The Globe has no superior as a newspaper in this Dominion. Old readers who have stopped it constantly find that to guage the world's news correctly they must again have the Globe. Its news are the freshest. Its politics are the fairest, as is often seen in its reports of conservative meeings, being nearly as full as the Conservative organ. Its market reports are second to none. Its family miscellany is excellent, while the world of fashion and sport is not neglected.

The REVIEW, to its readers needs no commendation. It ever stands in the front rank as a local journal. It has a staff of correspondents, who from time to time relect the life of their respective communities. Its aim is that no local event of importance shall pass unnoted, and at the same time to present each week a condensed account of general and political news.

knew what language their boys are using in the We are glad to observe that the induction of the Rev. P. E. Nichol into the pastorate of the congregation of St. Marks Presbyterian Church, Toronto took place under such pleasing circum hire" and the fame of his good works has preceded him. The following is the Globe's report of the induction: -

St. Mark's Presbyterian Church was crowded to the doors last night on the interesting occasion of the inducting into the charge of the new pastor of the congregation. Rev. Peter E. Nichol, Rev. John Neil the Moderator of Toronto Presbytery, presided. Rev. Dr. Gregg delivered the charge to the minister, and Rev. J. A. Morrison delivered the charge to the people. Rev. W. A. J. Martin preached a most eloquent sermon, his text being Ephesians, iii., 8-11. The choir, which rendered several pieces during he eyening in a most acceptable manner, was led by E. Bowels, the choirmaster and organist of the church. Mr. Nichol who is thus the latest addition to the clergy of the city, is a middle-aged man, who, some four years, has already attained J. E. labored in mission work in the Etiza beth street and Claremont street mission, achieving a marked degree of success in them. Upon graduating first in Wyandotte, Mich., and then going to Detroit, where he assumed charge of a mission church He next received a call to a church in Bay City and accepted it; when he went to it the church had twelve members and a very small building, and now after a couple of years' work, it has 300 members and a fine new building.
