Women who are weak and nervous, who have no appetite and cannot sleep, and strength and vigor in Hood's Sarsaparilla.

Mr. Joe Clarke, one of the editorial staff of the Toronto Saturday Night, and an old REVIEW boy was in town this week and gave us a call.

TO FARMERS.—Farmers or others having young cattle which they are willing to trade for farm machinery, will find a splendid choice at C. McKINNON'S, Agricultural Emporium.

CLOSING SALE.—Only two weeks more of bargain giving and Tanner's Store will close. Call and see our prices, they will surprise you. Single yards they will surprise you. Bed blankets, all wool, 25 cents per lb. Everything else at wholesale prices. C. E. Stevenson.

How is it? The Chatsworth Foot ball team did not turn up to play their late-arrived "representative" by, as arranged by "a representative" of the Durham team. Our boys are not feeling guilty of breaking any arrangements. How is it anyway?

Are You Tired?

All the time? This condition is a sure indication that your blood is not rich and nourishing as it ought to be and it may be if you will take a few bottles of the great blood purifier, Hood's Sarsaparilla. Thousands write that Hood's Sarsaparilla has cured them of that tired feeling by giving them rich, red blood.

Hood's Pills act easily and promptly on the liver and bowels. Cure sick headache.

GARDEN PARTY.—The ladies of Trinity Church had a most successful garden party at the residence of Dr. Holt. His lawn was rendered very attractive to the eye and ear by white tents and band, and music from the band. Special electric lights placed there free, and the expense, by the Hewson Bros. gave brilliancy to the whole. Thanks are due to them and to Prof. Peel and the band who contributed their talent and a nice supper was realized which goes to church improvement.

OLD SETTLERS GONE.—On Saturday last took place the funeral of Mr. Jas. Probit, Arthur for many years well known at Orchardville. Mr. and Mrs. Jno. Morice, Mr. and Mrs. Q. Pettigrew, Mr. Wm. Grant and his mother, attended the funeral which was held at the residence of Mr. Jonathan Robinson, on the 15th cent. Normanby, was held. On Sunday, Mrs. McO'Keary, of Bunesan, was laid to rest in the Saugeen cemetery where her husband was laid about 11 months ago. She was a sister of Mr. Donald McDonald, of this town. A very large number of friends and neighbors followed the remains to the grave.

NEW MARRIAGE LAWS.—In addition to what we gave last week on this topic, viz: that both parties must make affidavit before the issuer of Marriage Licenses, we add other points in the law, which those contemplating matrimony will please note. (1) No marriage license is valid unless used within 3 months from the time of issuing. (2) No man or woman shall solemnize a marriage between two persons of 10 p. m. and 6 a. m. unless under peculiar circumstances mentioned in the Act. (3) No license shall be given to anyone under the age of eighteen years unless with the written consent of his or her parent or guardian. (4) No license shall be issued to anyone under fourteen years.

CHURCH PICNICS.—The month of July seems to be generally chosen as a month for church activities in outdoor outings. The Presbyterians on Thursday last took their Sunday School to Holstein in train, and spent a most enjoyable day there at that convention centre. Swings were erected, of course, and a boat, in use all afternoon on the mill pond. The young men played cricket with great vim, though on poor ground, and a children's games were given and ladies record was made by some married ladies in a very hotly-contested foot race and some fancy driving was also done by Misses McDonald and Burnett. When the baskets were faded before the vigorous appetites created by a splendid afternoon outing. Rev. Mr. Miller and a wife and a few other residents spent a few hours on the grounds. The management has requested us to return thanks for the cordialities extended by the G. T. R. and Conductor Lavelle, Mr. Petrie, Mr. G. Klempf, Mrs. Walker, Mr. Rogers, Rev. Mr. Miller and others.

The Baptist Sunday School the following day drove to Lennox's grove just east of Varney, and spent a pleasant afternoon in the usual picnic manner.

