## Editorial Note and Comment.

-The prospects of a largely increased immigration into Manitoba and the North West generally next spring are very bright. The good crops there are no doubt the chief cause, but the change of government and their new policy, with a patriotic, enlightened High Commissioner in England will do much to attract attention to the | and intellectually. After partaking of hungry vacant acres of our western heritage. And not only we believe will there be an increased oversea immigration, there will be another of almost a more desirable kind from the the difference between two and four being operated on the Gordon property United States, of Canadians, who during recent years have been striving, none too successfully, to better their condition with our neighbors to the south. From the Dakotas and adjoining states come reports of intended northward movements, and in a letter received lately from Mr. T. A. Ferguson, Chebovgan, Mich., he states that "several families are talking of returning to Canada in the near future, expecting the Liberals to be more successful in legislating for the good of the country than the late government." The mines of our new Ontario and of British Columbia will also draw, and our government will be able we hope at our next census to write, Canada, population 10 millions.

#### S. SCHOOL ENTERTAINMENT.

#### A Delightful Time.

Last Friday evening a delightful entertainment was held in Ebenezer Church, when over sixty books, and other prizes were presented to the scholars. The Church was full, the audience attentive, and the program good, although got up on very short notice. There were a few recitations, Charlie Watson of Glenelg, Miss Lottie Tryon and Miss Edith James, of Priceville, Mr. John McDonald favored us with an English Hymn and a Gaelic Song, he has a good voice. The audience were pleased to hear a selection by Mrs. Tucker, formerly of this place. Mr. Angus McDonald and his accordion drew forth several encores. The girls of Mi-s Maggie McCannel's school sang beautifully, so did Miss Minnie and Clara Hooper. The Priceville Choir under the leadership of Mrs. Humphreys could not be surprassed. Mr. Blakestone of Priceville gave a short speech. Mr. Dan McDonald a comic speech and Rev. J. Humphrey an excellent address on How, What, and When, to read. He condemned trashy novels, too much fiction, too little attention to history, biography, philosophy and religion, he advised reading good books especially the Bible, digesting what is read and outting it into practice. He showed a mastery of his subject, and everyone was pleased and profited. He after wards presented the prizes and the young folks went home happy.

A special feature of the evening was clubswinging by Miss McCannel, and when done, as skilfully as we saw it that evening, it is, as the Chairman, W. L. Dixon remarked, one of the most graceful and useful accomplish A collection in aid of the School amounted to \$3:75. It was after 11 p. m. when the assembly dis persed and the young men led their sweethearts home.
