The trial of the pound keeper and the old man who removed his colt from pound in the absence of the pound keeper came off at Dundalk, Saturday 22nd. inst. It was largely attended. The defendant and his son swore they had offered the plaintiff's father compensation but he refused it, as they were well known settlers, and it could be got again when his son returned and the damage was known. It was alleged the plaintiff took law not waiting on defendant, taking him to Dundalk, and a magistrate within one and a half miles of him. The magistrate reserved his decision ery, until 22nd inst.

At the thrashings last fall the farmers considered the valuable advice given by the proprietors at the Model Farm, Guelph, to plant more corn. The advice was acted upon, and the results have been excellent. The topic to be taken up this year is "Shall we build silos." Verily corn is king.

By the way this fishing ground is a preserve and owned by gentlemen in London and it is a great pleasure to have the privilege to fish for a hour or two as there are plenty of beautiful trout to

The third day at noon we again struck our camp at this place and I can assure you that is no mean place to spend a few days recruiting. Here is a falls of which the people of this section should be proud. Had the people of Hespeler such a fall of water they would at once cast Lake Puslinch or even Idlwild into the shade as a picnic and camping ground. The water falls about 25 feet quality, that's the best-there's only does seem the waters do clap their one price Tuesday and that to every | hands and give one loud peal of laughter one-Don't miss this sale, it may not as they leap from crag to crag until be repeated—we always received 40c they reach the bottom in one vast sheet of sparkling foam. Truly it is a beautof sparkling foam. Truly it is a beaut-

iful sight and once seen must be admired. And then too, there is a great curiosity to be seen in the form of a wonderful cave which seems to have been formed by the action of the water in the ages long ago. The first room is round and about 15 ft. in diameter and its walls are about 40 ft. in height with an opening at the top of about 8 ft.
