> Most lines of wholesale and manufacturing business in Montreal are assuming a quieter phase with the approach of the holiday season, and with a good many houses the annual balancing absorbs the main attention. In the city and the larger centres retail business is fair, but in the country tradand good winter roads are necessary There have been few important changes in values during the week. Following the weaker tendency in the American market, local beef hides have been reduced a cent, but leather continues very firm with light stocks on spot, and tanners report offers from abroad which would net better than present local figures. Nearly all lines of groceries show firmness, and in canned vegetables prices are advancing. An auction sale of some 1,500 packages of damaged teas, held last Wednesday, realized much ing to the strength of the market, late. In dry goods the only reported change is a slight advance in the linen market, covering such goods as canvas, grass cloth, etc. Heavy metals and hardware are very dull, and turpentine and linseed oil show a slight decline. Trading in dairy products is of a very moderate character at present, with a tendency to weaker values. The money market presents no new features. The business situation at Toronto has not made the improvement that had

been anticipated. The movement in general merchandise this week has, if anything fallen off whereas an increased trade was expected. Prices of the leading staples are generally unchangare steady. The imports of dry goods "Well, it isn't the right thing to do, continue restricted, and domestic manfailures, but as a rule habilities are "It looks encouraging," said Magis- small. The decline in prices of wheat two unknown robbers early Sunday haranguing a crowd of men and boys en to the lowest prices, and peas, barley at the corner of Second avenue and and corn are lower than a week ago. Dominick Gill, city employee, missing | Seventy-sixth street. He arrested her The speculative dealings on the Stock she gave her name as Mrs. Archer. All but prices have been well maintained. at Toronto is easy at 5 per cent. and

the on Friday for Osborne, where she christening festivities at the first of discussing terms of peace and then of city water every year, \$1,350 worth of city water every year, \$1,350 worth of city water every year, \$2,200 worth of fuel, and receive a family party during the cold blood.

Government House uses \$650 worth of city water every year, \$1,350 worth of city water every year, \$1,350 worth of city water every year, \$2,200 worth of fuel, and receive a family party during the cold blood.
