

LOCAL AND GENERAL

Mrs. Ramsay, Chesley, accompanied Mr. Ramsay, to our good town Tuesday.

Mr. John Shears, of Markdale, paid friends in Durham a visit yesterday.

Misses Kate and Bella McDonough are visiting friends in Owen Sound for a couple of weeks.

Miss Annie Robertson and Miss Olive Marshall, from Ottawa are at Mr. J. Robertson's this week.

Miss Aggie McRae, and Miss Maria Whitmore are home from the Normal School.

Mr. Thos. G. Elwin, of Toronto, was a guest over Sunday at Mr. Allan McKinnon's.

Miss Allan, of Mt. Forest was visiting Miss May McCracken during her illness last week.

CORRECTION.—In Hunter's ad on page 8, read "Milk Cans" for "Milk Pans," Reg. 80c for 70c.

Miss Susie McKinnon, who has been under Dr. Hutton's care for the last month, was home for a few days this week.

Purify your blood with Hood's Sarsaparilla, which will give you an appetite, tone your stomach and strengthen your nerves.

NEW TRUSTEE.—Mr. Adam Robertson was elected trustee by acclamation for the east Ward in place of Mr. A. Patterson.

SPRAYING.—To-day, Thursday, June 25th, the last spraying by the professional sprayer sent out by the Ontario Government will take place at 10 a. m. in Mr. D. Jackson's orchard.

NEXT.—Now that the little Dominion affair is over the next election on the tapis is the new fangled one for the county Council where 16 men can be elected, and you will have a vote for two of them anyway.

Port Elgin and Mt. Forest are having big Dominion Day Demonstrations. We have to thank the management of both places for complimentary tickets, but loyalty to our own town will prevent our being present at either place.

Some people are constantly troubled with pimples and boils, especially about the face and neck. The best remedy is a thorough course of Ayer's Sarsaparilla, which expels all humors through the proper channels, and so makes the skin become soft, healthy, and fair.

ACCIDENT.—Mr. Jas. Hepburn met with an accident at Crawford's Sawmill, on Saturday last which narrowly escaped being serious. A small piece of board fell on the moving saw and was driven against his nose with such force as to cut it open. Dr. Clark stitched it up.

DOMINION DAY.—Posters are out for a grand Dominion Day Celebration in Durham. A large sum is to be spent in prizes for the various events. There will be sports for all tastes. A fine Cricket Match between Durham and O. Sound, both league teams, and first class music. Plan to give Durham your presence that day and you will not be disappointed.

The Hanover Post answers the query, "How did you do it anyway, old boy?" of an old friend referring to its prompt issue after the fire, in this manner:—"It was not much of a trick, and do not mind giving it away. In the first place it required cheek—cheek to borrow a neighbor's type; type from Toronto; rollers and platen wheelbarrow of riglets and furniture, from one of the factories to take the place of leads, quads and slugs, and a little 'go' and you have the whole thing in a nut shell."

HOME TO VOTE.—Among old residents home to cast their ballots on the 23rd, were Mr. J. Lawson, Owen Sound; Dr. Arthur Gun, Inverkip; John Turnbull, Malton; T. Turnbull, Toronto; James Stonehouse, St. Thomas; Wm. Hall, formerly of Toronto, and his name not being on the list he had no vote; Mr. J. McKenzie, Stouffville; Mr. Archibald McKenzie Jr., from over the border; Mr. Jno. Sutherland, Fort William; Mr. Ed. Levens, Sault Ste. Marie; Mr. Arch. Patterson, Warton; Mr. Ramsay of Chesley; Mr. Marshall Rombough, of Niagara; Mr. C. Gray, Hamilton; and others.

SERIOUS ACCIDENT. George Hollinger, Hanover, met with an accident at Parkhead Friday morning, which will incapacitate him from work for some time. He was a passenger on the special from Palmerston, which was running here, and intended to go on to Warton. While the train was pulling into the depot at Parkhead he jumped off one of the car steps, but slipped and his right foot fell under the wheels, crushing his toes and scraping his shin. The injured man was brought here and taken to the General and Marine Hospital, when it was found that his foot was injured to such an extent that it would have to be amputated. The amputation was performed by Dr. Middlebro. His right hip was also bruised, and it will be some days before he will be in a condition to return home. He is a married man.

