N THE SHADOW OF DEATH THE CONDITION OF MANY YOUNG GIRLS IN CANADA.

Pale Faces and Bloodless Lips-Given to Readaches-Extreme Weakness, Heart Palpitation and Other Distressing Symptoms-The Means of Cure Readily at Hand.

From the Leamington Post.

The attention of the Post has lately been frequently called to a remarkable cure in the case of a young girl living within a few miles of this town, whose ife was despaired of, but who was completely cured in a short space of time of the cures effected by the use of this so urgently been brought to out no- be removed. will be read with interest by the thousands of young gir's all over Canada, but is willing to make her case known in order that others who are similarly afflicted may have an opportunity of being equally benefitted. The symp-

toms in her disease differed in no way from those affecting thousands of young gir's about her age. She was suffering from extreme weakness, caused by an impovished condition of the blood, and her chances of life seemed to growt should be in the best of health, with baby humors; 35 cents. talk has been created in this town and | youth, and eyes bright and flashing, cheeks aglow with the rosy flush of just the opposite, with sallow cheeks, begin a series of revival meetings in bloodless lips, listless in every motion Boston on January 1. This was the out-come of something despondent, despairing of life with no has been cured of a long standing kid- complete rest, physical and mental, we ney disease from which he had endur- think it one of the saddest of sights. In the quiet little hamlet of Strangfield, in Essex County, just such a case was presented to the sorrowing eyes of loving friends a few months ago in the person of Miss Ella Beacon, who frequently said she did not care how soon she died, as life had no charms for her. To our reporter she declared Walding, Kiynan & Marvin, Wholesole that life had been a burden, but after Druggists, Toledo, O. suffering in this way for months, and after trying all sorts of remedies prescribed by physicians or furnished by Price 75c. per bottle. Sold by all Druggists. friends from some cherished recipe handed down from their grandmother. but without being benefitted in the least, she was at last persuaded by a neighbor to give Dr. Williams' Pink Pills a fair trial; but she had tried so many remedies without getting relief! that she still refused for some weeks. However, after repeated urgings by her parents and friends she began to use of the pills. Before one box was taken she experienced some relief, and after the use of a few more boxes she was restored to perfect health, and there are few young girls now who enjoy life more. She says she owes her life and happiness to Dr. Williams' Pink Pills, and is willing that all the world shall know it. Her case attracted much

> The facts above related are importyoung girls just budding into wemanhood whose condition is, to say the least more critical than their parents imagine. Their complexion is pale and waxy in appearance, troubled with headaches, shortness of breath, on the slightest exercise, faintness and other distressing symptoms which invariably lead to a premature grave unless prompt steps are taken to bring about a natural condition of health. In this emergency no remedy yet discovered can supply the place of Dr. Williams' Pink Pills, which build anew the blood, strengthen the nerves and restore the glow of health to pale and sallow cheeks. They are a certain cure for all troubles peculiar to the female system, young or old. Pink Pills also cure such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxis, St. Vitus' dance, nervous headache, nervous prestration, the after effects of la grippe, influenza and severe colds, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature.

attention and her perfect recovery has

THAT SCHOOL QUESTION. While this question is now settled from a National and political standpoint, and while over One Hundred and Fifty Canadian young men and women have settled it for themselves from a personal standpoint by attending the present session of the Central Business College, Toronto, it still remains for the careful consideration of parents who have sons and daughters to educate and of young people who desire to prepare for the Active duties of Commercilife. The splendid new prospectus of this College may aid in arriving at a decision. It can be secured by mailing a postal to the Principal, Mr. W. H. Shaw, Gerrard and Yonge Sts., Toron-
