To Regulate Deer hunting.

The Law on the Subject.

No person shall at any time hunt, pursue, kill, wound or capture any deer in the waters of any river or lake within the limits of the Province of Ontario, or immediately after leaving such waters, and any persons carrying a rifle, carbine or shot gun, and stationed in a canoe, skiff, punt or boat of any kind, at or near any place where hunted deer are likely to enter the water during the open season, shall prima facie be deemed to be engaged in hunting or pursuing deer within the meaning of this section.

No person who is a resident of and domiciled in the Province of Ontario shall hunt, take, or kill, wound or destroy any deer without first having obtained a licence in that behalf under the provisions hereinafter set forth and the fee for such licence shall be two dollars and shall be in force for one season only.

There shall be attached to each licence two shipping coupons, one of which shall be signed and detached by the person to whom the licence is issued in the presence of the shipping agent at the point of shipment and attached to each deer or part of deer about to be shipped, and such coupon shall be cancelled by the carrier on arrival at the point of destination by writing across the face "cancelled."

Sub-section 5 of section 2 of Ontario Game Protection Act, 1895, is hereby repealed and the following substituted therefor:

No common carrier or other person shall transport or have in possession for that purpose in this Province after the same has been killed any wild game or the raw skin thereof, or any venison, save only from the first day of November to the twenty-second day of November in each year, unless accompanied by an affidavit that the same was hunted and taken during the open season, and unless there be attached thereto one of the shipping coupons belonging to the licence authorizing the shipper to hunt or kill as provided by this Act.

Every person engaged in the hunting or killing of deer on request by any person whatsoever, at all reasonable times and as often as reasonably requested, produce and show such licence to the person making the request; and if he shall fail or refuse to do so he shall forfeit any such licence he may possess, and shall if found hunting, taking, pursuing, killing, wounding or destroying any deer without licence, and on proof of such request and failure or refusal to produce to have violated the provisions of this section.

Any person offending against any of the provisions of the Act shall be liable for each offence to a fine not exceeding \$50 and not less than \$20, together with the costs of prosecution, and in default of immediate payment of such fine and costs shall be imprisoned in the county where such conviction shall take place for a period not exceeding three months.

Notwithstanding anything to the contrary in The Ontario Game Protection Act, 1894, or any Acts amending same, the Lieutenant-Governor in Council may, by Order in Council in that behalf, designate certain counties or portions of counties in the Province in which it shall be unlawful to hunt, take pursue, kill, wound or destroy any deer animal at any time of the year, subject to such reservations in favor of the residents or settlers in such counties as may be deemed reasonable.

MAPLE GROVE.

This burg is by no means dead, as improvements are going on on all sides. Mr. Alex. Carson is going in for poultry raising extensively and has erected a coop for the accommodation of his feathered friends. Mr. McKillop also has his house nearly finished and intends moving into it shortly. The Henry Beos, have started the foundation of their silo which, when finished will be capable of holding sixty tons. Mr. J. McKArthur has his house beautified on the outside by whitewash. Jack is a hustler.

There is no happiness in having and getting but only in giving. So said the lady when she got the fish.

Mr. and Mrs. Alex. Carson visited with Mr. John McQuarrie last Sunday.

Mr. Fred Kennedy purchased a fine driver from G. Hawk, Flesherton Station.

Miss McFee of Guelph has returned home after a two weeks sojourn with friends here.

We notice that Mr. D. Campbell has started to take his evening walks again.

Mr. and Mrs. A. C. McLean spent a few days with the latter parents in Chatsworth, returning home last Wednesday.

The funeral of the late Mrs. McDonald took place to the R. C. Church in Glenora, conducted by the Rev. Father Hauck. The church choir rendered music suitable for the solemn occasion. The very large attendance at the funeral gave unmistakable proof of the esteem in which the departed was held by her friends and neighbors.

Miss Mary Conkey was the guest of Miss Wright, Flesherton, one day last week.

We notice the Scotchtown reporter recommends his corn cure to the amount of sore heels at the Murchison dance, it could be used with good effect nearer home.

Miss Annie Sinclair and Miss Maggie McQuarrie were the guests of Mrs. Alex. Carson on Thursday evening of last week.

Our local ninnies report great bags of game, such as partridge, duck, black-squirrel, rabbits, etc. Such may be the case but your correspondent has not yet seen a single feather which might convince him of the fact.