RAINY RIVER.—We give a letter on our first page from this district, sent us by Mr. Ward. This should have appeared last week but election news crowded it out. Apropos of this subject we were much pleased to have a long chat with Mr. R. Watson, Jr. who came home nomination night, to attend to some private business, and at the same time to exercise his franchise. He thinks more of his new home than last year, but then he is like to, having his family with him. When he got there he found his neighbors of a year ago had anticipated his coming, and having sized him up pretty well had elected him a councillor of the municipality of Alberton by acclamation. His family and that of Mr. Hastie who left with him are well, and like the place. Prices are good Butter 25c. Eggs 20c. cash. Mr. Watson sold 5 of his young pigs at 95, each and disposed of his surplus horses at good prices. Strange to say the 3 weeks old calf that dropped from the train in the midst of the rocky desert on the north shore was found and returned by the C. P. E. company 23 days after, alive and well. He is now on the look out for some man with capital to erect a mill up there, and left Wednesday morning for O. S. to meet Mr. Laidlaw, of railway fame to interest him in big projects near Fort Frances.

THREE TRAINS A DAY.—Travellers will please note the change in Railway movements. Trains going South leave Durham at 6.40 a. m., 12.45 p. m., and 7 p. m. and arrive at 11 a. m., 3.20 p. m., and 9.50 p. m.

Mrs. Asa Robson, of Warton, is visiting her many friends in Town this week.

NEW POTATOES.—Did Mr. Gordon think we were Irish when he brought us that fine meal of new potatoes? They were good ones anyway and on the 21st of June too. Beat it who can.

For that tickling sensation in your throat try a 10c box of "Mist" Cough Lozengers. They will allay the irritation at once. For sale by all druggists and the Key Medicine Co., 305 Yonge Street, Toronto.

Miss M. McCracken has been very ill for a week past, and at one time it was thought she could not recover. However she is fighting for life bravely, and the whole town is delighted to know that this estimable young lady is likely to recover. We extend our sincere wishes for the same end.

That eligible residential lot, at present occupied by Rev. Chas. Cameron is for sale, or will rent on reasonable terms. Apply on the premises or to J. P. TELFORD.

Byron used a great deal of hair-dressing, but was very particular to have only the best to be found in the market. If Ayer's Hair Vigor had been obtainable then, doubtless he would have tested its merits, as so many distinguished and fashionable people are doing now-a-days.

QUEEN VICTORIA.

Governments come and go, Premiers rise, reign, flutter and fall, great men come on the stage, and disappear, far-reaching changes take place, but "our most gracious queen" goes on. On Sunday last she entered on her 60th year as queen, and congratulations were showered on her from all parts. She began to reign in 1837, a time that now looks like a Canadian history to be away back, and already smacking of the ancient, even Sir Chas. Tupper were then unheard of. Canada had still to pass through the McKenzie rebellion, the old agitation for representation by population to spend 26 years under the long discarded Union Act, for Confederation is now nearly 30 years old. Toronto in 1837 was just three years old, and was the only city in what is now Ontario. Ottawa was the small village of Bytown with a sawmill or two, Hamilton, London, Guelph were in their infancy. Not a mile of railway was built, some canal work was begun but our lake traffic may be said not to have existed. From Lake Superior to the Pacific was a wilderness except a few settlers round Fort Garry and some Hudson Bay Posts and, to come nearer home, years were to elapse before Durham and the Co. of Grey had an existence. We are all glad to know she is in fair health, likely to live to September 25th next, when she will be able to claim the longest reign in British History, her grandfather Geo. III. having reigned 59 years and 97 days. There is some talk of taking national recognition of this date. "God Save the Queen."

HOPEVILLE.

The political fight will be over before your paper reaches us. Our meeting on Saturday night, the 20th was well attended. It was expected there would be opposition to Dr. Sprague, but none came. The Dr. spoke well and his remarks on the Manitoba Schools went well.

An accident that might have been very serious happened to Mr. and Mrs. Adam Scarlett on Saturday evening. They were away at a barn raising of a friend on the East side of Protton, and coming down the gravel road between Protton and Malton they collided with some other rig on the road. The result: Mrs. Scarlett's rig was upset in the ditch, Mrs. Scarlett and baby were hurt some. She got home on Sunday. We are glad things are no worse.