EXTRAORDINARY ESCAPES.—Wednesday last week a hurricane struck Lake Ontario, and two thrilling incidents were reported. A young couple from Toronto and another couple near Port Hope were caught on the lake, being given a fearful night on the lake, being given up by friends, but almost miraculously getting safe to land again. Their excitement has been eclipsed by an employee four on Lake Simcoe, where an employee of a summer hotel, a 19 year old boy, a 16 year old nurse girl, and a baby of 13 months were driven about for 6 hours in a leaky rowboat and then dashed overboard in the darkness, and by the waves threw against the wharf at Beaverton the nurse clinging to the child and the boy who had just learned to swim himself and the man too. The nurse climbed into the stone crib underneath the dock and there to it upon them water the waves dashed in upon them they remained in the storm being unheard their cries in the water as they were in turn as far out of the water as he could. The upturned boat was seen by the search party, and they were given up for lost, but the man McDuff, an Irishman, had seized a twig that floated through the cracks, and he and the boy, attached a rag to it, and stuck it through the window, and seen, and they were soon delivered, almost dead. When the distracted mothers recovered their children, the joy was almost painful, and the bravery of the man and the nurse girl is everybody's mouth. The Humane Society will be asked to take notice of the heroism displayed.

JOHN CLARK, M. P. DEAD.

A feeling approaching to personal sorrow prevailed all classes in this community when it became known on Tuesday that Mr. John Clark was dead.

He was attacked by typhoid fever, and the danger apprehended last week has turned out fatally. Mr. Clark, physically was a splendid specimen of manhood, standing over 6 feet, and of the many who recently went through the election campaign, few would have picked upon him as likely to be the first to go. "The race is not to the swift nor the battle to the strong."

He has been a long time in municipal life and has an honorable record, and many anticipated that he was just entering on a new career of broader usefulness. [The Globe has this of him: "He fell at the very threshold of his new responsibilities. A brave, rugged, manly man, he would have won honor for North Grey in his country's Parliament; and the family who loved him and the constituency which esteemed him and honored him will have the sincere sympathy of Liberals all over Ontario, and of the leader whose cause he unselfishly championed before the people."

The Misses Rutherford, of Hamilton, are visiting at Mrs. McRae's.

Mr. Jno. Vollet, returned home from Statford at the beginning of the week.

The REVIEW will be sent to any address the balance of 1896 for 40 cents.

Miss Nora Chadwick, and her brother Richard came home for the holidays last week.

Messrs Jas. Allan and Jas. Wilson were through the town last week in the interests of the World's Fair, Holstein, and met with much success.

Mr. Jno. Allen, son of Mr. Jas. Allen, 3rd Con. Glenelg, came home last week from Grand Rapids, Mich. Mr. Allen's wife died a few months ago.

Mr. Will A. Lander, of Durham, who is well known in town, stayed over Saturday and Sunday, from the cricket match Friday.—O. Sound Sun.

Miss Lizzie Anderson, of Durham, was the guest of last week, returned home Monday.—O. Sound Sun.

Mr. Thomas McComb, Williamsford, and two daughters, Mrs. Martin and Miss McComb, visited their many friends in Durham and vicinity this week.

Mr. Neil Cameron, Grand Rapids, Mich., son of the late James Cameron, year old child of Mr. John Cameron's, is spending a few weeks around the old home for the first time in 25 years.

Messrs Lorne and C. G. Watson, of Protton Station, were visiting their friends in Mrs. Mountain, and other friends in Normanby and in town at the beginning of the week.

Miss Godfrey, Miss Roy and Mr. Roy, of Listowel, the two latter cousins of Mrs. Dr. Holt have been visiting at the Dr's. They "wheeled" over and arrived quite fresh. By-the-way these young ladies are quite clever cyclists.

BEREAVEMENT.—We are again called to record with sorrow the death of a year old child of Mr. John Cameron's, Lower Town. We believe from the same disease that he has already proved twice fatal. The death and funeral took place last Tuesday.

Mr. Walter Nichol, teacher of No. 14, Egrenont, had two pupils write for entrance at Duudalk and both passed very successfully. Though the first time of trying, one, Miss F. A. Moody, took 548 marks the highest on the list, the other W. Wilson is also over the 500. Congratulations teacher and pupils.

Mr. Henry Heuter, one of the earliest settlers, and most enterprising of Neustadt's inhabitants, passed away on Monday last. The deceased was a man of great business energy. In 1873 he re-located his extensive brewery and built and in connection is now worth in the neighborhood of \$50,000. He was buried yesterday. Mrs. Con. Knapp, of this town is a daughter of the deceased.

A LONG WALK.—Mr. Robt. Watson, Sr., walked to Aytion the other day, and was too late for the train, and walked on to the next, and walked on to the next, but getting out of the way Harrison, and his walk was lengthened to about 50 miles. He got there in time for the morning session of the Presbytery however. He came home by more modern conveyances, but the feat was no small one for a man over 80 years. When Mr. Watson gets a bicycle (we saw him on a few days ago) all records will be smashed.

