COD-LIVER OIL.

Cod-liver oil for medicinal purposes should be a perfectly limpid yellow thick oil and while having the peculiar, characteristic smell and taste, should te absolutely free from rancidity. has a tendency to cause formation of

fat in the blood. But it is a very in wave-tossed boats. complex substance, and the iodine,

the oil upon sensitive or deranged sto- at the sound of music. amehs; but by ingenious manipulation it can be made palatable even in such cases, provided there is no other objection to its use. Sometimes a piece fore the oil, and another just after it, quently, will obviate the difficulty.

Various emulsions containing aromatic waters, yolks of eggs, or equal parts of glycerine and a drop or two of almond-oil, may all be experimented with. with a single small dose daily, gradual- take one now. ly increasing the amount as the person becomes habituated to it. In infants, or in cases of marked emaciation and weakness, in which i would be difficulty to give the oil through the mouth, it may be rubbed on the abdomen and chest.

REST CURE.

A distinguished American physician has devised and elaborated a method organic trouble, have fallen into a off. condition which is more or less alarming. In nearly all such instances careful study reveals the fact that owing to some severe strain the vital forces to perform its various offices.

rest cure, as it may be called, it is necessary that the patient be kept in bed from three to six weeks, according | Cheer up, ye toilers of the earth, to the nature of the case. The room The millionaire can only eat should be bright and airy, and easy | One dinner at a time! of ventilation and cleaning. Adjoinit should be a smaller room for the at- One bed at night alone can rest, tendant or nurse, who with the doctor That form we envy so, is to be the patient's sole companion. And just one journey at a time Even the members of his own family Is all that he can go! are not to be admitted, since visitors of all kinds necessitate the physical His clothes and hats and shoes may be and mental effort of conversation. fed, and on no account should be alowed to sit up. All reading should be done by the nurse, and if the patient There are so many, many things, be a woman the hair should be dressed

Two measures are necessary to take | As either you or I. the place of the ordinary daily exercise-massage and electricity. Massage may be employed from half an hour to an hour every morning and afternoon. Even the face and scalp should not be neglected. Once a day every muscle of the body should be gently stimulated with the electric current. Neither of these measures calls for the expenditure of an ounce of the patient's nerve force, and at the same time the general nutrition is increased. The remainder of the rest cure consists in a carefully prepared and systematic course of feeding, combined with bathing and other hygienic measures. The benefits to be derived from this part of the programme are to be found in the regularity and the simplicity of the daily living. A defininte hourly for 10 cents. scheme must be arranged and strictly

supplement the treatment by the rest in stagnant water. cure, but entire charge of the patient should be left to a competent physi-

STORMY TIME.

They must have had a cyclone over at Newriches last week. What makes you think so?

Mrs. Newriches said they had their monogram blown into every piece of glass in the house.

Why Kidney Disease Cannot be Cured by Powders, Tablets or Pills.

One of America's most eminent specialists, who has for years studied profoundly the construction as well as the disease of the kidneys, gives it as his belief that pills, powders and tablets are almost worthless in the treatment of kidney diseases. Bright's disease, diabetes, gravel, and almost all disorders of the kidneys are caused by the presence of oxalate of lime and uric acid, both of which are solids. In order to dissolve these solids so that they may be eliminated from the system a liquid medicine must be used. South American Kidney Cure is the most perfect solvent known, and for this reason it generally relieves in six hours, and never fails to cure.
