

Durham, Thur. Sept. 24, '96.

Sir Chas. Tupper returned on Monday last to his charges against the Governor General for alleged partizan language in his official communications to the late government.

To-day Gladstone is to speak at a meeting in Liverpool called in sympathy with the Armenians. The humane instincts of the British people everywhere are outraged, but with a plain declaration from Russia, Germany and France that the first step Britain takes will be a declaration of war, the British Government must hesitate before rushing into the jaws of a hostile continent.

MUNICIPAL POLITICS are attracting attention much earlier than usual on account of the new system of electing County Councillors. It was thought that to township positions would almost go begging since they do not lead to anything higher, except by way of experience, but that is going to be far from the case.

HOPEVILLE.

Another horse pounding here. The man that had to pay for 4 head of cattle when told there was only two, paddled, drove to pound a colt belonging to the man who did the pounding before. The people here are well pleased at the result.

Miss S. Scarlett is home from her visit to Bruce. Mr. and Mrs. Joseph Natress, of Vaughan Township, are visiting with his sister, Mrs. J. A. Scarlett.

John A. Scott got his foot in the thrashing machine and is getting around nicely. James McMurdo had his house broken into last week and \$5 stolen.

A number of our village drove to the opening of the Mennonite Church at the Gooch settlement last Sunday. George Riddell is home. He has bought a bicycle.

Wm. Watson Senior of our Town beats John McLean's record in tall corn, the other day we saw a stalk of Mr. Watson's measured and was 13 feet 2 1/2 inches long, these figures are the exact. Who can beat it?

Mr. Neil Cameron of Grand Rapids, Michigan, who has been at his sisters here since his father's death, returned last Saturday. He is head florer in a large factory.

Mr. George Ryan of the Rob Roy was around the beginning of the week ordering out sheep and lambs that he had bought some time ago. George knows a good sheep from a bad one and cannot be cheated in the price either, for he is possessed of an extraordinary good memory which he relies upon until his return home in the evening.

The Misses Ector, of Edge Hill visited at their Aunt Mrs. Gowland of Ardenia on Saturday and Sunday last. Miss Flora McCannell left for Toronto last week where she intends to remain for some time.

Rev. Mr. Darrach who has been laboring for the Baptist congregation will preach his farewell sermon next Sabbath, Mr. Darrach is a faithful laborer and a good speaker and a man who is capable of commanding audiences in any congregation.

Mr. Wm. Stewart of Proton accompanied by his young bride, attended services here also on Sunday last. Mr. Stewart is of the ordinary sized young man, but his blooming young bride has to look down on him quite a bit, we wish the young couple much happiness in their future life.

George Lothian Esq. of Dronore visited friends here a day or two ago. Hector McLean, mason, is getting brick house near completion, Hector will be getting some one to keep it warm for him.

Rev. D. McLeod finished his discourse on Corinthian last Sunday, he has been preaching on that epistle for the last two years taking the book as it comes it is easy to preach a sermon from a text here and there, but the good pastor of St. Columba church don't believe in that way of preaching he explains every verse as he sees a long Sabbath after Sabbath, he preaches on Revelation in the evening for the last year and is about through now.

Quite a number of people are complaining with colds, as the weather has been so changeable of late.

We are pleased to hear that Mrs. Rev. M. Humphry is getting better, after her big spell of sickness.

THINK IT OVER. Have you ever heard of a medicine with such a record of cures as Hood's Sarsaparilla? Don't you know that Hood's Sarsaparilla, the One True Blood Purifier, has proved, over and over again, that it has power to cure, even at, or all other remedies fail? If you have impure blood you may take Hood's Sarsaparilla with the utmost confidence that it will do you good.

BALSAM VALLEY.

Thrashing and ploughing are the order of the day. The McLean Bros, with their Waterloo Steamer are doing good work in this settlement and also warm the boys up a little. McDougall and Fisher are not far behind with the Waterloo horse power, for they can warm the boys up just about as well as the steamer.

Another good Reformer married in the person of William Stewart to Miss Kate Knox, both of Riverside. Only one was on the north side of the river and the other on the south. The Rev. D. McLeod tied the knot perfectly at the manse, Priceville. We wish the couple health, wealth and happiness through life.

Miss Annie McKechnie left for Ottawa at a salary of \$240 a year. She also works with her aunt, Mrs. McLaughlin formerly of Bussan, Ont. Mr. Gray of the Marchmont Home, Belleville, Ont., paid Balsam Valley a short visit last week.