Mr. James Henry and Miss Maggie McQuarrie were the guests of Miss Annie Sinclair one evening recently.

Mr. Arthur McClocklin, 4th line was the guest of Miss Flora McLean on Sunday last.

Mr. Fred McArthur passed through the Grove on his bike and attend a logging bee at Mr. Fred Kennedy's.

PROF. CHAMBERLAIN EYE SPECIALIST

87 King St. East, TORONTO, ONT.
Mr. Mike Henry and cousin Miss Lizzie McGee of Guelph visited Miss Adaline O'Neil last Sunday, and returned home early in the evening.

Mr. Samuel Carson intends attending the C. school in Toronto this winter, Sam will make a good soldier, as he has got all the necessary qualifications.

Mr. Duncan Sinclair has returned home after spending the fall threshing with Mr. James Wilson.

Mr. E. Sullivan intends purchasing a goat from Mr. P. Haley of Traverston.

Mr. R. McLeod, of Hagersville and Miss J. Carson, Priceville, visited Grove friends Sunday last.

A party of roughs from the west end of the Grove, one of them the proud possessor of a fighting dog, came east last Sunday morning, and met a party of the east end roughs. They engaged in a brutal dog fight which was neither creditable to themselves, to the locality, nor to the sacred day. This is not the first time we believe, and it is time such doings were put a stop to.

-POEM- By the Late Gordon Burgess.

We have pleasure this week in submitting to our readers the following unpublished poem by the late Gordon Burgess. A man of great intelligence, he wielded the pen with no ordinary skill, and his memory is yet green in the hearts of his friends. We shall publish another next week:

LOVELY WOMAN

Who doth true constancy possess
Who solace yields, relieves distress,
"Heaven's last gift," frail man to bless?
Lovely woman, *toujours le mème.*

Who is it that refines the mind
Enchants men's souls, his passions bind?
'Tis lovely woman, ever kind,
Lovely woman, etc.

Whose heart with tenderness o'erflows,
Whose gentle soul with pity glows,
And sympathises in our woes?
Lovely woman, etc.

Who true and faithful as the dove,
In sweetest bonds secures our love;
And doth our dearest treasure prove?
Lovely woman, etc.

Who is it sweetens human life
As mother, sister, lover, wife,
And soothes the pangs of death's last strife?
Lovely woman, etc.

In Holy Writ what proofs we find
Sufficient to confirm the mind
That gentle woman's ever kind,
Lovely woman, etc.

Who was it gracious ointment poured,
Upon His head whom she adored?
And was commended by her Lord?
Lovely woman, etc.

When our Redeemer sat at meat
In Simon's house he deigned to eat,
With pious tears who washed his feet?
Lovely woman, etc.

When for our sins the cross he bore;
To Calvary Mount he went before,
Who followed Him lamenting sore?
Lovely woman, etc.

His blessed body to embalm
With spices sweet 'twas women came
And a rich Saviour did proclaim.
Lovely woman, etc.

Her love, nor time nor space can sever;
Nor does she faithless prove, oh never!
When woman loves, she loves forever,
Lovely woman, etc.

A Recipe For Long Life.

Professor F. M. Heath lays down the following practice rules:

Fix deeply in mind the grand truth that life power rules the body, and that it alone can cure disease.

Life power lives upon air, water and food only; all else is hurtful.

Make cleanliness your motto, and watch against filth in both house and grounds.

Few starve for food, but many for air. Breathe deeply a hundred times daily. Wear no tight clothing. Above all ventilate your sleeping room.

Beware of gluttony. If the appetite is dull, eat fruit only or eat nothing. Use no fiery condiments, but live chiefly on natural grains, vegetables and fruits. Never ask your stomach to chew your food--employ your teeth. Adorn your table not only with viands, but with flowers and smiles and kindly words.

Deformity is not awkwardness only but danger. A high chest will give freedom to breathing, and digestion and helps cure many diseases.

Shun stimulants and drugs as you would pestilence. For tea and coffee drink hot water, and in illness let the same magic fluid be your physic.

Thick blood causes colds and countless other diseases. Keep the lungs active by deep breathing, the skin by baths and friction, the kidneys by free draughts of warm water, the bowels by correct eating, and the blood will be pure.

Spend part of each day in muscular work, part in study, and part in good deeds to men and in the worship of God.
