FLOUR.—Just arrived at Sparling's Emporium, another car of Hungarian Flour. Besides this, we have a quantity of other makes from \$1.75 per bag up, including—G. SPARLING.

ORANGE CONCERT.—Varney Lodge, No. 88, have a good programme prepared for Thursday night Nov. 5th in their new hall there. We have to thank the management for a complimentary ticket.

The editorial and local machine of the Faberton Advance has been laid to rest owing to bronchitis. So we learn from last week's issue. We will be pleased to hear of a good job being performed on an excellent machine.

Mr. Wm. Parrot, Chicago, a brother of Mr. J. Parrot, came over with his wife on Saturday, to see their afflicted relative. To the same sickbed came the patient's sons, Edward and Joseph, also from Chicago, and a daughter Mrs. J. E. Shorey from Toronto.

Mr. Jas. Hewison, Aberdeen came home last Saturday from the Northwest where he has been employed several months. Western farmers are most of them happy, receiving more for their present samples of wheat, than they got for their best last year.

Mr. T. T. Gadd, Normanby, spent a night with the Editor last week. Tom has spent two years at the Guelph College, and would sooner have 5 years than a fifty acre farm. He has at present about 80 varieties of wheat under cultivation, and is making a study of "Foreign growth" in preparation for a third year's course.

THE WORLD OF SPORT.—Warton Lacrosse team has proved victorious against all teams in our northern district last in the final match with Georgetown, at Stratford, for the intermediate championship, were beaten by six goals to three. This is the second time that Warton has won, with the same goal, all born in the town.

GREAT VALUE.—The REVIEW and the Weekly Globe will be sent to any address on this continent till Jan. 1st 1896 for \$1.35. Join the REVIEW club—over 150 others have done so—and get the REVIEW at the world and the local. The Globe is bigger than ever and the REVIEW is absolutely necessary as a local paper.

At the Morning meeting of the Council at the Firehall, a general survey of the premises was made. A strong plank track for the engine is to be built across the defective floor, the Clerk is to get prices of new hose, and the Fire and Light Committee have purchased what is deemed and get hose couplers and numbers to put the present defective hose in good condition.

Mr. Jas. Cameron, Gd. Rapids, Mich., son of the late Jas. Cameron, Pricewell, is en route for a brief visit last week. He is a member of the Sun Life Assurance Co. of Canada, and though less than a year in the field his company has written nearly a million insurances. The REVIEW will keep him posted on elections, he was hurrying home Monday to help McKinley and sound money.

DO YOU WANT A DAILY PAPER?—The Toronto Morning World, a morning paper mind you, will be supplied with the REVIEW to Jan. 1, 1896 for \$2.00. This is now and get the benefit of the year free. It has popular cartoons, news, and many excellent special features. It is 6 Pages and a large Sunday edition. For 6 months the REVIEW papers for \$1.35. All in Advance.

DEPRESSING FATAL ACCIDENT.—Mr. Robt. Edgar, one of Owen Sound's oldest and most respected citizens' mat his house in a stamp last week, while out hunting. Being missed by his companion a search was instituted, a large amount of money was expended, and at 11:30 his body was found near a bogger having caught on some limbs which he stumbled, it is supposed. A coroner's inquest is being held. Mr. Edgar has been the whole town, as Mr. Edgar was known to many over 40 years. A. Davidson having lived beside his family, and by all highly spoken of.

UNDERSTANDING.—Take Notice.—At the Convention in Dundalk week before last the resolution given below was adopted. The practice condemned consists in making application for a school teacher equal to or lower than the present teacher before either teacher has signified their intention of leaving a charge. This practice is not new, and we hope will be found of a worthy profession. It is a disgraceful and degrading practice, and we deem it our duty to denounce it. That no teacher should be known to be guilty of this practice. Teachers who have been guilty of this manner will kindly inform the President of the Convention, W. J. Sharpe, Holstein, stating

Rev. Mr. McGregor preached in Orchardville last Sunday.

Mr. Jas. Dowling, Dakota, came home to see his brother George, who is very low at present.

Mr. David, Lamb, of the O. A. C. farm staff, visited at the McKechnie's \$65 a few days last week.

Mr. David McIntyre, Egremont, left Wednesday for Waterloo to engage in the timbering business with N. McIntyre.

A Fowl transaction took place in Hunter's Store last bargain day when over half a ton of poultry were collected.

Mr. J. M. Hunter returned home last Saturday from Manitoba, accompanied by his little granddaughter, Beatrice Smith.