ADJUTANT OF THE 31ST.—The appointment of Lieut. F. E. Hunter of the Durham Company to be Adjutant of the 31st Batt. is a good move, and Lieut. Col. Telford showed much judgment in making the recommendation. Mr. Hunter, who is at present taking a full course at the Kingston Military College, is a clever young officer, full of enthusiasm for the service, and will make an ideal Adjutant. He already holds certificates from the schools for proficiency in infantry, cavalry, artillery and engineering, and is therefore thoroughly competent.—O. Sound Sun.

SCHOOL CHANGES.—The Staff for the coming term will include three new teachers, Miss Banks having resigned last week and Miss McKenzie and Meredith at some time previously. Miss Aggie Bull takes Miss Bank's place, Miss Aggie Bull the next division, while Miss H. Anderson takes the lowest division. These will, we have no doubt, maintain their pupils with due efficiency and the board must be congratulated on their selection. As a result of the changes the treasury will save \$70.00 and the salaries being now \$275, \$230 and \$225 respectively. Certainly the trustees can not be charged with extravagance! Mr. A. Firth has secured the position of Model assistant at \$125 for the term.

BETTER MAIL FACILITIES.

We would join our contemporary in asking that our lately transportation facilities be used to furnish with an earlier M. I. As this is a term in no undue delay would be caused to places at a distance, even if the new run had to wait an hour or so. Even the lake state ports to the North and West, can our coast do nothing, in the absence of a board of Trade, which would be an appropriate body to move in the matter? We hope Mr. Mallock and the G. T. R. will give us this modest request? A morning mail two or three hours earlier than about 4 p. m.

Mr. Walter Elvidge left on his wheel last Saturday for a trip to Belwood and Galt. Mr. Elvidge succeeded in passing 8 out 9 pupils at the recent exams.

WIRES.—Our town has a city appearance now owing to the extra wiring for the lights of the Crawford Company whose lights were turned on this week.

SOCIETY SERMON.—Rev. Mr. Connor preached an able sermon to the Independent Foresters on Sunday last. They attended Trinity Church in a body, about 60 being in the procession, several brethren from other courts being present, who were entertained by members of the local court.

CRICKET.

HARRISTON V. DURHAM.

Durham the Winner by ONE INNINGS and 47 runs.

The Harriston cricketers came over on Tuesday to play the last league match with Durham, and this time victory for the first time rested with the home team. The weather was warm but otherwise all right. Play commenced in the forenoon, and it was early seen that the visitors were to catch it, the splendid play of Dr. D. McKenzie in rolling up a good score for Durham was appreciated. Joe Clarke and Dave McKenzie distinguished themselves by putting out respectively 10 and 9 of their opponents. The following is the score.

CANNOT BE PROTESTED.

THEIR POSITION BEYOND DISPUTE.

While we hear on every side about protesting this and that, it is impossible to get a petitioner who will protest against the success that has attended the labors of the Directors of "The Western Electric" at London. They have worked well, and are now reaping the reward of their toil.

The new buildings which have been erected at a cost of over \$30,000, are not only a credit to them, but to the Province of Ontario, as none finer exist for the purpose for which they are intended and will insure a very large increase in the number of exhibitors of pure bred animals of all kinds. Every owner should be on hand with his stock, and show his appreciation for the efforts made in the advancement of stable accommodation, and also see if there is not something to learn that will be useful around home.

How Time Flies!

It's over two years since we started business in this town and we look back on the result with a good deal of pleasure. When we came here it was everyone's opinion that we were only here for a short time to run off a stock, get as much money as possible and then get out. Now everything is changed. By strict attention to business, by selling at as low a margin of profit as possible, and by always carrying out what we advertise we have won the confidence of the public. Being in a condition to buy altogether for cash and take our cash discounts, we are offered many a snap that a merchant who buys on time never sees. Selling altogether for Cash or Trade we have no bad debts to counteract, so it stands to reason that a merchant doing a cash business can afford to sell cheaper.

WE FOUND our old premises in Upper Town far too small for our accommodation and in our new store, just twice the length of the old one, we are in a MUCH BETTER position to wait on OUR CUSTOMERS.

It is getting on in the summer and the time for summer goods will soon be over. For the NEXT TWO MONTHS we will offer SPECIAL REDUCTIONS in all lines of Summer goods, and as the quantities of each are small the early shoppers will have the best choice. Here you will find
