Several returning officers are under arrest either for conniving at ballot stuffing or engaging in it themselves. Boyd, of McDoneld, has thrown up his seat though having nearly 400 majority. #### WISE COUNSEL FOR THE PEOPLE OF QUEBEC.

(From the Montreal Witness,) At this critical period in the po'itical hoped that the eloquent appeal and the wise counsel addressed to the peo ple of the whole Dominion, but especially to the inhabitants of this Province, will be heard with the attention and Reeve, Shaw; Dep. R. Wilson; considered with the open mindedness which they deserve. The Premier's appeal at the close of the address at the banquet is not less notable than was the now famous declaration whch he made in his speech on the school question in the closing session of last Parliament, which coafirmed the confidence in him of the English-speaking people, which he had already won to such a great degree. Last night's ap peal was, however, addressed to the French-Canadian people, and particularly to the younger men of the race :-