Prevent sickness and save doctors' bills at this season by keeping your blood rich and pure with Hood's Sarsaparilla.

An interesting paper by Mrs. Dr. Gun on Sabbath observance, appears in this week's W. C. T. U. column, a paper from Mr. John Cameron will appear next week.

CIVIC HOLIDAY.—The Mayor has proclaimed Thursday Nov. 12, a Civic Holiday, and business will be generally suspended.

Rev. Mr. Pomeroy was absent Sunday opening a church at Damascus, where his son-in-law, Magwood, is stationed. Rev. Mr. Stewart filled his pulpit morning and evening.

A sum of over \$14000 has been collected by voluntary subscription, chiefly in Montreal, to maintain the widows and orphans of the three firemen who met their death recently in the discharge of their duty. The days of the heroes, and people who appreciate them, are, happily, not yet past.

SABOTEN PRESBYTERY.—A meeting of this body will be held in Durham in December. Time was when it met in the outskirts of the bounds we are seldom favored. The meeting is to be more interesting than usual owing to the annual meeting of the Presbyterian Women's Foreign Missionary Society being held at the same time.

The Whole Story
Of the great sales attained and great cures accomplished by Hood's Sarsaparilla is quickly told. It purifies and enriches the blood, tones the stomach and gives strength and vigor. Disease cannot enter the system fortified by this rich, red blood which comes by taking Hood's Sarsaparilla.

Hood's Pills cure nausea, sick headache, indigestion, biliousness, etc.

LECTURE FOR THE LEPERS.—Rev. Mr. Jansen delivered his popular lecture "Experiences of life in Holland" in Dornoch on Monday of last week, to a large and appreciative audience. After taking his audience across the Atlantic in an Allan Line Steamer till the Steamer left, and an unanimous request was tendered him to come again and finish the trip. A cordial vote of thanks to the lecturer and a nice collection for the lepers were the closing features. We understand several of our citizens are anxious to hear this lecture, and we believe Mr. Jansen is quite willing to give it about the next full moon season, of course with a voluntary collection for the lepers. This mission is of a non-nominal in character, and has for its President, his Grace, the Archbishop of Dublin, and one of its patronesses is the Marchioness of Dufferin and Ava.

BRACK OF PROMISE.—The Fall assizes at Walkerton were made interesting by a case where a widow Mrs. Armstrong, aged 50 well known, respectable, good looking and clever claimed damages for a breach of promise on the part of a respectable farmer named Dickson, aged 30, ex-reserve of Carleton, and ex-warden of the county, and a noted stock breeder. The course of true love went smooth till the wedding morning, when word came to the waiting bride and friends that the marriage would have to be postponed owing to the groom's illness. She went to see him, had the door slammed in her face by his daughter, but was admitted and nursed him for a time. Then came the breakdown. He offered \$300 to declare it off. She refused, it was a man not money she was after, and the present suit followed. As the defendant admitted everything, the jury simply had to decide the damages, and they needed the wounded heart with \$750. Interference of friends seems to have been the trouble, and stranger things have happened than that they make it up yet.

A NATIVE OF SOUTH GREY HONORED.—The Western British American, of Chicago, publishes a portrait of Dr. N. Jamieson, who heads the Republican county ticket as candidate for clerk of the Appellate Court, and gives a sketch of his life. He was born on the farm now occupied by Mr. Robert Lawson, not in Durham as the sketch has it, on Feb. 9, 1848. His father was one of the first store keepers in Durham, and "wee boy Tommy" as he was familiarly known, went to school to old Mr. Moody in company with Mr. A. Davidson, and a lessening number of others. "After receiving an excellent education, he served an apprenticeship in the drug business at Walkerton, and at the age of 18 came to Chicago." He subsequently went into business himself, was honored with the Presidency of Chicago Retail Drug Association, and later became President of the Illinois State Board of Pharmacy. Entering into politics he succeeded step by step till he became honored by being elected to the Republican National Committee for Illinois. "His influence has always been on the side of honesty and purity in county and state politics, and his ability as an organizer and wiseman as a counsellor have been very specially recognized by the national leaders during the present campaign." Success to an old Durham boy.

A Minister of Barrie received a circular from a large departmental store of this city, last week, asking for names of his congregation who would likely become purchasers from the company. He answered, "I buy my goods from the stores of my own town and find them as cheap and as good as yours." He also told the firm that asking ministers to become agents bordered on impertinence. —A City paper.
