allen is so well known in Wallerston and the vicinity adjoining it, that a brief account of his really remarkable recovery from what seemed an incurable disease will be of interest to our readers. During the early part of the summer of 1886, while working in

the bush, Mr. Allen was seized with what appeared to him to be rheumatic pains in back and shoulders. At first he regarded it as but a passing attack and thought that it would disappear in a day or two. On the contrary, however, he daily continued to grow worse, and it was not long before he had to give up work altogether. From the back the pains shifted to his right leg and hip where they finally settled and so completely helpless did he become, that he was unable to do more than walk across the room and then only with the aid of crutches. Of course he consulted the doctors, but none of them seemed able to do him any good. People in speaking of his case, always make the mistake of being generally thought that he had passed from the world of active, and that he was doomed to live and die a cripple. We are free to confess that this was our own view of the matter, and our surprise, therefore, can readily be imagined when some few weeks ago, we saw this self-same John Allen driving that horse on an ariving at the mill, he proceeded to jump nimbly from the load, and then with the greatest apparent ease began to unload the heavy bags of grain. Curious to know what had happened, we called on him, and he told us the whole story of his sickness, and his cure, the chief points of which we have given in a very frank manner, the whole story of his sickness, and his cure, the chief points of which we have given in a very frank manner, the whole story of his sickness, and his cure, the chief points of which we have given in a very frank manner.

Dr. Williams' Pink Pills act directly upon the blood and nerves, building up the system. There is no trouble due to the use of the pills, and the pills will not cure, and in hundreds of cases they have restored patients to health who had all other remedies had failed. Ask for Dr. Williams' Pink Pills and take nothing else. The genuine are always enclosed in boxes the wrapper around which bears the full trade mark "Williams' Pink Pills for Pale People." May be had from all druggists or sent post paid on receipt of 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Wallerston, U. S.

ZION.

Mr. Editor.

We are pleased to report that our Church is still gaining in every respect. The result was that the whole district seemed to be on fire, and persons who thought their fires had been extinguished week or more were surprised to see their fences journeying to the clouds in the twinkling of an eye. The wind made trees, fences and everything in its way—would have made many a head minus a straw hat, had not the ground held on like grim death, and as though he thought that straw might be a scarce article, he would not let it go.

Quite a number of visitors at the Fall these days.

The wind storm on the 17th came so quick that it was a surprise to everyone.