The Presbyterian Sunday School children are having a picnic on Friday next.

PROTON CENTRE.

We hear it whispered round there is going to be a wedding at Proton Centre but will have to keep mum for a while.

Mrs. Adam Bryce has been very ill for the past couple of weeks, but is recovering somewhat.

Master Henry Lee, while helping to raise a big stable cut his knee very badly. Hope he will soon be able to get around again.

The people of this part are looking forward to the time of the L. D. S. conference, which is from the 29th of June to the 29th. They intend having the meetings in the Grove on Sunday.

We hear the Violinist is fitting Boston for the 1st. May success attend you.

Wonder what is the attraction west these times that keeps Sam travelling so much down the line. Mr. and Mrs. Keith, of Cedarville, were the guests of Mr. McTaggart last week.

A Common Affliction

Permanently Cured by Taking **AYER'S Sarsaparilla**

A CAB-DRIVER'S STORY.

"I was afflicted for eight years with flat Rheum. During that time, I tried a great many medicines which were highly recommended, but none gave me relief. I was at last advised to try Ayer's Sarsaparilla, by a friend who told me that I must purchase six bottles, and use them according to directions. I yielded to his persuasion, bought the six bottles, and took the contents of three of these bottles without noticing any direct benefit. Before I had finished the fourth bottle, my hair was as

Free from Eruptions

as ever they were. My business, which is that of a cab-driver, requires me to be out in cold and wet weather, often without gloves, and the trouble has never returned."—THOMAS A. JOHNS, Stratford, Ont.

ZION.

Mr. Editor Many are the words of praise bestowed on the Review in its new size and form. We think it is now many a pace ahead of its rivals, and hope that it may be a blessing in accordance with its sub-erogation, to all its readers.

Mrs. George Robertson, of Listowel spent a week at the home of her parents, Mr. and Mrs. John Greenwood. Every one is glad to see, Angelina as she is a great favorite round here.

Mr. Robertson says that they are not troubled with grasshoppers round Listowel we were hoping that he would take a few car loads back with him as we could well spare them.

Mr. James Falkingham has spent a few days at the old homestead, putting things into apple pie order he reports, A. P. in a farmer.

Mr. and Mrs. W. Greenwood, spent part of last week, with Orchardville and Holstein friends.

Mr. and Mrs. Falkingham, Sunday with the Wilsons and Ritchies, of Egremont, they report having a good time.

THREE TRUE FRIENDS

Who Keep Every Promise—Rheumatism Banished; Kidney Disease Takes Wings; Dreaded Indigestion Not Known—The Great South American Remedies.

We can get at the heart of this matter by letting other people tell the truth of what these wonderful South American Remedies can do, and have done. John Marshall, of Varney, county of Grey, suffered as only those who suffer who have been troubled with sciatica, a relative suggested that he try South American Rheumatic Cure, which promised so much. Result—inside of three days he was able to walk a distance of nearly 4 miles to Durham for the purpose of procuring another bottle of this remedy. He continued its use, and today he testifies that he knows nothing more of the troubles of this painful phase of rheumatism.

Some diseases consist of the gathering of solids and hardened substances in the system. The troubles cannot be permanently removed, except as these particles are dissolved. A powder or pill will not do this. South American Kidney Cure possesses the particular elements that get at the seat of this disease. John G. Nickel, of Wallace township, suffered from kidney complaint, carrying with it awful pains. Nothing did him any good, until he tried South American Kidney Cure. His words are:—"After taking only two doses the pain was entirely gone, and I have never been bothered with it since. I feel as well as I ever did. Let any one write me to Shipley Post Office and I will gladly give them particulars of my case."

If the world looks blue to anyone it is to the dyspeptic. For ten years David Reid, Chesley, Ont., suffered much from liver complaint and dyspepsia. He says:—"At times my liver was so tender I could not bear it pressed or touched from the outside. I tried a great many remedies without any benefit; was compelled to drop my work, and a final resort was influenced to try South American Nerve-ine. Before I had taken half a bottle I was able to go to work again." Sold by MacFarlane & Co.
