Hopeless Case. A Terrible Cough. No Rest Night nor Day. Given up by Doctors, A LIFE SAVED®

## BY TAKING

"Several years ago, I caught a severe cold, ntiended with a terrible cough that allowed me no rest, either day or night. The doctorn, after working over me to the best of their ability, prenounced my case hopeless, and said they could do no more for me. A friend, learning of my trouble, sent me a Lottle of Ayer's Cherry Pectoral, which I began to take, and very soon I was greatly r.h. vod. By the time I had used the whole bottle, I was completely cured. I have never had much of a cough since that time, and I Limly believe that Ayer's Cherry Pectoral raved my life."-W. H.
