Grey Show. RAIN AND MUD. SPLENDID INSIDE EXHIBIT.

For once in many years the directors South Grey Agricultural Exhibition have met with a dampener physically T. Reiner, A. Forteney, H. Parker. and figuratively, Tuesday, however was not so bad but that the best collection of inside matter ever seen in Durham was got together,

Certainly the fruit class was never better, and in this period of low prices for grain and stock, steps should be taken to plant out more orchards, and plan for shipping on a large scale,

The pies and pastry department showed the skill of our ladies in the culinary line, while the quilts and ladies' fancy work delighted the eyes of the judges as it did the many who so deeply take an interest in it, Mrs. Thes. Gadd has taken 1st prize in bread two years in succession.

The batter class was largely repres ented, and the judges speak in high terms of its excellence. J. w. Blyth, | well Bros. Varney, sends a Cheese, for which he

would have liked competition. To do justice to the vegetables they shoeld be described in Poster type, a mite of a squash weighed 1921bs! and was'nt brought from the tropics either. The flowers are a continual delight, and notwithstanding late frosts a very fine collection has been entered and they had many admirers, Mr. Gorsline carries off the collection.

Browne's collection of Photos, without doubt surpassed anything ever seen in Durham. The a rangement of the exhibit showed artistic taste, and kept crowds always before it. The work it's self, whether single or in groups seemed beyond criticism, as youth and old age are alike portraved in all the vividness of life. The aesthetic taste is gratified by the exhibit which adorns the south end of the hall. Mr. Browne took first prize where ever he exhibited in 1895. He is successful this year again, and will be hard to beat anywhere.

R. Torry showed 2 frames of photographs having some excellent work, some rural scenes with local characters catching the eye, the finish pose and realism being very good.

The Hillises and willises again honor the show with fine exhibits and crowd the prize list.

The lack of the ring events caused a | Magwood, general regret, the track however was not safe to race upon owing to mud.

The directors must be gratified, and the Secretary, Mr. McKenzie especial Dan Edge, f, at the excess of entries over past shows every line was well filled out and the general excellence was freely