Miss Christy McPhail left for Toronto last week in company with Miss McDermid, of that place. Mr. Edward Broome inflicted an ugly wound on his great toe, while cutting wood. A number 13 rubber was necessary to cover that big toe.

Mr. Alex. Ferguson, of Harrison, is visiting friends in Balsam Valley and paid a flying visit to Swinton Park one morning lately. Last week a nice little crowd gathered at Archie Ferguson's and spent the night pleasantly dancing and singing while Hector McDonald furnished first class music for the occasion.

The wedding bells were ringing on a September dreary night: The little house was decorated, within was gay and bright. A party with their guns they came to shiver that groom. When threats were made outside the gate I'll shoot you pretty soon. While the mould boards were a-ringing, while the Valley crowd were there, marching up the road together as the muskets pealed an air.

MAPLE GROVE.

Our neighbor, Mrs. J. Henry, Sr. had a funny experience with a calf a few days ago. The animal was evidently of an enquiring frame of mind as Mrs. H. discovered it in an attempt to ascend the stairs leading to the upper story of her house. How it came down may be answered in the old adage, viz. Thereby hangs a tale.

Mr. M. Henry has disposed of his driver to Mr. Jos. McDonald, of Priceville. He is a beauty and we may expect to hear of some fast trotting in the near future.

A meeting of the company controlling the thrasher and corn cutter was held a short time ago at which there was a lively time. It seems that a committee was appointed to make a set of rates for the regulations of the corn cutter, but not having a full meeting of the shareholders, their attempt to go ahead for the benefit of a few was practically sat on. Mr. Angus McLeod fought hard for equal rights and after a hard battle came out ahead. This ought to be a lesson to some partners that want to institute a minority rule. It won't do majority or nothing rules in the Groye.

Mr. Donald Kennedy leaves for Guelph this week for the purpose of importing some new stock into the Groye. We expect on his return that Galloway cattle will be a frequent subject of conversation as we understand that one of the imports will be a Galloway of the male persuasion.

Messrs McMicken and McDonald thrashed three days for Mr. John McLaughlin last week. He had a good turnout of grain. Visitors from Ohio and Indiana took part in the work and every one put in a good time. On the last evening Fiddler Jim was to the front and has not lost any of his old time skill.

Mr. J. Henry, Jr. has a contract painting at Dromore at present. Any communications addressed there will be sure of attention. Hope he will soon get through with this contract as frequent driving in that direction may result in a much longer engagement. However in any event we wish him all the good luck possible.

Would your Scotchtown correspondent kindly inform his friends in the Groye how the tobacco cure worked? We hope it had the desired effect if the price was not too high. Doubtless it gave satisfaction.

The farmer, mail carrier and timberman had their long talk of bicycle-ride last week. Your correspondent did not receive an invitation, but the results were not affected by his absence. Whether much money changed hands we cannot say, but training showed up well. The result was Mail Carrier last, Farmer 2nd and Timberman 3rd. This was very unexpected, as the two first named had only a short time to practice.

Mr. Thos. Morrow is about to sell out and retire into private life in Fiesherston. We are sorry to lose our old friend as Irishmen are scarce in the Groye. We wish him a pleasant time and long life where ever he may go.

Mr. John McDougall has left to take a position as guard in the Toronto Asylum. He will be much missed as he was one of the boys. Miss Kate McDougall, of Balsam Valley, is visiting friends in the Groye at present.

Mr. and Mrs. Bliss left last Friday for their home in Cleveland, Ohio, after a pleasant visit with Mr. Allan McLean, Sr.

Cripple

The iron grasp of scrofula has no mercy upon its victims. This demon of the blood is often not satisfied with causing dreadful sores, but racks the body with the pains of rheumatism until Hood's Sarsaparilla cures.

"Nearly four years ago I became afflicted with scrofula and rheumatism. Running sores broke out on my thighs. Pieces of bone came out and an operation was contemplated. I had rheumatism in my legs, drawn up out of shape. I lost appetite, could not sleep. I was a perfect wreck. I continued to grow worse and finally gave up the doctor's treatment to

take Hood's Sarsaparilla. Soon appetite came back; the sores commenced to heal. My limbs straightened out and I threw away my crutches. I am now stout and hearty and am farming, whereas four years ago I was a cripple. I gladly recommend Hood's Sarsaparilla." UNSAN HAZWOOD, Table Grove, Illinois.
