Clark has borne fruit and this posthumous harvest is very gratifying to his friends.

The Conservative party emerge late in rhyme, etc. from the confict with no honor. The attempt to saddle the Reform party with a coercion policy has been effectproved that Orangemen and Catholic must have gone together to the poll to vote for a member of a government whose leader believes in "justice, freedom and toleration."

There can be no doubt that mercenary moth es in the direction of public improvements secured Paterson many votes in Owen Sound and we regret splendid fight, had some of its arguments tainted with mercenary ideas. Mr. Paterson however, made the noble statement that whether elected or de-

feated Owen Sound would get justice. The news as it came to Durham rejoiced the heart of the grits and we are sare that the Liberal pulse of the Dominion from Laurier down, will beat faster now that the Hon. Wm. Paterson has been royally sustained.
