

The Grey Review.

Durham, Thur. Oct. 8, '96.

The Conservative party intend having a provincial convention on Oct. 27th.

The golden wedding of Sir Chas. and Lady Tupper takes place to-day, and from both sides of politics come warm congratulations. Bitter would be the partisan who would refuse to the old statesman and his wife the felicitations becoming to the occasion. The event is causing good fellowship at Ottawa as it should do.

A tremendous storm was raging in the Southern States while S. Grey Fair was in progress. In Florida and along the Atlantic coast immense damage was done, and hundreds of lives are supposed lost. Inland the storm was also destructive, but Canada has again to rejoice that her coasts were spared.

The 1st Session of the eighth Parliament of the Dominion was prorogued on Monday with the usual ceremonies, only about 40 members were on hand. The passing of the supplies was the chief business, as was intended, and now while the members rest, the Government will be busy preparing the new tariff and other matters for next session, which will be a lengthy and most important one.

The Czar and Czarina have spent about two weeks in the seclusion of Balmoral, the guests of our gracious Queen. They have now gone to sunny France, where the people, republicans though they be, are wild in their welcome to the most autocratic monarch in Europe. The most extraordinary precautions are taken by sea and land to prevent assassination, and outwit the Nihilists. Many important bodies are preparing to banquet the Royal guests and do them honor.

By far the most important event during the past week has been the strike of the telegraph operators and despatchers on the C. P. R. Though for several days the company have been claiming the strike over the trouble is not lessening. At this writing, indeed, it looks as if sympathetic strikes of trainmen and engineers might occur, in which case a complete block of all traffic would ensue. Some 900 men from the Atlantic to the Pacific are affected, and the freight traffic is badly demoralized. The men would get more sympathy had they refrained from all recriminating acts, tampering with wires, etc. and especially if they had passed on live freight instead of leaving trainloads of cattle famishing at out of the way stations. To the North West farmer it will mean lower prices, as elevators are full, and no cars moving. There is room for government interference, the work should be forced on, and the whole matter submitted to arbitration.

TOWN COUNCIL.

The usual monthly meeting was held Monday. All present except Councillor Mookler. A brief synopsis of the business is given below.

Mayor and Brown were appointed a committee to examine into the collector's securities.

That the claim of W. C. Wilson for 1 doz. hydrant spanners be paid.

That the petition of Dr. Jamieson and 38 others asking for an electric light on Lambton St. East be referred to Fire and Light committee, they to report at next meeting.

McKechnie, H. Parker, that the action of the mayor in offering \$50 reward for arrest and conviction of the housebreaker be confined, and that the reward be increased to \$100.00.

Brown, H. Parker that the petition of Owen Gaynor and 80 others asking that the privilege of lighting the streets be thrown open to public tender, cannot be entertained till the present contract expires. Messrs Brown, H. Parker, Elvidge, Kinnee, and Sparling voted yea, and in the negative were R. Parker, McKinnon, McKechnie, and Moore.

That Mayor and Clerk be instructed to borrow \$500, to fall due not later than Dec 5th, 1896.

The board of works recommend a crossing between the properties of Messrs Barker and Lavalle, but no sidewalk yet in the next time.

The Finance Committee recommends payment of the following accounts:

VICKERS.

Thieves are still at work, as Mr. Wm. Smith of the 2nd con. entered his barn one morning last week he missed several bags of oats, we would say farmers lock your granaries.

The corn crop in this vicinity is now about and shocked, a number of fields have been greatly damaged by the recent frosts, one of the heaviest crops that we have heard of is that of Mr. James Mather who had one single stalk which weighed ten pounds.

Mr. and Mrs. Thos. McDonald of Moorsburg, spent a few days with their friends on the South line last week.

The Pickon Bros. have sold their handsome team of Bays for the nice sum of \$185.

THE WORLD'S FAIR.

A Cold Day But Fine Attendance.

But for the fact that the people of Holstein had their thermometers set too low Wednesday last, the day would have been in all respects the best yet held. People will go to this fine Township show, however, and Secy, Petrie estimates the crowd about as large as formerly. There were 72 exhibitors, and over 800 entries we were assured and the quality of the exhibits, we might almost say, of course, was very high.

Durham set Messrs Irwin, of the Middaugh House, Dr. Jamieson, Auctioneer McKay, A. McKinnon, T. Swallow, E. Shevell, Wm. McFarlane, Wm. Leighton The Chronicle, and REVIEW and a few others, and every part of the township had representatives.

The concert in the evening, with President Swanston in the chair was well patronized. Miss Jessie Dunsmore is quite a favorite with Holsteiners, and Miss Siers captivated the audience with her "Inventor's wife" Rec. Mr. S. T. Orchard and his company brought down the house. Mr. Orchard's dramatic talent is of no mean order.

At present we must stop.

HOLSTEIN.

Rev. George Lounds of Grand Valley a former Pastor of the Methodist Church of this place preached a missionary sermon in the Methodist Church last Sabbath.

Mrs. Griesch of Harrison is the guest of Mrs. A. Doupe this week.

G. Burrows of Conn. spent Sabbath with his mother Mrs. Wm. Burrows.

Rev. J. K. Isaac is in Grand Valley this week on missionary work.

J. Sills, of Galt spent Sabbath with his wife and young son.

Miss M. Mannell, of Moorefield, who has been visiting her sister Mrs. W. Wallace, returned home on Tuesday.

Stanley O'Connell went to Hamilton last Thursday where he has got employment.

Miss E. Shields of Pennsylvania left for her home after spending a couple of months with her aunt Mrs. J. B. Shields. Mr. and Mrs. J. Hieple of Pike Lake spent Sunday with the latter's sister Mrs. J. F. Kerr.

BALSAM VALLEY.

Threshing is about done in this neighborhood and everybody seems well satisfied with the work done.

Potato digging is the next order of the day. Potatoes can be found around here weighing from two to six pounds and also good quality. Next.

We are very sorry indeed to chronicle the death of Mrs. Joseph Richardson, who died at her son's residence last week after a lingering illness of about six weeks with that dreaded disease, dropsy. She was buried at the Methodist cemetery last Monday and was followed to her last resting place by a large concourse of friends. She was also a consistent member of the Methodist church for a great number of years.

Miss Sarah E. Ferguson has returned home from Swinton Park where she has spent the summer. A short journey for D. is the result.

Miss Maggie Haman and Jack of Swinton Park paid a short visit to D. McIntyre's last week. Jack says he will come again.

Mr. Traynor of Dundalk was in last week surveying disputed lines with satisfactory results.

Miss Flora McIntyre of Mimico, Ont., was visiting friends in Balsam Valley last week. She left on Monday to attend her duties at that place.

Mr. Angus McDonald of the firm of McDonald & McIntyre returned home from the lower settlement where he has spent part of the summer. He says it was warm (wharum) there when he left.

Miss Mary Lamont had a quilting bee last week. A number of our fairest gals sewed the quilt up to perfection making no mistake whatever, but the young girls were greatly put about when the married women got the button.

We understand Angus McCannel has rented the McKechnie farm for a number of years. We wish you luck, Angus.
